Gardening Instructions Free

We are not satisfied to only sell you good seeds, we also want to see you have the finest garden in your neighborhood as this is the best "ad" we can have. At considerable expense we have gotten up complete cultural instructions for both Vegetables and Flowers which we send free when requested with every order. You will get much valuable information from these instructions.

The Specialties on this Page Free with Orders

GUINEAU GOLD

LUPINES

GOLDEN GLEAM

JUNG'S FREE SEEDS

For many years we have given our customers seed novelties of choice Flowers and Vegetables which has met with much approval. This year again we offer you some very choice Premiums as listed on this page.

For each 25c worth of seeds ordered you may select 1 pkt. but not more than 6 pkts. to any one customer. FREE SEEDS must be selected from varieties listed on this page and positively cannot be selected from any other part of catalog.

Best of All Beet

If you like Beets that are sweet, tender and of deep red color, with no light colored rings or zones you will be delighted with this fine new Beet. The Beets are smooth, even in size and shape and grow almost round as a ball.

Imperator Carrot

A new and highly desirable carrot as it combines large size, desirable color and finest table quality. The carrots are very attractive, with a deep orange skin and flesh of the same color throughout. The flesh is crisp and tender, with a sweet, delicate flavor. A highly desirable carrot.

Early Surehead Lettuce

Plant this Lettuce and you will agree with us that it is a "gem." It is ready to use early and sure to form heads. Outer leaves are light green while the center or heart bleaches to a rich creamy yellow.

Golden Glean Double Nasturtium

The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth, they commence to bloom early and remain in flower until hard frosts. The large golden flowers 2½ to 3 in. across are borne on long stems and have a delightful odor.

Guinea Gold Marigold

Another new flower of rare beauty and deserving a place in every flower garden. Plants grow to a height of 2½ ft. and when in full bloom are a solid golden dome. Flowers are large in size, very double and a brilliant orange color overlaid with gold. You will be delighted with this excellent Marigold.

Giant Annual Lupines

A new and highly improved strain of Lupines, growing 3 to 3½ ft. tall and producing four to six long flower spikes to a plant. Lovely shades of blue, lavender, rose and white. Start the seed early and they will bloom from Aug. until hard frosts.

Jung's Special Premiums

Giant Rainbow Gladioli

Sure to Bloom. Gorgeous Colors
Giant Flowers on Stems 3 to 4 ft. Tall

We grew an unusually fine crop of these beautiful gladioli the past season and are pleased to share the bounty with our customers, for this reason we have placed them on this premium page. We know you will be highly delighted with the size, beauty and glorious color of the flowers, many of them will grow 3 to 4 ft. tall and produce flowers 4 to 5 in. across with six to eight flowers open at one time. If your order amounts to \$1.50 you may have 3 of the bulbs free, 6 bulbs with a \$2.00 order, or 12 if your order is \$4.00 or more, see coupon below.

Spirea Van Houttei or Bridal Wreath

Absolutely Hardy. Always Grows and Blooms.
Not Bothered by Insects.

One of the most popular shrubs and you can always find a place for a few more of the beautiful bushes. It grows 5 to 6 ft. tall, the branches droop very gracefully and when in full bloom one of these bushes is a great mass of snowy whiteness. The foliage is very beautiful, dark green in color and finely cut, making the bush attractive even when not in flower. We have grown a nice field of these shrubs and want you to have some as a special premium from Jungs'. If your order amounts to \$2.00 or more you may have one of these fine shrubs free, 2 with an order of \$4.00 or more, see coupon below.

Instructions on Ordering

With each catalog we enclose an order sheet and self-addressed envelope. Be sure to write your name and address on order sheet. After writing down the list of articles wanted place same, together with remittance in the envelope. Remittance may be made by Money Order, Bank Draft or Check, amounts of 50c or less may be sent in clean postage stamps. You will be surprised how easy it is to make out your order and how soon the seeds will reach you after the order is sent in.

WE PREPAY DELIVERY CHARGES AS FOLLOWS:

Except where noted we pay the postage on all seeds offered by the packet, ounce, quarter-pound, pound, half-pint, pint, and quart; also on all bulbs and plants offered in quantities up to 1,000. On plants in lots of 1,000 or more purchaser pays charges. On seeds offered on wholesale page, also farm seeds and potatoes in quantities of over 3 pounds we do not pay charges.

WE GUARANTEE SAFE DELIVERY

If any parcel of seeds, plants or bulbs reaches you in bad condition advise us at once and we will refill the order free of charge or refund your money. Also if any goods you receive from us are not satisfactory in every way they may be returned and your money will be refunded.

ORDERS ARE FILLED PROMPTLY

We usually fill orders the day they are received. This applies to orders for seeds that can be sent at any time during the winter. If the order includes potatoes, onion sets, plants, etc., which cannot be safely sent in cold weather, we are obligated to hold the order until it is safe to ship.

OUR RESPONSIBILITY

You are absolutely safe in sending your order to us. Any seeds that are not satisfactory upon arrival may be returned and your money will be promptly refunded.

We refer you to any commercial agency, the Dairyman's State Bank or the postmaster at Randolph, Wisconsin.

DISCLAIMER

The J. W. Jung Seed Co. gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants it sells and will not be responsible for the crop.

NOTICE

All prices herein quoted are subject to any sales or processing taxes that may be imposed by any federal, state or other governmental agency.

10c Cash Coupon

We try to fill all orders within 24 hours after they are received but very often during the planting season this is impossible.

As a special inducement to have you send in your orders early this coupon will be accepted the same as 10c CASH on any order amounting to \$1.00 or more received on or before March 20, 1934.

J. W. JUNG SEED CO.

Void after March 20, 1934

Special Premium Coupon

On this page we have listed some specialties which we know will delight and please you. In appreciation of any orders you may send us we want you to have some of these premiums.

If your order amounts to \$1.25 you are entitled to 3 of the Gladioli, if it amounts to \$2.00 or more you may have either a Bridal Wreath or 6 of the Gladioli, while if it amounts to \$4.00 or more you may have 12 Gladioli or 2 Bridal Wreath. Each order is entitled to only one premium. Return this coupon with your order and state below which premium is wanted.

Jung's Wholesale Prices on Garden Seeds

As is the custom with most seedsmen we make special prices to market gardeners or those planters requiring seeds in large quantities. These seeds are of the highest quality being grown by us or growers who have made a specialty of producing high grade pedigreed seeds. Quality considered we believe you will find our prices very reasonable. Remember it costs more to produce good seeds but they are also worth more when the resulting crop is taken into consideration. Without good seed the

best land and cultivation cannot yield you a profitable crop.

Please Notice

At the prices quoted on this page we do not pay shipping charges, please state on your order whether we should ship by freight or express. We cannot fill any orders at these prices unless it amounts to \$3.00 or more. All prices subject to change.

NOTE—Half bushels may be ordered at bushel rates, half lbs. at lb. rates.

Highest Quality

Reasonable Prices

Randolph, Wis., Jan 1, 1934.

To Our Friends and Customers:-

For 27 years we have been growing and selling seeds, plants and shrubs, and during this time we have grown from a very small business to a point where our products are now planted in all parts of the United States as well as many foreign countries.

From the very beginning the first consideration has always been "Quality". Our business has been built up on confidence which our customers have in us, the fact that thousands of people buy from us year after year is a source of deep gratification to us, and is the best evidence that our seeds and plants give satisfaction.

We own and operate our own seed farms and nurseries, no expense or effort is spared in the selecting, growing and handling of our seeds and nursery crops, and these superior products are sold at very little more than you are obliged to pay for ordinary goods in many places.

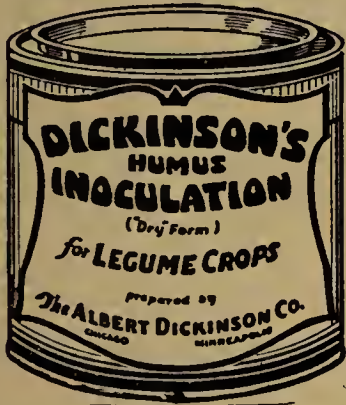

Hereby we also extend our sincere thanks to our many customers for the many orders with which you have favored us the past season, in looking back over the past 27 years we cannot help but feel that a large part of our growth is due to the kind words our customers have spoken to their friends in our behalf, we assure you these favors are highly appreciated.

To those who have not dealt with us before, we wish to state that you may send your orders to us with the assurance that you will get as good seeds, bulbs, plants and shrubs as Mother Nature and human effort can produce.

J. W. JUNG SEED COMPANY

Dickinson's Humus Inoculation

Will Increase Your Crops of
Beans, Peas and Sweet Peas

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crop, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. Garden size will treat up to 5 lbs. of seed. Each 20c.; 3 for 50c. Bu. size for Beans or Peas 60c.

Dickinson's Inoculation for Field Crops

Legume field crops like Alfalfa, Clovers, Field Beans and Peas and Soy Beans are greatly benefited by inoculating the seed and at the reasonable prices at which inoculation is now sold you can hardly afford to take a chance on not inoculating the seed. Dickinson's Inoculation has been on the market for many years and is recognized as one of the standard reliable brands.

1/2 Bu. Size40c 1 Bu. Size60c
5 Bu. Size \$1.75

When ordering always state for what kind of seed or crop inoculation is wanted. Full instructions are always sent with each can or bottle.

Sheps Plant Spray Kills Bugs

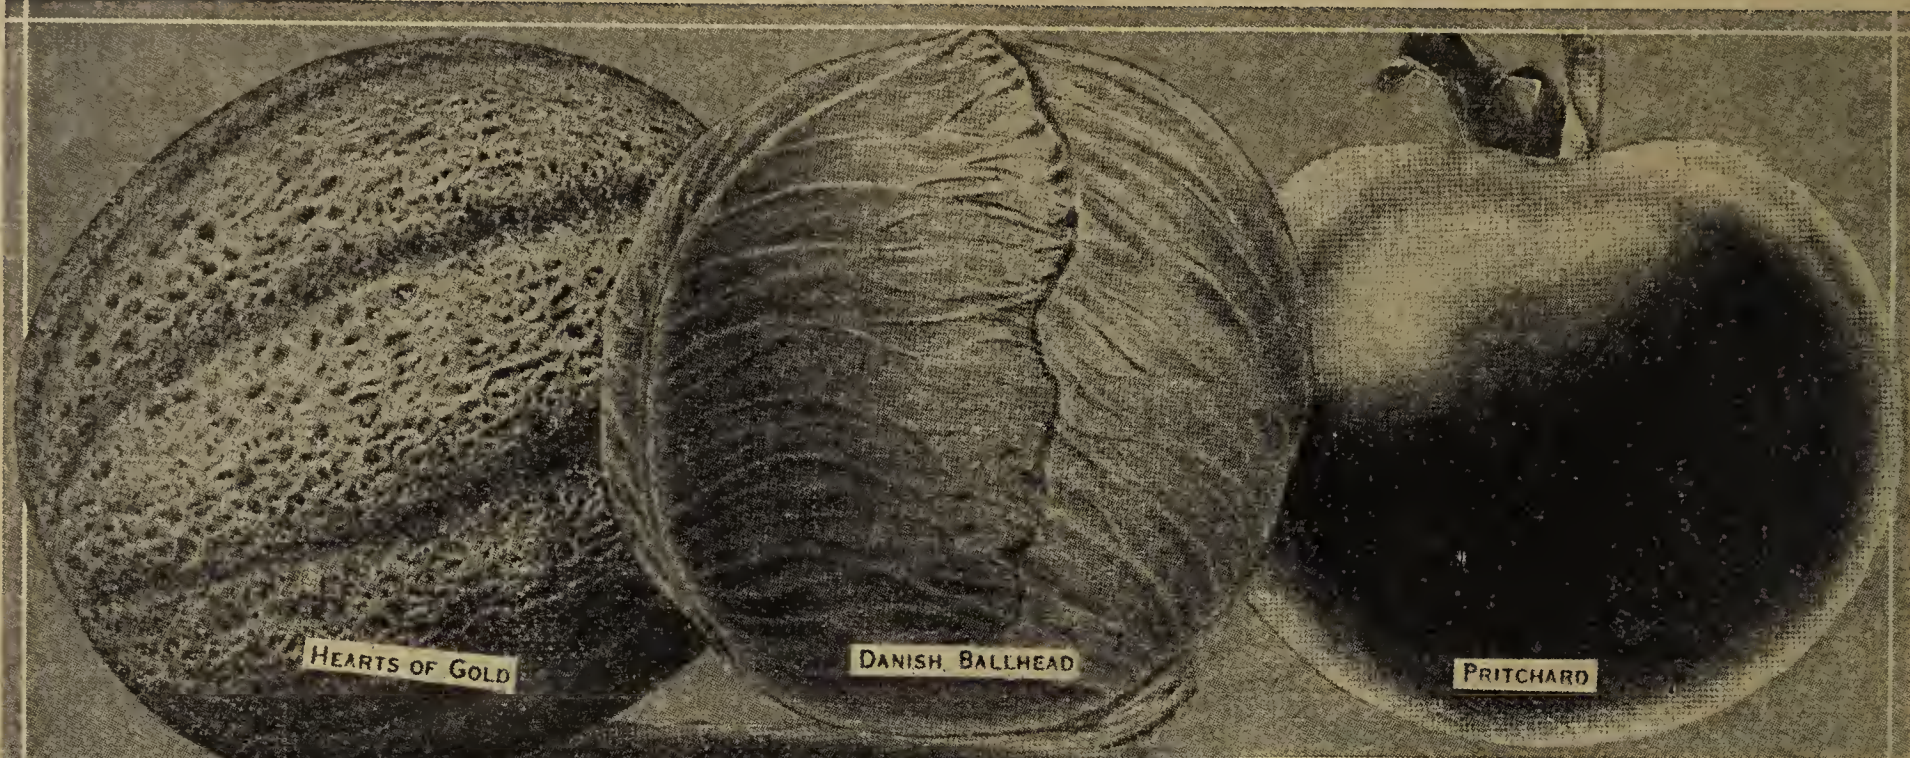

Get rid of destructive insects. Use SHEPS Plant Spray. Kills and controls both sucking and chewing insects but absolutely harmless to humans, birds, animals and pets. Will not "burn" delicate leaves or flowers. Makes green, healthy, lustrous foliage. No soap solution needed—simply mix with water.

Errors or Mistakes

We are only human and will make errors, however, when a mistake does occur we are glad to have our customers write us so that it may be corrected. Always keep a copy of your order to check over the goods when you receive them; often people will write us that they ordered some items which they did not receive but upon looking up their orders we find that the items claimed to be short were not ordered.

On this page we are listing some of our leaders in the garden seed line. Extra care has been taken in breeding and selecting these stocks, you will find them to be as good as it is possible to grow. A trial will convince you of their excellence.

Jung's Select Garden Specialties

Improved Long Green Cucumber

Our select strain of this popular Cucumber is the result of many years of intense selection for a uniform crop of long, straight, dark green fruits. The cucumbers are a rich dark green, grow 12 to 16 in. long and are of the highest table quality. You will be pleased in every way with our strain of this cucumber. Pkt. 8c.; oz. 15c.; 1/4 lb. 35c.; lb. \$1.20.

Jung's Early Fortune Sweet Corn

Gardeners who want both earliness and quality will find this to be an ideal variety. Jung's Early Fortune is not only extra early but it has ears of good size well filled with tender sweet kernels. Market gardeners who wish to have the first sweet corn on the market will make no mistake in planting this variety. The seed we offer was all grown here on our own seed farms and is unexcelled for earliness and quality. Pkt. 8c.; 1/2 pt. 18c.; pt. 30c.; qt. 50c.

Pritchard or Scarlet Top Tomato

This is the best of the disease resistant Tomatoes. The vines are of rugged growth, with abundant heavy foliage to protect the fruits, but do not require pruning or staking. The tomatoes are large in size, very smooth, globe shaped, very solid and a deep scarlet color; tomatoes ripen up evenly to the stem and do not crack. Extra select seed of our own growing: Pkt. 10c.; 1/2 oz. 40c.; oz. 75c.; 1/4 lb. \$1.75; lb. \$6.50.

Danish Ballhead or Hollander Cabbage

This is an especially fine strain of cabbage which for solidity of heads and keeping qualities is unexcelled. It produces medium sized, round heads that are unusually hard and solid making it one of the most popular shipping varieties grown. If you grow cabbage for shipping or storing for winter use you will be delighted with our strain of this cabbage. Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.; 1/4 lb. 85c.

Select Hearts of Gold Musk Melon

Many years of time have been spent in breeding up our strain of this fine melon and we know that for uniformity in size and shape, handsome appearance and superb quality it stands at the head of the list. The melons are almost round, heavily netted and make excellent shippers. The flesh is very thick, deep orange color, fine grained and of delicious sweet flavor. Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.; lb. \$1.40.

Special Prices

Quantity prices on these specialties as well as other select garden seeds will be found on 2nd page of catalog.

The Leading Early Shipping Melon "Hales Best"

A select strain of this fine extra early melon of which we are very proud. One of the earliest salmon fleshed cantaloupes. Melons are nearly round, 6 to 6 1/2 in. long, densely covered with heavy netting. The flesh is very thick and fine grained, unusually sweet and tasty. One of the best early shipping melons. Extra select seed saved only from selected melons: Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.

HALES BEST

Golden Nugget Onion Sets

The ideal onion set for people who wish to grow large onions that will keep throughout the winter. These sets will produce beautiful deep yellow, globe-shaped onions that are remarkably good keepers, planted on rich soil and given sufficient room onions weighing one pound can be grown. In our trials the past summer not one set threw any seed stalks. Our stock of these new onion sets is limited, order early. Pt. 25c.; qt. 40c.; 4 qts. \$1.30.

GOLDEN NUGGET

JUNG QUALITY GARDEN SEEDS

In the following pages you will find a complete but select list of both new and standard varieties of seeds, varieties which have been carefully tested and which we can fully recommend. All of these seeds are grown from carefully selected stocks and great care has been used to keep them pure; all have been carefully tested for germination. We make quality the first consideration for we know that without good seeds you cannot raise a good crop. Quality considered you will find our prices very reasonable.

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.75.

For prices on Asparagus Roots see page 31.

WASHINGTON ASPARAGUS

Full Measure Green Pod

A well named bean as it is one of the heaviest yielding and better round podded bush beans. It grows large vigorous bushes that bear a heavy crop of pods and are free from disease. Pods are round 5 to 6 in. long, very fleshy and tender and absolutely free from strings. You will be delighted with both quality and yield of this fine bean. Pkt. 8c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 60c.

WAX Bush Beans

Jung's Extra Early Wax A splendid variety which combines extreme earliness, fine quality and will produce a fine crop of pods under conditions that would ruin most other varieties. Pods are flat, 5 to 6 inches long, very fleshy and stringless. You will be delighted with this splendid bean. Pkt. 8c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 60c.

Brittle Wax

The Earliest of ALL BUSH BEANS. Of such excellent quality that it might be termed "best of all."

The plants are very hardy and vigorous, of true bush growth, about fifteen inches high and heavily laden with the long, straight, round and very solid pods, from five to seven inches long. The pods are of a rich golden color, very tender and entirely free from strings at all stages of its growth. It will stand longer than any other bean without becoming hard. The pods are unexcelled for snapshots, having seeds showing only a black dot at the eye. Any pods allowed to ripen will be readily saleable as winter beans. Include this great bean in your order. Pkt. 8c.; $\frac{1}{2}$ pt. 25c.; pt. 35c.; qt. 60c.

BUSH BEANS

The Seed Beans we offer are practically all of our own growing. They were produced from select stock seed, were thoroughly rogued and hand picked. You will find that our Northern Grown Beans will be ready to use earlier and also bear heavier crops of pods than the ordinary commercial stocks.

We have harvested an unusually fine crop of Seed Beans this year and are offering them at very reasonable prices.

GIANT STRINGLESS GREEN POD

Giant Stringless Green Pod

Here is an absolutely stringless, giant podded bush bean. It combines extreme earliness, unusual hardiness and great productiveness. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 8c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 60c.

BRITTLE WAX

REFUGEE BUTTER WAX

It will

PENCIL POD WAX

PERFECTION GOLDEN WAX

WAX BUSH BEANS

Continued

Refugee

One of the heaviest yielding wax Bush Beans, also one of the surest croppers. Many times when all other varieties were a failure, Refugee yielded a heavy crop. It is a very early variety, having withstood frosts which seriously checked other varieties. The bushes are literally covered with fine transparent yellow pods which are from 4 to 5 inches long, remarkably tender and brittle and it has no strings whatever. Plant it once and you will want it every year. Pkt. 5c.; 1/2 pt. 18c.; pt. 30c.; qt. 50c.

Pencil Pod Wax

We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 inches high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 60c.

Perfection Golden Wax

A very fine wax or butter bean that combines quality and yield. Bushes grow large and vigorous, are very resistant to disease and produce the handsome pods in great profusion. Pods are 5 to 6 in. long, very fleshy, round, absolutely stringless and very brittle. A very profitable variety for the home or market garden. Seed is pure white. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

Jung's Fairfield Wonder Wax

Without a doubt the finest Wax or Butter Bean ever introduced. It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods, which are from 6 to 9 inches long, one-half inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 10c.; 1/2 pt. 25c.; pt. 35c.; qt. 60c.

FAIRFIELD WONDER WAX

WONDER BUSH LIMA

Wonder Bush Lima Bean

A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne more to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 65c.

Henderson's or "Baby", Bush Lima

The earliest of all Lima Beans, by planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost; they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stalks; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 60c.

HENDERSON'S BUSH LIMA

POLE BEANS

Henderson's Early Leviathan Lima

This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 7c.; 1/2 pt. 25c.; pt. 35c.; qt. 60c.

EARLY IDEAL

Early Ideal

A new pole bean that will please you in every way. Fully a week earlier than the Old Homestead and one of the heaviest yielders. Pods are 5 to 6 in. long, round, slightly curved, stringless when young and are borne in clusters of 5 to 6 pods; very tender, meaty and of excellent quality. You will be delighted with the earliness, quality and productivity of this fine pole bean. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 60c.

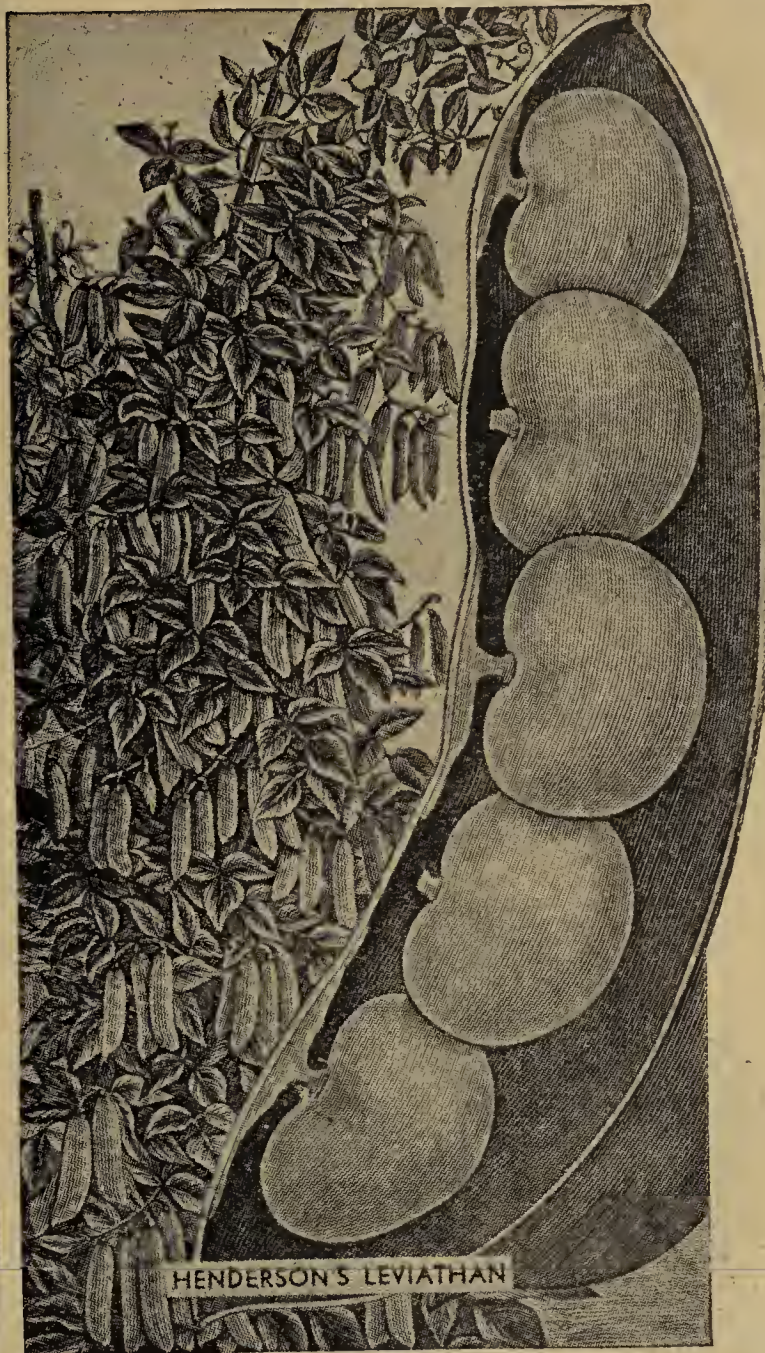

SNOWFLAKE OR 1200 TO 1

IMP. KEN. WONDER

Improved Kentucky Wonder

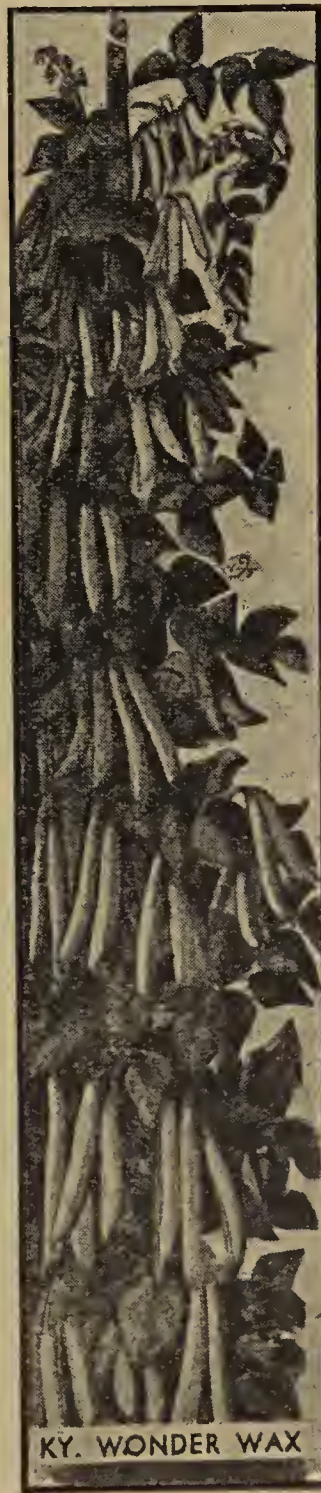

One of the earliest and best green-podded pole beans. Its wide popularity is well deserved as it is enormously productive, the pods hanging in great clusters from top to bottom of poles. Pods are 9 to 10 inches long, entirely stringless and cook up rich and buttery. A very sure cropper and may be planted with corn. Pkt. 7c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

HENDERSON'S LEVIATHAN

Kentucky Wonder Wax

The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 60c.

KY. WONDER WAX

Special Offer No. 1

You can assure yourself a continuous supply of crisp and tender beans by planting the following:

Refugee Butter Wax	Fairfield Wonder Wax
Imp. Kentucky Wonder	Giant Stringless Green Pod
1 Pkt. of each for 25c.	1 Pint of each for \$1.25.
1/2 Pt. of each for 80c.	1 Qt. of each for \$2.25.

FIELD BEANS

Snowflake or 1200 to 1

Ripens Early. Immense Yielder. Handsome Appearance. Unequalled for Soups or Baking. We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. Pkt. 7c.; 1/2 pt. 17c.; pt. 25c.; qt. 45c.

The cabbage seed we are offering was grown from selected stock and the heads were all carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 plants.

JUNG'S SELECT CABBAGE SEED

Extra Early Golden Acre

A wonderfully fine, extra early round headed cabbage, being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and every one just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 45c.; $\frac{1}{4}$ lb. \$1.25.

Extra Early Express

POSITIVELY THE EARLIEST CABBAGE ON EARTH

There are few loose leaves and it forms a head of good size and fine quality. It can be planted close; always yields a large crop. A fine variety for shipping as the heads remain solid for a long time. It is a beautiful appearing cabbage, being of fine color and general uniformity. Also called "Lightning" and other fancy names by some seedsmen. Pkt. 8c.; $\frac{1}{2}$ oz. 15c.; oz. 25c.; $\frac{1}{4}$ lb. 75c.

Sel. Early Jersey Wakefield

The standard pointed-headed Cabbage throughout the United States. The heads are

uniformly hard and solid and are pyramidal in form, generally pointed at the end with few outside leaves. The outside leaves are unusually thick and heavy and it is thereby enabled to withstand more cold weather without injury when carried through the winter. Having but few outside leaves it may be planted close so that more heads can be grown to the acre than with other sorts. It is exceedingly tender, fine grained and as a cropper no early cabbage can approach it. Size is ideal for marketing. Pkt. 5c.; $\frac{1}{2}$ oz. 15c.; oz. 25c.; $\frac{1}{4}$ lb. 65c.

Allhead Early

This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully one thousand more than is usual with large cabbage can be grown to the acre. Pkt. 5c.; $\frac{1}{2}$ oz. 15c.; oz. 25c.

Surehead

Sureness in heading and regularity in growth have placed this at the top of the list, and we have no fear in using words of praise too high for its merits. It forms large, hard, solid, flattened heads, uniform in shape and color and of handsome appearance. It has a very short stem and is a compact grower. It is as natural for this cabbage to form a head as to form leaves and reports of 99 marketable heads from 100 plants are of frequent occurrence. Nobody will be disappointed in our strain. Pkt. 5c.; $\frac{1}{2}$ oz. 12c.; oz. 20c.

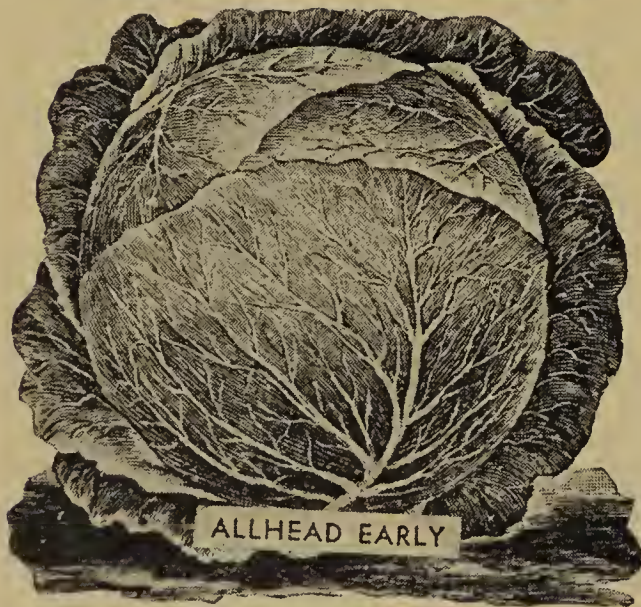

Disease Resistant Ballhead

This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 8c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.; $\frac{1}{4}$ lb. \$1.25.

Select Flat Dutch

It makes a large round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sort for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for giving unbounded satisfaction. Pkt. 7c.; $\frac{1}{2}$ oz. 12c.; oz. 20c.; $\frac{1}{4}$ lb. 65c.

Protect your cabbage from worms and insects by using Shep's Plant Spray. See page 1.

DANISH BALL HEAD

PERFECTION SAVOY

RED DRUMHEAD

CABBAGE--Continued

Perfection Savoy This is the hardest heading and best all-round SAVOY. Plants are of strong growth, having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blanchd and of the finest flavor. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 60c.

Red Drumhead This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from seven to eight inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.; 1/4 lb. 70c.

Jung's Select Danish Ballhead or Hollander

A Grand Hard Headed Cabbage

This type of winter cabbage has become very popular of late years on account of its **UNEQUALED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round, compact heads, exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequaled being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.

Special Offer No. 2

For a good supply of fine cabbage plant the following varieties:

Early Jersey Wakefield

Allhead Early

Surehead

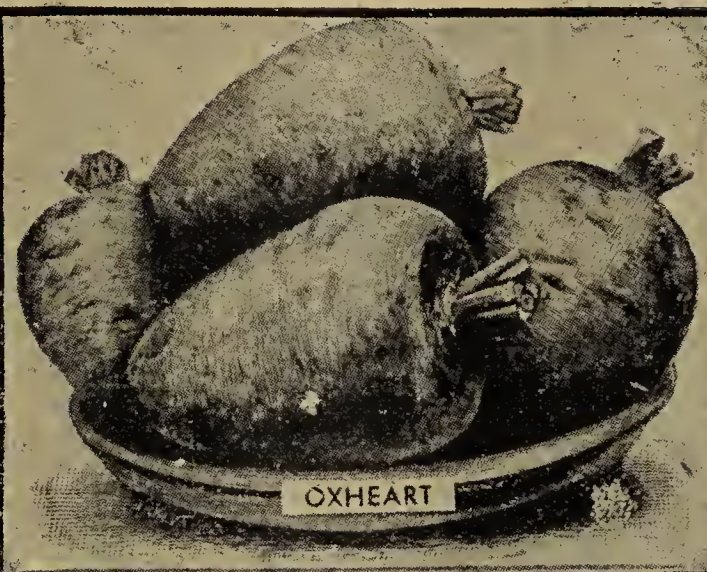

Danish Ballhead

1 Pkt. of each for 25c.

1/2 oz. of each for 60c.

JUNG'S FIRST OF ALL

OXHEART

GOLDEN GIANT

CARROTS

Oxheart

A handsome half-long cylindrical stump-rooted carrot of good size and of a rich orange color. It grows to a large size, is smooth and the flesh is very close in texture with little core and a small taproot. It is a good carrot for all soils and under good cultivation it has yielded 20 to 25 tons per acre. It is very easily harvested. Pkt. 5c.; oz 12c.; 1/4 lb. 40c.

Coreless or Early Market

A wonderfully fine carrot both in appearance and quality. Roots grow very smooth, 6 in. long by 1 1/4 in. in diameter; they are a deep orange color, free from woody core and of the highest table quality. Pkt. 7c.; oz. 15c.; 1/4 lb. 50c.

Golden Giant

GIANT SIZE. FINEST QUALITY
IMMENSE YIELDER

This fine carrot combines large size, handsome appearance and superior quality. Planted in rich mellow soil they will grow to weigh 3 to 4 lbs. and although of such large size they are of the finest quality, tender and free from core and stringiness. They are of a deep orange color, show no green around the top and always command top prices. A very profitable market variety. Pkt. 8c.; oz. 15c.; 1/4 lb. 55c.; lb. \$2.00.

Chantenay

This variety is desirable in all respects. It is stump-rooted and therefore very easily dug. Roots are very smooth, fine in texture. For table use it is considered to be the best of all, both on account of shape and quality. It is a heavy cropper and of a beautiful orange color. Undoubtedly one of the best for both the market and private garden while its great productiveness makes it very desirable as a field sort. Pkt. 5c.; oz. 15c.; 1/4 lb. 45c.

CHANTENAY

Jung's First of All

A remarkable handsome Carrot that is ready for use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. Pkt. 7c.; oz. 15c.; 1/4 lb. 45c.

CARROTS--Continued**Danvers Half Long**

A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens; especially for hard or stiff soils where longer varieties will not thrive. Pkt. 5c.; oz. 13c.; ¼ lb. 45c.

FIELD CARROT**Large White Belgian**

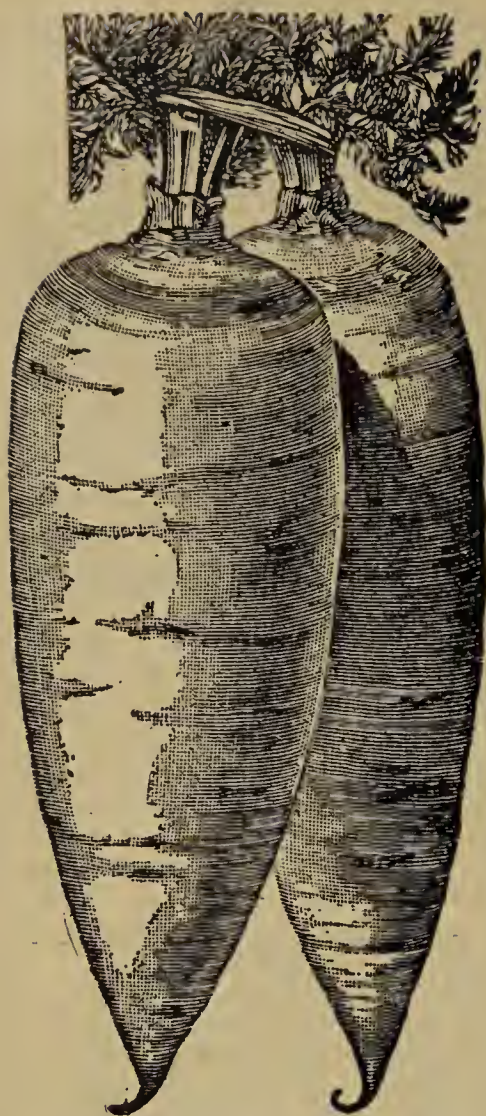

This is the largest yielding stock carrot grown. Nearly half its length grows above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

COLLARDS**True Georgia**

A tall loose form of Cabbage grown in the South as a substitute for cabbage and extensively used here for stock feeding. It continues in growth and is usable all winter. Hardier, easier to grow and can be grown in poorer soil than cabbage. Pkt. 5c.; oz. 15c.; ¼ lb. 40c.

DANVERS HALF LONG

LARGE WHITE BELGIAN

How to Grow Fine Vegetables and Beautiful Flowers

is the title of a booklet containing complete and simple instructions on growing all the different vegetables and flowers. These instructions were written by J. W. Jung from experience gained by actually growing vegetables and flowers. You will get much valuable information therein. A copy will be sent free, if requested with every order of 25c or more.

FOR QUANTITY PRICES SEE PAGE 2

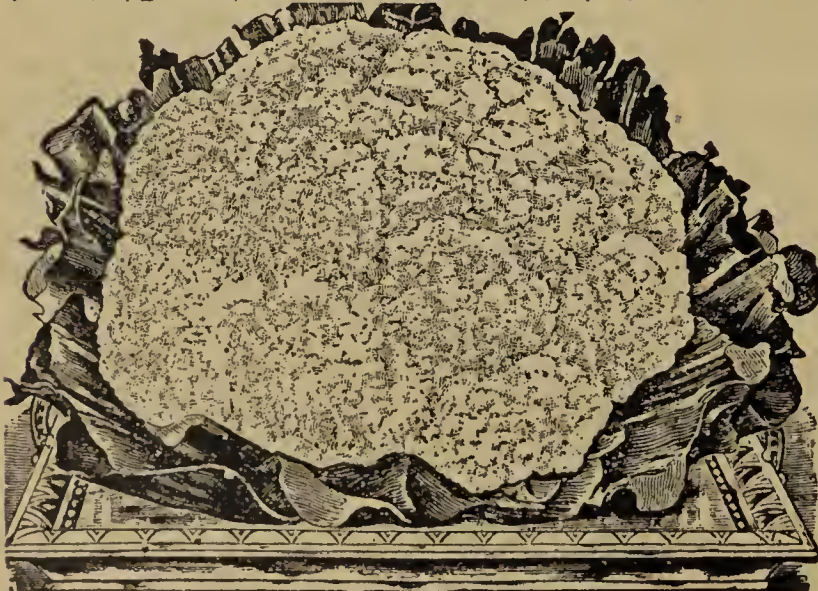

SUPER SNOWBALL

PEDIGREE SNOWBALL

DRY WEATHER

Super Snowball

This outstanding new cauliflower may well be called "the best of all". It is an early variety with large solid heads and show a uniformity of size, shape and type not found in any other variety. Plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as protection to the snowy white heads. Heads are solid, pure white, extremely solid and show no foliage between the curd. Select Seed: Pkt. 20c.; ¼ oz. \$1.00; ½ oz. \$1.75; oz. \$3.00; ¼ lb. \$8.00.

AUTUMN GIANT

CAULIFLOWER

Pedigree Early Snowball

For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, six to ten inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large sorts for fall use, being much finer in quality and the one cauliflower that is absolutely certain to head when conditions are ordinarily favorable. The heads are so solid, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 15c.; ¼ oz. 75c.; ½ oz. \$1.40; oz. \$2.25.

Dry Weather

Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Preeminently the best early variety for market gardeners in sections which are not especially adapted for cauliflower. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not liable to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 12c.; ¼ oz. 75c.; ½ oz. \$1.25; oz. \$2.00.

Autumn Giant

A splendid cauliflower for late summer and fall. It produces very large, compact heads, rich creamy white in color and of the finest quality. Heads are well protected by foliage and remain fit for use a long time. Pkt. 10c.; ½ oz. 45c.; oz. 75c.

A Wonderful New Celery Golden Plume or Wonderful

This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large solid hearts. Specimen stalks have been grown 2 ft. tall and 4 1/4 in. thick. Has been blanched in the remarkably short period of 5 days. Select Seed: Pkt. 10c.; 1/2 oz. 25c.; oz. 45c.; 1/4 lb. \$1.60.

Emperor

An excellent celery for fall and winter use; of true dwarf growth, having a very large heart, solid and of finest nut flavor. Being of dwarf growth, 15 to 18 inches tall, it is much easier to blanch than the taller varieties. The stalks are smooth, very thick, round and crisp, blanching to a light golden color. An especially good keeper. Pkt. 8c.; 1/2 oz. 12c.; oz. 25c.; 1/4 lb. 90c.

WHITE PLUME

A Well Kept Garden Pays Big Dividends

Few things will pay greater returns on time and money invested than a well kept garden. The cost of the seeds is not a great expense and there is no comparison between vegetables fresh from your own garden and those bought on the market. Some flowers among your vegetables will add cheer to your garden and give you flowers for your table from summer until hard frosts.

How to Grow Celery

and all other Vegetables and Flowers is written in detail in our booklet on Vegetables and Flowers. A copy is sent free, if asked for with every order of 25c or more.

CELERY

Golden Self Blanching

The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, crisp, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanched to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. Pkt. 8c.; 1/2 oz. 25c.; oz. 45c.

Easy Blanching

A new celery of special merit. Strong and stocky in growth with light green foliage, showing a yellowish hue. The stalks are large and heavy, solid, crisp, tender and of a most delicious nut-like flavor. The creamy-yellow hearts are exceptionally large and firm and of handsome appearance. It is easily and quickly blanched. Due to the solidity of the stalks it is an excellent keeper and may therefore be grown for fall and winter use. Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.

White Plume

This is the earliest and most easily blanched celery. The plants grow rapidly and blanch easily during the summer months. Later in the fall the central stalks and leaves are of pure snowy whiteness even without earthing up; but stalks should be gathered together and earthed up as in the other varieties so as to produce close, attractive bunches. As for succulence, crispness and quality the White Plume is unequalled. Pkt. 5c.; 1/2 oz. 15c.; oz. 25c.

EASY BLANCHING

VINE PEACH

Grows on a vine the same as a melon. The fruit has the size, shape and color of an orange. The flesh is snow white and makes excellent preserves or sweet pickles, may also be sliced and fried like egg plant. Vines are quite hardy and productive. Fruit will keep a long time after picking. Pkt. 5c.; 3 pkts. 10c.

Oliver Porter, Ticonderoga, N. Y.—
We had all of our seeds from you last year and had a wonderful garden.

Ground Cherry True Yellow

These plants are low and spreading and produce their luscious fruits in great abundance. Excellent for pies and makes delicious preserves as the fruit has a strawberry flavor. May also be dried in sugar like raisins and figs. Of easy culture and will succeed in most any garden. Pkt. 5c.; 3 pkts. 10c.

Mrs. David Ives, Davison, Mich.—
The seeds I got from you surely did grow. They beat any I have ever tried.

GROUND CHERRY

Japanese Climbing

A fine cucumber for small gardens as you can grow them on a trellis or fence; also an excellent variety to grow like other varieties. Comes into bearing quickly and is very prolific, as many as 40 fruits having been grown on a single vine. Full grown fruits will measure 12 to 16 inches long. Flesh is pure white, tender and of delicate flavor. When young the fruits make very attractive pickles. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.

CUCUMBERS

Chicago Pickling

The most popular and widely grown pickling variety. The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness when pickled. Quality excellent. Pkt. 5c.; oz. 15c.; ¼ lb. 35c.

WHITE WONDER

E. Allmandiger, Brooktondale, N. Y.—We were very much pleased with your seeds last year. We never had a better garden before.

Maude Douden, Bayfield, Wis.—I haven't enough words of praise for your seeds and shrubs, had the best garden in my community in 1932, never planted better seed, so you can count me a steady customer.

Mrs. L. A. Woodruff, San Antonio, Texas.—Your seeds are very fine, they all grow.

CHICAGO PICKLING

White Wonder

A wonderfully good slicing cucumber. In color it is a beautiful pure snow white. Grows to good size, usually 8 to 10 inches long and is very uniform. In season almost the same as White Spine but keeps in eatable condition longer. Its smooth, clear surface makes this an ideal pickle. The firm crisp flesh with its pleasing flavor is just right for slicing or in salads. WHITE WONDER furnishes you Quantity and Quality. A packet of seed yields Cucumbers in abundance for canning, pickling and slicing. Pkt. 5c.; oz. 15c.; ¼ lb. 50c.

Gardeners Prices-Page 2
Special Premiums-Page 1

EARLY FORTUNE

Early Fortune This variety is exceedingly productive and is distinguished by its vigorous growth and large healthy leaves making it less susceptible to disease than other varieties. The fruits are very uniform in size and shape and rich dark green in color; this color does not fade when shipped a long distance. As a pickling variety EARLY FORTUNE IS ONE OF THE BEST VARIETIES as the fruits are so uniform. Pkt. 5c.; oz. 15c.; ¼ lb. 35c.

Earliest of All This is a very early variety and extremely prolific. If the fruits are kept gathered, vines will continue in bearing throughout the season. The fruits are of a rich dark green color and average 4 to 5 inches in length. Owing to its productiveness it is a fine variety to plant for producing small pickles. Pkt. 5c.; oz. 15c.; ¼ lb. 35c.

EXTRA EARLY WHITE SPINE

Extra Early White Spine A dark green handsome cucumber, often attaining a length of 12 inches and straight and attractive in shape. It makes a hard, brittle pickle when small and a grand table variety when large. Excels in earliness, often ready for slicing when other crops are only pickles. Vines are vigorous growers and bear large crops. It makes a valuable variety to plant for early markets. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.

Rid your cucumbers of striped bugs with Shap's Plant Spray.
SEE PAGE 1

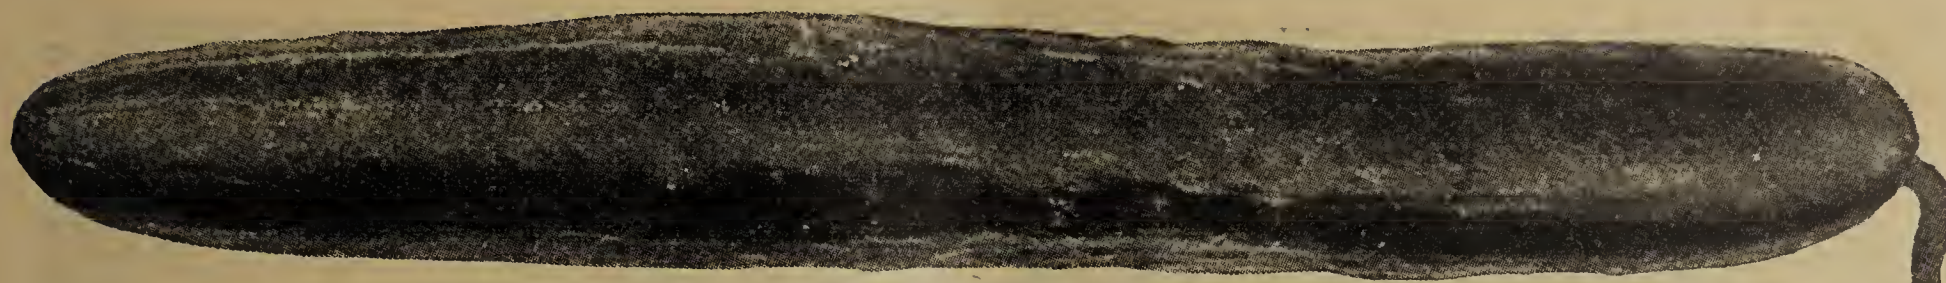

Everbearing By planting this variety you can have cucumbers ready to use when most others are only in blossom. Not only is it extra early but it also produces fruit of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. Pkt. 8c.; oz. 15c.; ¼ lb. 40c.

EARLIEST OF ALL

EVERBEARING

JUNG'S FAIRFIELD GIANT

FOUR FINE CUCUMBERS

Jung's Fairfield Giant

THE DARKEST GREEN CUCUMBER IN CULTIVATION.

The vines are unusually vigorous in growth and produce an enormous crop of handsome fruits. They are of a deep green color and grow from 12 to 18 inches long, being one of the handsomest cucumbers grown. When the fruits are from 6 to 8 inches in length or just the right size for slicing, they are practically solid, there being hardly a trace of seed to be found. The pure white flesh is very firm, sweet and crisp and of the finest flavor. As shown in the illustration the fruits are very long and slim, which together with their deep green color will make them bring the top prices on all markets. Pkt. 8c.; oz. 20c.; 1/4 lb. 50c.

Improved Long Green

DEEP GREEN COLOR. EXCELLENT for PICKLING or SLICING.

This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and for making sweet pickles when the fruits are ripe and yellow. Pkt. 8c.; oz. 15c.; 1/4 lb. 35c.

Special Offer No. 3

These five splendid cucumbers will supply you with an abundance of cucumbers for slicing and pickling:

- CHICAGO PICKLING
- EARLY FORTUNE
- DAVIS PERFECT
- WHITE WONDER
- JUNG'S FAIRFIELD GIANT
- 1 Pkt. of each for 25c.
- 1 Oz. of each for 60c

DILL

This herb is used in large quantities in the making of Dill Pickles; also for flavoring vinegar. Pkt. 5c.; oz. 20c.

EARLY PURPLE VIENNA

KOHL RABI

Early Purple Vienna

This vegetable is grown for its turnip-shaped bulb which is grown above the ground. Excellent for soups or cooked in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.

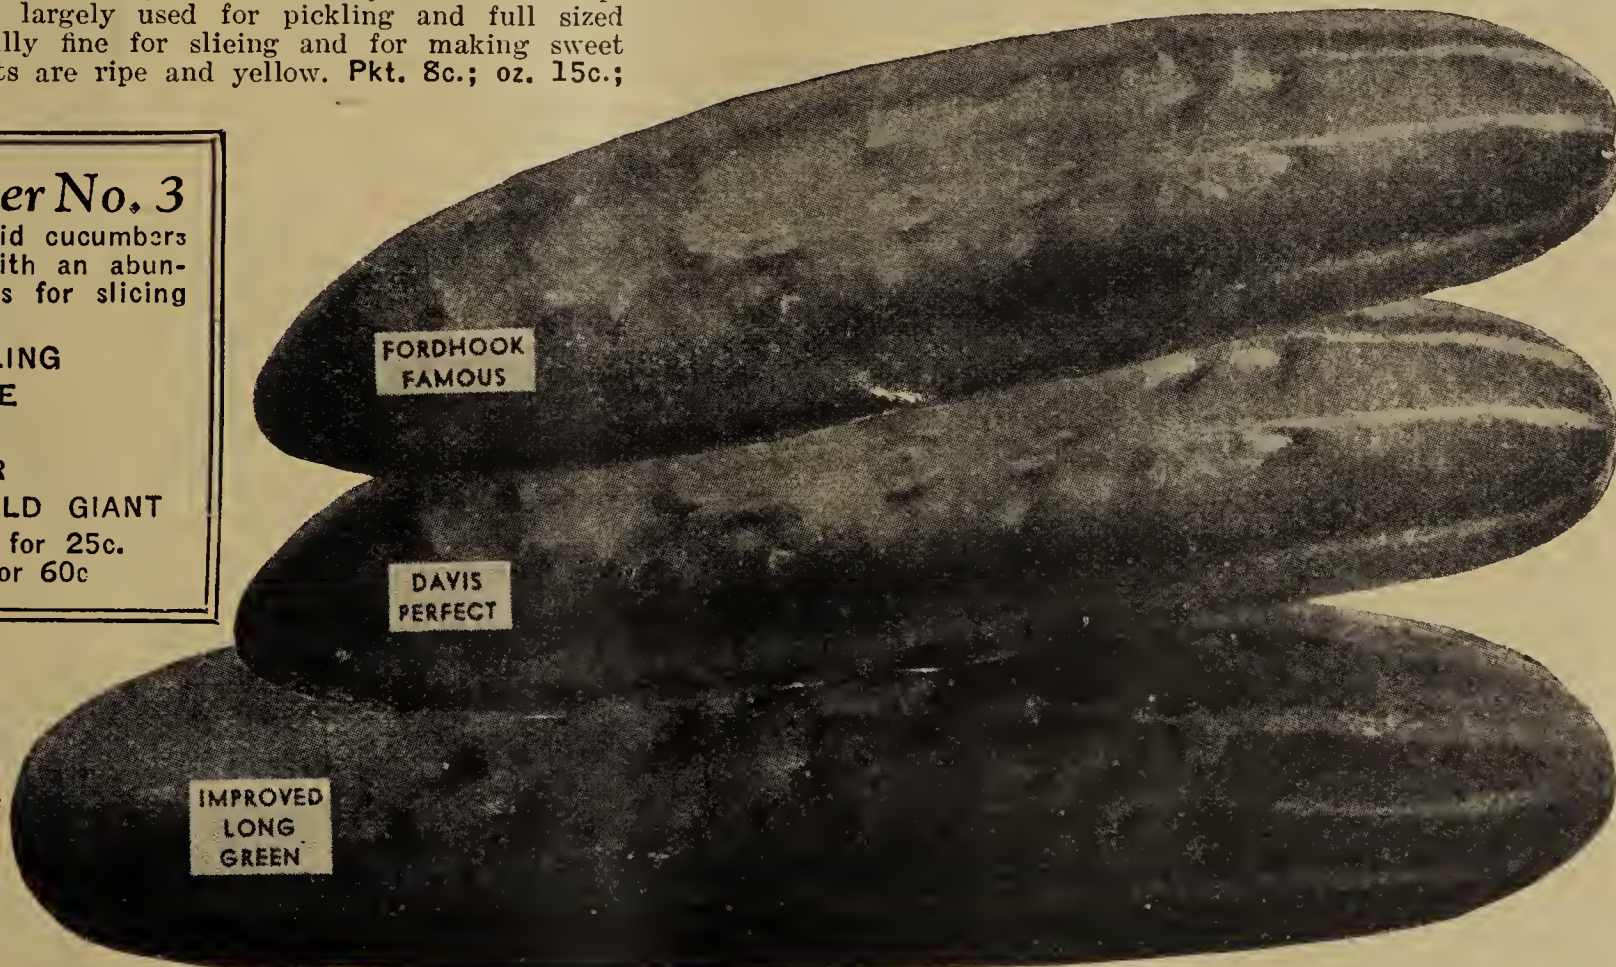

White Vienna

This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about two inches in diameter. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.

Mrs. S. A. Henry, Hammond, Ind.—The seeds from you were all excellent, Wayahead Tomato were fine, Giant Fancy Asters were beautiful and the Early Surehead Lettuce was the nicest we had.

WHITE VIENNA

JUNG'S EXTRA EARLY FORTUNE

Jung's Northern Grown Sweet Corn

Our stocks of Sweet Corn are mostly of our own growing and is of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality plant some of this seed.

Our Sweet Corn is grown on our own seed farms where Stewart's Disease or wilt is unknown.

Jung's Extra Early Fortune

This variety originally came from Canada and at our Fairfield Farm trials it was the earliest of all. There is no product of the garden so eagerly waited for as the first sweet corn of the season. Early Fortune is the real tender, juicy sweet corn ready for use before the summer has really commenced. On account of its extreme earliness, Early Fortune is especially adapted for planting in northern latitudes and in high altitudes where other varieties fail entirely. The stalks do not grow very large but have two and often three unusually large ears. Ears are about seven inches long and well filled with sweet and tender grains. Pkt. 8c.; 1/2 pt. 18c.; pt. 30c.; qt. 50c.

Jung's Extra Early Golden Bantam

The Best, the Largest of all Early Sweet Corns. Retaining its Delicate Tenderness Even When a Little Old. This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits of the earliest planting. The stalks are dwarf in growth averaging four feet in height. The ears are from 5 to 7 inches long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by every one admitted to be the richest flavored Sweet Corn. The small stalks can be planted closely together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness, yield and sweetness is unexcelled. Pkt. 8c.; 1/2 pt. 18c.; pt. 30c.; qt. 50c.

Howling Mob

The largest eared, sweetest flavored early variety in cultivation. This variety is of exceptional hardiness and productiveness. It produces ears of large size, combined with an unusual sweet flavor for so early a corn. The stalks are strong and vigorous, four to four and one-half feet high. The ears are seven to nine inches in length with 14 or more rows of medium sized pearly white grains. The grains are sweet and rich in flavor. Pkt. 7c.; 1/2 pt. 18c.; pt. 30c.; qt. 45c.

Golden or Bantam Evergreen

This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness and tenderness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial. Pkt. 8c.; 1/2 pt. 18c.; pt. 30c.; qt. 55c.

White Evergreen

The Leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowells. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 7c.; 1/2 pt. 18c.; pt. 30c.; qt. 45c.

Special Offer No. 4

The 5 splendid varieties of Sweet Corn listed above will supply your table with tender and delicious sweet corn throughout the season.

1 Pkt. of each variety for 30c. 1/2 Pt. of each for 85c.
1 Pint of each for \$1.25. 1 Quart of each for \$2.45.

GOLDEN
BANTAMHOWLING
MOBWHITE
EVERGREENGOLDEN
EVERGREEN

NEW GIANT POP CORN

Bantam Rice

The Bantam Rice is a dwarf growing corn, a heavy yielder of attractive ears which are very thick and yield an unusually large quantity of shelled corn. The kernels are similar to the best strains of White Rice only they are longer and slimmer and pearly white in color. Its greatest merit, however lies in its superior popping qualities, there being hardly any hull or shell when popped. It is most tender and delicious as it fairly melts in your mouth. It combines both quality and quantity being a heavy yielder and superior to any other in quality. Try it once and you will not be without it again. Pkt. 7c.; 1/2 pt. 20c.; pt. 30c.; qt. 60c.

SPECIAL OFFER—1 Pkt. of each Bantam Rice Pop Corn and Peanuts for 10c.

POP CORN

New Giant

This is the wonderful new pop corn that is so widely advertised and has taken the country by storm, it is outselling all other sorts at pop corn stands. When popped it is nearly twice the size of other sorts, pops out a rich creamy golden yellow and is truly rich and delicious in flavor. Grows a strong stalk, 7 to 9 ft. tall and often 2 ears to a stalk, ears are 7 to 9 in. long. We offer some fine seed grown here in Wis. which we know will please you in every way. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

PEANUTS

Early Virginia

This splendid variety is very desirable because so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them; it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 5c.; pt. 25c.; qt. 45c.

BANTAM RICE

GOURDS

Fancy Mixed

An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c.; 2 pkts. 10c.; 1/4 oz. 15c.

W. H. Allen, Boise, Idaho.—I am placing an order with you for Quality Seeds also true to type. Last year I had good success with the seeds I got of you. At the Bois State Fair I got a number of first and second prizes. They surely are prize takers.

GOURDS

BABY DELIGHT

Two Fine Melons For Small Gardens

Baby Delight or Climbing Water Melon

Persons having small gardens may have watermelons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The vines are very vigorous in growth, the heavy foliage nearly concealing the fruit. The first melons ripen very early and the healthy vines keep on bearing heavily until end of the season. The melons weigh from 4 to 6 pounds, there are no misshapen melons on the vine, all running uniform and marketable. The rich carmine red flesh is always solid and of exceptionally sweet flavor. Pkt. 10c.; 3 pkts. 20c.; oz. 30c.; 1/4 lb. \$1.00.

Henderson's Bush Musk Melon

The Melon for Small Gardens; Require Little Space

The vineless character of growth or "bush habit" of this fine melon is a distinct advantage as it can be grown even in small gardens where room is limited. The plants are very sturdy and vigorous, growing 18 to 24 inches long. The fruits average 4 to 5 inches in diameter and are produced in abundance. The flesh is very deep, edible to the rind, light green in color, lusciously sweet and juicy and of most gratifying flavor. Pkt. 10c.; 3 pkts. 25c.

SPECIAL OFFER—1 Pkt. of each of the above two fine Melons for 15c.

Children's Collection

Give your boys and girls a garden of their own. They will enjoy the work and can grow many of the things they love so much.

1 Pkt. of each of the following for 25c.

NEW GIANT POP CORN
EARLY VIRGINIA PEANUTS
BUSH MUSK MELON
CLIMBING WATER MELON
FANCY MIXED GOURDS

With each collection we will include a booklet on gardening free.

HENDERSON'S BUSH

LETTUCE

**SELECT GRAND
RAPIDS**

MAY KING

ICEBERG

Extra Select Grand Rapids

A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 45c.

Jung's Best of All

A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

Mrs. James Brown, Ray, Ohio.—Your Select Grand Rapids Lettuce and Marglobe tomato simply cannot be beat. They are the finest ever.

Mrs. Henry Grosskreutz, Waldo, Wis.—I surely do like Jung's seeds. I had them last year and had a wonderful garden.

Earliest Wayahead

This is our quickest growing and most attractive extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its earliness makes it the ideal variety for market gardeners as the early heads always bring the best price. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the heads is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. The quality of this variety is unequaled among the early sorts. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

May King May King is not in the least affected by wet or cold weather but produces large, solid heads 10 to 14 days ahead of most other varieties. The plants grow from 6 to 7 inches in diameter with the outer leaves folding closely to form the plant into a solid head. The outer leaves are light green slightly tinged with brown; the inner leaves are light yellow and of a rich buttery flavor. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

JUNG'S BEST OF ALL

Jung's All Cream

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.

New Iceberg

The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick growing and always crisp and tender, whether grown in early spring or in the hot days of summer. The heads are of good size. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

Special Offer No. 5

In order to have a long supply of crisp, tender Lettuce plant the following varieties and make a sowing once each week.

Jung's All Cream

Jung's Best of All

New Iceberg

Earliest Wayahead

1 Pkt. of each 25c.

1 Oz. of each 65c.

Mrs. Beulah Fisher, Elkhart, Ind.—I had many compliments on my garden last summer. We have never used lettuce superior to "Jung's All Cream."

Allheart or Deacon

This magnificent lettuce stands hot weather better than any of the rich butter varieties. Plants make firm heads nearly as large and almost as solid as a cabbage. The heads are light green outside, while the inner blanched portion is cream yellow and of a delicious rich buttery flavor. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

**EARLIEST
WAYAHEAD**

**JUNG'S
ALL CREAM**

ALL HEART

New York or Wonderful Lettuce

Recommended by critical market gardeners as the very best solid heading variety for Spring or Summer months. It will not seald or burn and will make solid heads where all other sorts fail. Very crisp and tender. Produces immense heads as solid as a Cabbage. It blanches beautifully. Crisp, Tender and Delicious. Absolutely Free from Bitterness. The Largest Heading Lettuce of All. It frequently weighs two or three pounds. The head is very solid, of pleasing light green color. As an example of its "standing" properties perfect Lettuces were cut from the same bed for upwards of seven weeks. It is pronounced the finest in cultivation. Pkt. 8c.; 1/2 oz. 15c.; oz. 25c.; 1/4 lb. 80c.

CHICKEN or RABBIT LETTUCE

James E. Smith, Fort Gibson, Okla.—Your seeds are money makers to me.

Oscar Haugh, Wilson, Pa.—Your seeds are the best I ever planted.

N.-Y. or WONDERFUL

Chicken or Rabbit Lettuce

Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.

MUSK MELON

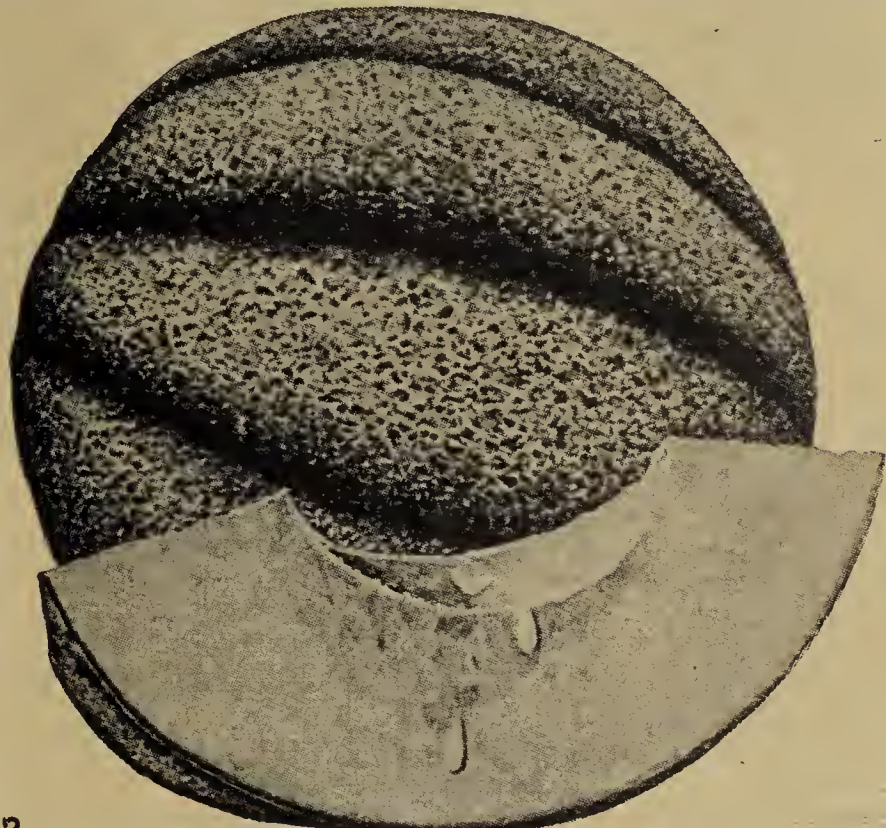

You will find our melon seeds to be unusually fine and true to type. All of the melons are hand selected from crown set fruits and we are confident that better seed cannot be had at any price.

This seed will produce a very superior crop of melons that ripen evenly and are uniform in size and appearance. Try this seed we know you will be more than pleased; our sales of this select seed are increasing every year.

Extra Early Lake Champlain

The Earliest Salmon-fleshed Melon

By far the earliest salmon-fleshed musk melon, in fact one of the earliest melons grown and can be planted in our most Northern states. Combined with its earliness is a flavor and quality that is unsurpassed. Melons medium in size and well netted, flesh very deep, deliciously sweet and deep, golden yellow. This melon combines earliness, productiveness and quality. Very desirable for either home gardens or nearby markets. Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.; lb. \$1.50.

JUNG'S BIG PROFIT

Jung's Big Profit

An excellent main crop, medium to large, oval salmon-fleshed melon. The vines are vigorous and productive. The fruits are slightly oval dark green, slightly ribbed and partly covered with shallow gray netting. The flesh is rich orange-salmon, very thick and fine grained and highly flavored. Of vigorous growth, the foliage is of such firm texture that the vines resist the attacks of insects and blight. It is very prolific for so large a variety, frequently producing as many as ten large melons to a vine. The seed cavity is so small there is no tendency towards cracking open at the blossom end. Extra Select Seed: Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.; lb. \$1.25.

EXTRA EARLY OSAGE

LAKE CHAMPLAIN

Jung's Select Extra Early Osage

Market gardeners who grow melons for profit will find this to be the best to be had in a melon of large size and superior quality. As shown in the illustration the melons are oval shape, skin light green with coarse netting. The flesh is deep orange colored, very thick, deliciously sweet and of superb flavor. The melons are large in size, averaging about 10 lbs. and ripen medium early for so large a melon. A valuable thing about this melon is that they will keep in good condition and improve in flavor for 5 or 6 days after picking. Pkt. 8c.; oz. 12c.; 1/4 lb. 35c.; lb. \$1.25.

W. C. Shanklin, South Charleston, W. Va.—I have been using your seed for several years and like them better each year.

Mr. Thos. Hayes, Edgewood Iowa.—I have used your seed for four years and there are none better.

Three Splendid MUSK MELONS

Do you wish to grow a crop of Musk Melons of superior quality and finest appearance? Then plant Jung's Select seed, saved only from crown set early ripening fruits.

Fight melon bugs with Shep's Plant Spray. See Page 1.

Jung's Select Hearts of Gold

This is a melon of the highest quality, the deep golden salmon flesh is so sweet it will make your mouth water. It is an ideal shipping melon as it has a tough rind, also very desirable for the home garden. The melons are of medium size averaging 5 to 6 inches in diameter, yet they are very heavy because of the thick flesh and small seed cavity. The netting is heavy and dense, extending practically over the entire melon. The vines are vigorous, blight resisting and very productive. Ripens early. Our seed is extra select being saved only from the very best melons. Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.; lb. \$1.40.

Jung's Special Extra Early Knight

Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2 1/2 to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. If you want a firm, solid melon and the first on the market plant EARLY KNIGHT. Pkt. 7c.; oz. 12c.; 1/4 lb. 35c.

New Early Fordhook

The finest flavored and sweetest Musk Melon in cultivation. Fully equal to the Emerald Gem in flavor. So firm is the rough netted skin and so solid the thick salmon flesh that the melons carry to market even better than Emerald Gem. The flesh is very thick, of an attractive deep salmon color and surpassingly sweet to the very rind. The rind, although thin, is unusually firm so that the fruits carry well to market. It is most vigorous in growth. Very early and extremely prolific. Each vine sets from five to nine melons around the stem and frequently touch one another. The melons are very even in size, weighing from 1 1/4 to 2 pounds each. For handsome appearance, extreme earliness, great productiveness and superb quality it is unexcelled. Be sure to give NEW FORDHOOK a trial. Pkt. 7c.; oz. 12c.; 1/4 lb. 35c.

HERBS

ANISE. Used for cordials, garnishing and flavoring. The seeds have an aromatic taste. Pkt. 5c.

DILL. This herb is used in large quantities in the making of Dill Pickles; also for flavoring vinegar. Pkt. 5c.; oz. 20c.

SAGE. Sow in rich ground and thin out the plants to 15 inches apart... Used for flavorings and dressings. Pkt. 5c.

SWEET MARJORAM. The leaves and end shoots are esteemed for seasoning in summer and also dried for winter use. Pkt. 5c.

SUMMER SAVORY. The leaves and flowers are used extensively for flavoring, particularly in soups and dressings. Pkt. 5c.

THYME. The leaves are used for seasoning. Pkt. 5c.

MUSTARD

MUSTARD

Giant Curled

The leaves are large, light green with a tint of yellow, much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardiness and good quality. Pkt. 5c.; oz. 10c.

OKRA

White Velvet

The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 5c.; oz. 10c.

MOSS CURLED PARSLEY

PARSLEY

Moss Curled

The leaves are of an extra dark color. It is very productive and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 5c.; oz. 10c.

Turnip Rooted

This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 5c.; oz. 10c.

WHITE VELVET OKRA

FIREBALL

Fireball

Excellent for the Home Garden or Canning. This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large, and is an excellent variety on this account for fall use as well as for spring. Matures in about 50 days. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 30c.

IMPROVED BLOOD TURNIP

GOLDEN TANKARD

BEETS

Early Model

This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless; very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. Pkt. 7c.; oz. 12c.; $\frac{1}{4}$ lb. 30c.

EARLY MODEL

DETROIT DARK RED

Jung's Select Detroit Dark Red

Detroit Dark Red beet has long been regarded as the standard of excellence. It is very early, nearly as early as Egyptian and greatly surpasses that variety in flavor. The color is rich, dark red and the shape is globular. It is fine grained in texture and has a small top. It is free from side or fibrous roots, being always smooth. It is excellent for foreing; for a main spring and summer crop or for use in winter as it is a good keeper. It cooks sweet, tender and crisp and it is in every way a standard sort for the market or home gardener. Has made a good crop in seven weeks from sowing. Pkt. 7c.; oz. 12c.; $\frac{1}{4}$ lb. 35c.

Improved Blood Turnip

Extremely Early, Deep Red, Tender and Sweet. A wonderful Beet for the home or market garden. Roots are remarkably uniform, very dark red; flesh deep purplish red with little tendency towards zoning. Tops are small which permits close planting and makes it very desirable for bunching. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 30c.

J. L. Coldiron, Eastland, Texas. —I have bought garden seed from you for five years and as long as I can get them I will not buy any other.

MAMMOTH LONG RED

MANGELS

Mammoth Long Red The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other Mangel, except it be the Half Long Sugar making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it, picking out pieces of it in preference to others. Oz. 8c.; 2 oz. 15c.; $\frac{1}{4}$ lb. 20c.; lb. 50c.

Golden Tankard A smooth, yellow-fleshed Mangel; roots are of large diameter, tapering quickly to the bottom which is quite broad with only a small taproot. It yields an enormous crop on good soil and can be closely grown in rows. No root crop is a better paying investment for farmers to grow than Mangels. Oz. 8c.; $\frac{1}{4}$ lb. 20c.; lb. 50c.

If you wish to grow Gladioli that are unexcelled for size and rare beauty try some of Jung's Ruffled Giants. They are guaranteed to please. See page 43.

Try some of our select strains of Melons, Onions, Carrots and Tomatoes. You will be delighted with the superiority of Jung's Seeds.

WATER MELONS

Fordhook Early

This is an extra early watermelon that is of good size and quality. The fruits are of large size, rather short and blocky in form with large diameters. Flesh is bright red, crisp, sweet and of splendid quality and continues to improve after ripening. The heart is large, there is no seed cavity and very few seeds. The vines are of strong vigorous growth, setting large melons in good numbers. Skin is dark green with occasional faint stripes of light green. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.

Stone Mountain

A new very large, rich green, round melon of wonderful quality. The flesh is bright scarlet, extremely sweet, solid through, almost all heart and but very few seeds. Anyone after eating this melon will invariably call for it again. It ripens early for so large a melon, vines are vigorous growers and bear abundantly. You will make no mistake when you plant Stone Mountain. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.; lb. \$1.00.

*You will be
Highly Pleased
with Jung's
Melon Seeds*

FORDHOOK EARLY

STONE MOUNTAIN

Sweet Heart

A large Melon nearly globular in shape but a little longer than thick. Fruits are large and skin a very pale green with distinct netted lines of a rich deep green, flesh crisp and melting. Its excellent quality has made it a leading favorite on the market. The vines are vigorous and productive, ripening the fruits quite early. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

Mrs. Clara B. Grosvenor, Mundelein, Ill.—My slogan is when you buy from Jung, it is a good habit begun."

Mrs. Paul Brich, Walnut, Nebr.—Have planted your seeds now for 4 years, the Fordhook and Hearts of Gold Muskmelons and the Halbert Honey and Fordhook early Watermelon were the best in our whole neighborhood. The wax beans and peas were sure fine in spite of the drought and grasshoppers.

Harris Earliest

The Best Shipper in the Early Class

This is the sweetest early melon and the best shipping early melon. It is slightly oblong, broadly striped light and dark green. Flesh is bright red, sweet and crisp, seed black. The vines are vigorous and productive, growing melons that weigh 15 to 20 pounds. Plant this strain for home gardens, ready for use before other melons begin to ripen. Maturing in 60 to 70 days it is just the kind for northern latitudes. Harris Earliest beats all competitors for early shipping and is first on the market. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

Halbert Honey

The very finest melon in cultivation for home use or nearby markets. A melon that has no equal in beauty, quality and productiveness. The melons are smooth and regular in outline, 14 to 18 inches long and 6 to 8 inches in diameter. Color of the rind is a clear, glossy deep green. The flesh is a beautiful crimson, extending to within half an inch of the rind which is so tender that it will not stand shipping a long distance unless carefully handled. The first melons ripen early and the vines continue to develop fine fruit throughout the season. The sweet flesh melts away in your mouth like honey. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

1 Pkt. of each for 25c.
1 Ounce of each for 65c.

HALBERT HONEY

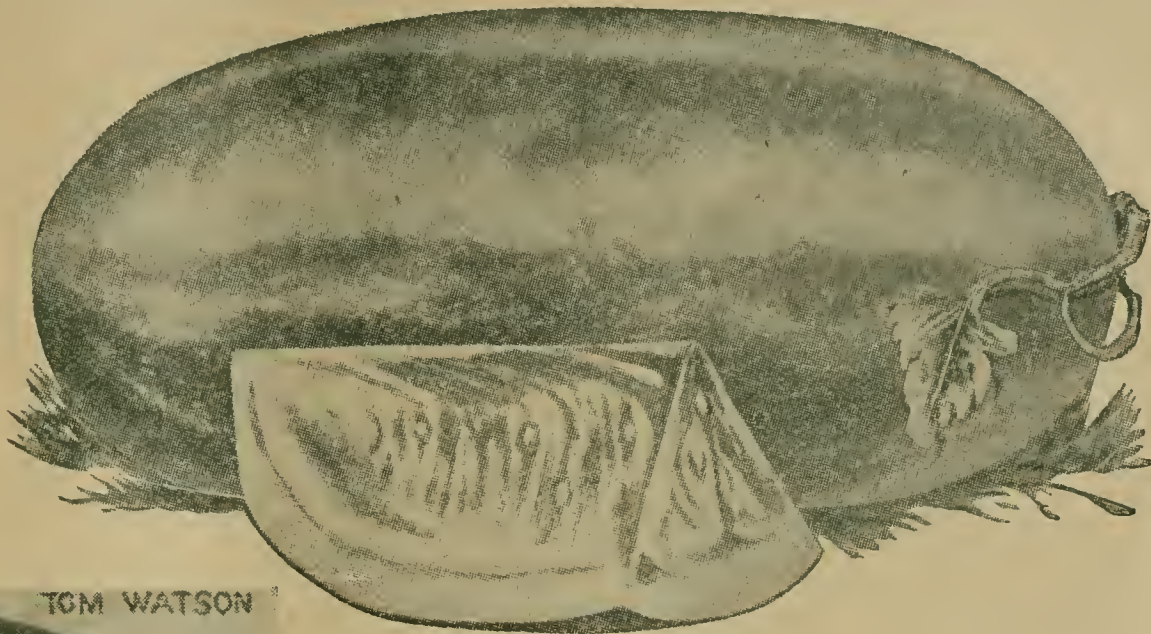

WATER MELONS--Continued

Golden Honey Sweet

A Delicious Yellow-Fleshed Water Melon.

Ripens Very Early

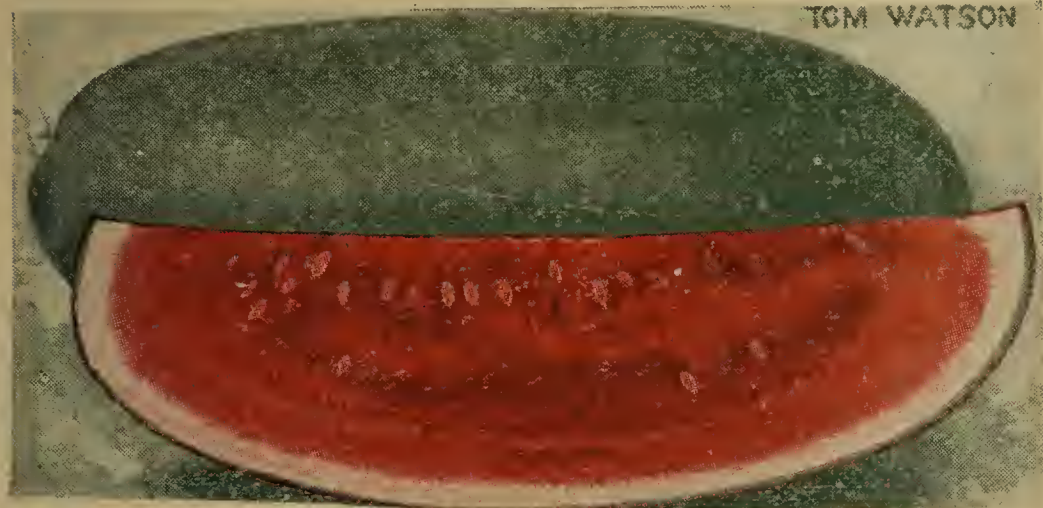

A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.

GOLDEN HONEY SWEET

Tom Watson

Best Quality! Best Shape! Best Shipper! Best Size and Best Appearance! The Tom Watson is an extra large melon of attractive appearance, uniform in shape and quality. The luscious flesh is as "sweet as honey" melting and of superb flavor. The average melon weighs from 35 to 40 pounds and measures about 20 inches in length and 12 in. in diameter. It is very prolific, producing in greatest abundance the delicious fruits. The dark green rind is tough but thin and easily withstands shipping to far distant markets. The heart is large, with no sign of core. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.

Improved Kleckley Sweets

There probably is no watermelon superior in quality to a good strain of Kleckley Sweets. The bright red flesh is the ideal of watermelon quality—firm, crisp, entirely free from stringiness and sweet as sugar. The melons are oblong in shape, about 20 inches long by 10 to 12 inches in diameter. The rind is dark green, thin, brittle and for this reason is not a good shipper for distances over 100 miles but for home use or close markets is in a class by itself. Our seed is an extra select strain. Pkt. 5c.; oz. 10c.; 1/4 lb. 30c.

KLECKLEY SWEET

IMPROVED PEERLESS

Jung's Improved Peerless

We offer a highly improved strain of this popular melon; you will find it to be earlier and of much better quality than the seed usually offered. The melons are oblong and often attain a weight of 25 lbs., rind is light green with darker markings. Flesh is brilliant red, deliciously sweet and melting. Its handsome appearance makes it a rapid seller and for the home garden it is hard to beat. Our strain will ripen very early, you will make no mistake by planting it. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.

Mrs. Harry Shupe, Connellsville, Pa.—We liked your seeds very much and especially the Fordhook Watermelons. We won first prize in the Grange Fair last year.

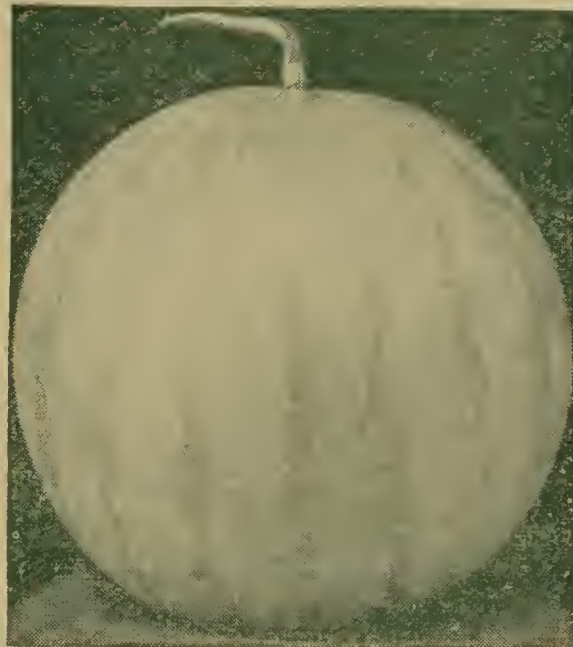

Mrs. H. N. Ressler, Shamokin Dam Pa.—Your seeds are the best a person can buy. Have bought from you for several years.

King Winter Melon

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 inches in diameter and sell well at all seasons. Flesh is bright red and very sweet. Vines are very vigorous growers, very productive and will ripen quite early. Pkt. 7c.; oz. 20c.; 1/4 lb. 40c.

KING WINTER MELON

CITRON

CITRON

A large fruited variety, white flesh and thin rind. This is expensive when bought, yet can be grown and preserved by any energetic housewife who will then know it to be absolutely pure and good. It is planted like watermelon. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.

Mrs. Fred Willman, Tinley Park, Ill.—Well here I am with my third order for you. That's what I think of your seeds. They surely are fine. Last year I had a 25 lb. watermelon even if we didn't have any rain.

HARRIS EARLIEST

World Beater

The very best extra large pepper being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 inches long by 3½ to 4 inches in diameter; flesh is very thick and so mild and sweet that it may be eaten like an apple. When ripe they are bright red in color and present such a fine appearance that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 8c.; ½ oz. 25c.; oz. 40c.

PEPPER

Harris Earliest

The earliest of all, being earlier than Neapolitan. Plants are very uniform in growth, dwarf and compact, rarely over 8 inches tall. It is a very heavy bearer and as the plants can be set close together a very large crop grown on a small space. The fruits are of good size, 3½ in. long by 2½ in. in diameter. Flesh is thick and very mild and sweet. If you want Peppers early and lots of them plant Harris Earliest. Pkt. 7c.; ½ oz. 20c.; oz. 35c.

EARLY GIANT

Early Giant

By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety, the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. It ripens right after Harris Earliest, which is the earliest pepper grown, fruits average 5 inches long by 3½ inches in diameter, of a deep glossy green color turning to bright crimson when matured. The flesh is thick, sweet and of pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 10c.; ½ oz. 25c.; oz. 45c.

WORLD BEATER

Long Red Cayenne

This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 5c.; ½ oz. 20c.; oz. 35c.

Oshkosh

The Best Yellow Pepper
A very distinct and desirable large fruited pepper. The fruits are bright canary yellow at maturity, but during growth they are a deep glossy green making an attractive sort to market as "green peppers." The flavor is mild and exceptionally sweet. Fruits average 4½ in. in length by 3½ in. in diameter, broad at base and taper slightly to a blunt point; plants grow compact and are very productive. Pkt. 10c.; ½ oz. 25c.; oz. 45c.

OSHKOSH

California Wonder

A magnificent pepper resembling Chinese Giant in its large size and "bloeky" form of fruits; full grown peppers will measure 4½ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. ...A highly profitable variety for market gardeners. Pkt. 10c.; ½ oz. 40c.; oz. 75c.

CALIFORNIA WONDER

Raymond Lesser, Portage, Wis.—Last year I made a fine profit from your Early Giant Pepper.

Mrs. H. F. Bohrn, Adel, Iowa—We have used your garden seed 6 years and nothing else, the World Beater Pepper made money for us.

RADISHES

We take much pride in our select stocks of Radish seed. It is grown from carefully selected roots and will produce Radishes of mild flavor and with less leaves than the seed usually offered.

Jung's Rapid Red

This we find to be the quickest maturing of them all, Radishes having been grown in the short period of 18 days from the sowing of the seed, fit for the table. However, its earliness is not its only good feature as it is also of elegant shape, finest quality and a rich red color. Taken in all it cannot be excelled for both the garden and forcing under glass. Its attractive color and small tops make it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices then plant "JUNG'S RAPID RED". Pkt. 7c.; oz. 15c.; ¼ lb. 35c.

Perfection Extra Early

The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the top shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

Early Bird

A fine bright red Radish of quick growth. It is especially fine for bunching for early market from plantings in the open ground, being ready for market in from 18 to 20 days. It is solid in character and very uniform in size and shape. The tops are very small, thereby making it the best of all for forcing under glass. The flesh is purest white, firm and crisp in texture and of mild flavor. The roots are entirely free from the hollow center or pithy fibre so often found in Radish. The shape is well shown in the illustration. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

Extra Early White Delicious

A splendid new olive-shaped radish, pure white in color. Very early as it has produced radishes fit for pulling in 18 days after sowing the seed. It has a small top, is solid and crisp, of fine flavor, in fact, a first-class radish in every respect. Size and shape are well shown in illustration. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.

French Breakfast

An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 inches long and is decidedly stump rooted. A splendid variety for table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

Select Early White Icicle

Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. An entirely distinct variety from Europe and derives its name from the almost transparent whiteness of the roots. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 inches long and are ready for use in about 25 days after sowing. It is a very desirable variety for the home garden and market gardeners will find it a moneymaker. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.; lb. 85c.

Special Offer No. 8

JUNG'S RAPID RED

PERFECTION EXTRA EARLY

EARLY BIRD

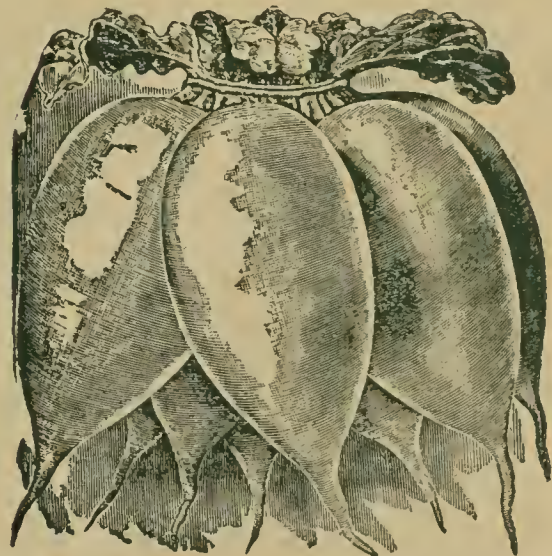

FRENCH BREAKFAST

CRIMSON GIANT GLOBE

Crimson Giant Globe

This new variety is suitable for both forcing and growing outdoors. It is a fine shaped bright red Radish, growing quickly to large size (see illustration). The Radish is a deep globe in shape; it measures 2 inches in depth and 1½ inches in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. It is sure to become a leading variety. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

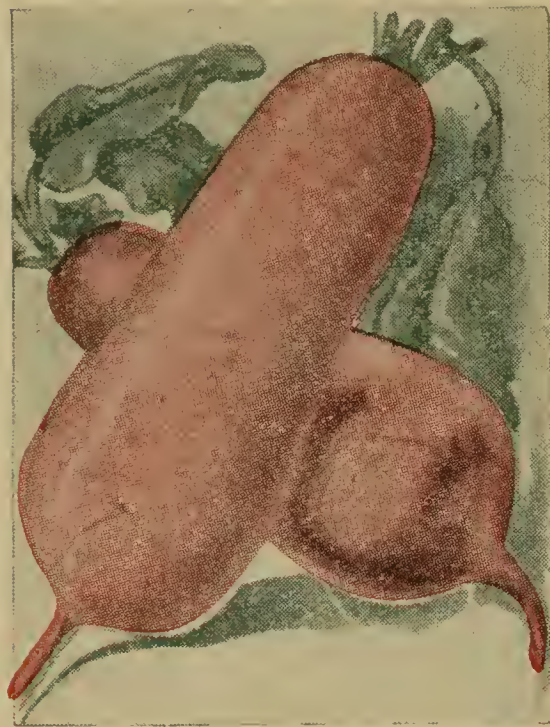

EX. EARLY WHITE DELICIOUS

SELECT WHITE ICICLE

HAILSTONE

CHINESE ROSE WINTER

Disease Resistant Tomato "Marglobe or Coreless"

LARGE SIZE. GLOBE SHAPED. BRIGHT RED.

We consider this the most ideal main-crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet, globe-shaped tomato, fruits are very smooth, free from core and often weigh one pound each. We offer extra select seed of our own growing. Pkt. 8c.; 1/2 oz. 25c.; oz. 40c.; 1/4 lb. \$1.25.

MARGLOBE or CORELESS

RADISHES--Continued

Early Hailstone

The earliest and quickest growing WHITE RADISH in cultivation. It is ready for use from 15 to 18 days after sowing. The radishes are regular shaped, measuring one inch in diameter and about half an inch in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.

Wood's Early Frame

This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 5c.; oz. 10c.; 1/4 lb. 25c.

WINTER RADISH--Chinese Rose

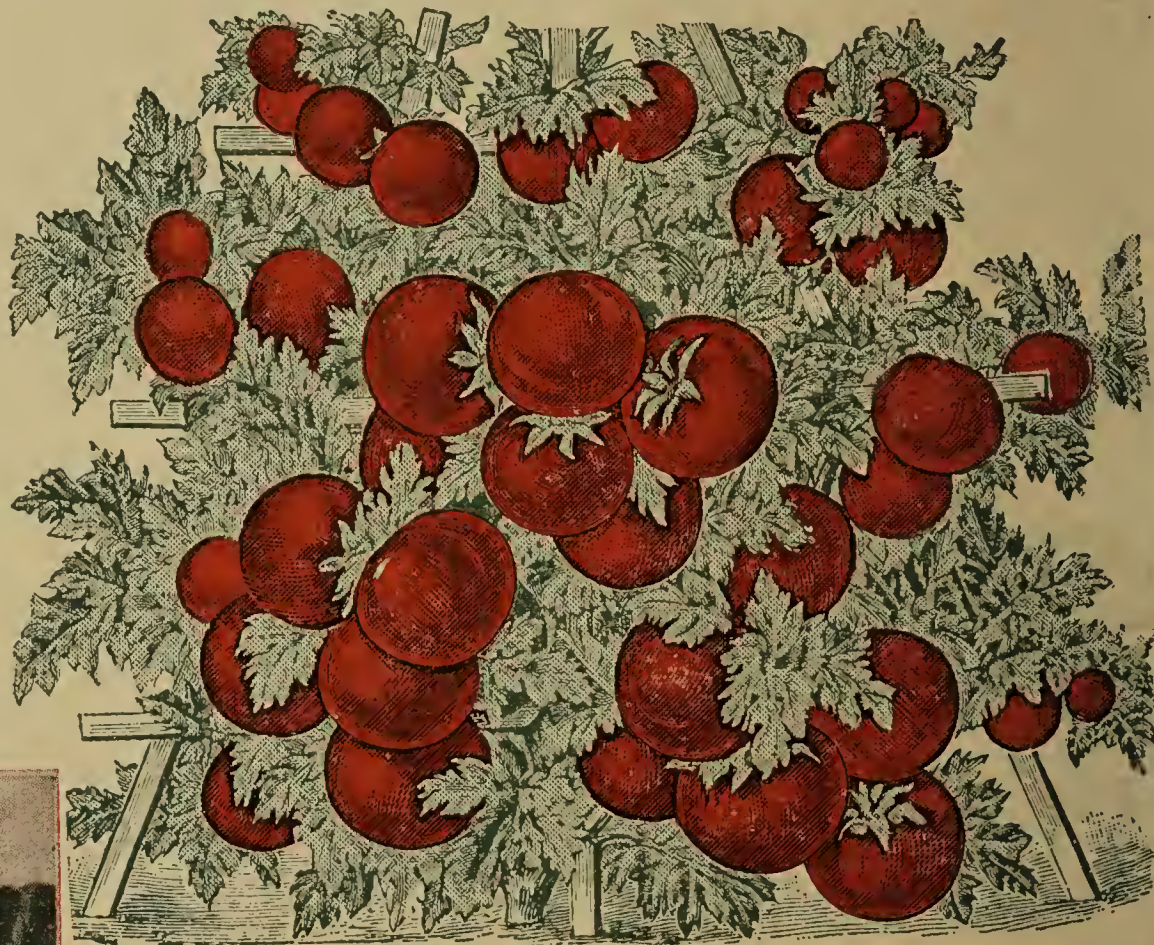

This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 5c.; oz. 10c.; 1/4 lb. 35c.

WOOD'S EARLY FRAME

Jung's Northern Grown Tomato Seed

We take special pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce solid fruit and healthier plants than seed grown further south. It is folly to use cheap tomato seed for it only takes a few ounces to plant an acre.

JOHN BAER

Jung's Private Stock "John Baer"

We are offering seed of our own growing which for earliness, freedom from all disease, great productiveness and solidity of fruits is unexcelled.

Here are a few reasons why you should plant this excellent variety:

1. It is one of the first to ripen.
2. It produces the smoothest fruits of any extra early variety.
3. It is enormously productive, bearing throughout the season.
4. The fruits ripen evenly up to the stem; no cripples, cracked, blighted or wrinkled fruit. A very good shipper as it will not burst.
5. It is of the most brilliant red color and the flavor is deliciously sweet.
6. It produces an enormous crop, 50 to 100 fruits to each plant.
7. In shape and form exactly like the photograph.

Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruit, than seed grown further south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt. 8c.; 1/2 oz. 25c.; oz. 45c.; lb. \$4.75, postpaid.

JUNG'S FAIRFIELD FIRST

TOMATOES--Continued Jung's Fairfield First

This variety has been carefully bred for extreme earliness, productiveness and smoothness of fruit. Fruits are of good size, smooth and borne in clusters. It is a very heavy cropper. Although one of the first to ripen the vines continue to bear until frost; the size and smoothness of the fruits is maintained until the end of the season. The color is an intense velvety scarlet; fruits are all globe shaped making it a splendid variety for slicing. The fruits are remarkably solid and firm; flesh is thick and heavy, of fine flavor and contains but few seeds. Vines are strong and healthy growers. Pkt. 7c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.

Golden Dwarf Champion

The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous, upright growth, smooth fruit, fine color and to the earliness with which it reaches maturity. Plants are bushy and compact, with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 7c.; $\frac{1}{2}$ oz. 25c.; oz. 45c.

Mrs. J. F. Schuellman
St. Paul, Minn.—We had some Marglobe tomatoes weighing 14 ozs.

Mrs. J. R. Dunfee.
Cynthion, O.—Your seeds produce such wonderful results, I never had such a good garden as last year

GOLDEN DWARF CHAMPION

Special Offer No. 9

One pkt. of each of the following Tomatoes for only 30c:

JUNG'S FAIRFIELD FIRST

JOHN BAER

GIANT EVERBEARING

HUNDREDFOLD

GOLDEN DWARF CHAMPION

J. E. Bradford. Watonga, Okla.—We have been using your garden seed for several years and find it unexcelled, especially your John Baer Tomato seed.

Giant Everbearing

A wonderful tomato that commences to ripen early and continues to bear throughout the season, the later fruit is just as large and perfect as the first. It has been tried out in all parts of the U. S. and on different soils and always proved successful. The plants root very well from the start and make strong vines that produce a surprisingly large number of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem; easily prepared for market on account of its perfection. Fruits are a bright glossy red, flesh is solid, contain few seeds and is of exceptionally fine flavor. Choice seed of our own growing: Pkt. 7c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.; $\frac{1}{4}$ lb. \$1.25.

TRUCKER'S FAVORITE

GIANT EVERBEARING

Trucker's Favorite THE FINEST LARGE FRUITED PINK TOMATO

Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop pink Tomato Trucker's Favorite can not be beat. Pkt. 7c.; $\frac{1}{2}$ oz. 20c.; oz. 30c.; $\frac{1}{4}$ lb. \$1.10.

Mrs. Anton Kraus, Plymouth, Wis.—Your tomatoes are the earliest in the whole neighborhood. They are Prizetakers.

**HUNDREDFOLD**

Mrs. H. J. Brooks, Nielsville, Wis.—
Have always been more than pleased
with the seeds from you.

SPINACH

King of Denmark

This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide, dark green leaves are wrinkled like a savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 20c.; lb. 50c.

Long Standing Bloomsdale

A remarkable new Spinach that is far superior to all of the older kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other variety. It also grows larger and will outyield all other varieties. The leaves are large, deep green and crumpled in appearance; it is ready to use as early as any other kind. For productiveness and quality it is unexcelled. Pkt. 7c.; oz. 12c.; $\frac{1}{4}$ lb. 25c.; lb. 60c.

**KING OF DENMARK****LONG STANDING BLOOMSDALE**

New Giant Raspberry "The Chief"

RIPENS EARLY DEEP RED
GIANT SIZE HEAVY YIELDS
SUPERB QUALITY

A wonderful red raspberry that is hardy, bears abundantly and produces berries of large size and highest quality. Whether you grow berries for home use or market you will find this to be a highly profitable variety to grow. We have some unusually fine disease-free plants to offer at very reasonable prices. Doz. 75c.; 25 for \$1.40; 50 for \$2.75; 100 for \$3.50, postpaid.

**THE CHIEF RASPBERRY**

TOMATOES--Continued

Hundredfold

A remarkably fine tomato that will be sure to surprise you for quality, yield and fine, smooth fruit; it commences to ripen very early and will keep on bearing until frost. Fruits will average good size and are borne in clusters, often 12 to 15 in a bunch. color bright red, fruits are always smooth and of the finest flavor; as it is globe shaped it is splendid for slicing. As it is so productive a dozen plants will supply fruit for an ordinary family. Choicest seed of our own growing: Pkt. 7c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.; $\frac{1}{4}$ lb. \$1.25.

**WHITE WONDER**

White Wonder

A wonderful tomato having creamy-white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seed of our own growing. Pkt. 10c.; 3 pkts. 20c.

Fancy Mixed Preserving

An interesting packet comprising a mixture of the different small fruited varieties such as Red and Yellow Pear, Plum, Peach and Cherry. These varieties are all of unusually sweet, rich flavor and excellent for preserves. May also be dried in the sun and packed in sugar thus making an excellent substitute for figs. Pkt. 7c.; 2 pkts. 10c.

**FANCY MIXED PRESERVING**

Jung's Garden Specialties for 1934

GOLDEN ACRE

JUNG'S WAYAHEAD

JUNG'S IMPROVED Wayahead THE EARLIEST OF ALL TOMATOES

FIRST TO PRODUCE RIPE TOMATOES. GOOD SIZED FRUIT, SMOOTH AND SOLID. BRIGHT RED COLOR. FINE QUALITY

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plants selections and is highly improved. Pkt. 15c.; 2 pkts. 25c.; 1/2 oz. 60c.; oz. \$1.00

Jung's Super Select Wayahead Tomato

Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved only from the most select plants and first or crown-set fruits. Price of this super-select seed: Pkt. 35c.; 1/4 oz. \$1.50; 1/2 oz. \$2.75; oz. \$5.00.

JUNG'S SELECT Golden Acre Cabbage

A wonderfully fine, extra early, round headed cabbage being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and every one just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. We offer an extra select stock of this finest extra early cabbage. Pkt. 10c.; 1/2 oz. 25c.; oz. 45c.; 1/4 lb. \$1.25.

HONEY ROCK MUSK MELON

MUSK MELON

Honey Rock

SWEET AS SUGAR. SOLID AS A ROCK. HEAVY YIELDER. HANDSOME APPEARANCE. RAPID SELLER.

Melon growers will find Sugar Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is a main-crop variety, maturing in about 85 days, the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. Extra select seed saved only from hand selected melons. Pkt. 8c.; oz. 15c.; 1/4 lb. 40c.; lb. \$1.50.

BUSH BEAN

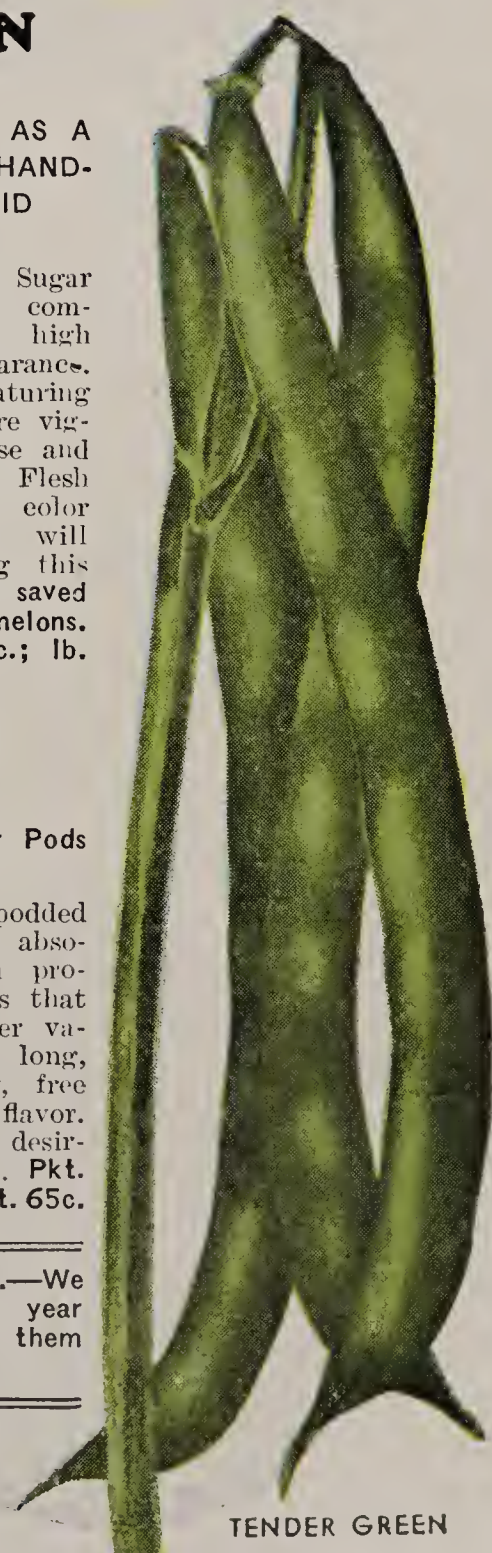

Tendergreen

Immense Yielder. Giant Tender Pods Absolutely Stringless.

A new and distinct green podded bush bean, very productive, absolutely stringless and bear in profusion the long handsome pods that are more tender than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, free from strings and of finest flavor. This easily ranks as the most desirable green podded bush bean. Pkt. 10c.; 1/2 pt. 25c.; pt. 40c.; qt. 65c.

Mrs. Jean Richie, Lebo, Kans.—We had Wayahead Tomatoes last year the second of July. Never had them that early before.

T. J. Garrett, Troy, N. Y.—The Wayahead Tomato is the best tomato I ever planted. We got as high as \$4.00 per bu. for them.

TENDER GREEN

Golden Gem Sweet Corn

Extra Early. Luscious Quality. Heavy Yields.
Very Profitable for Early Markets.

A wonderful new sweet corn that will appeal to all lovers of truly delicious corn. It has the luscious sweet flavor of Golden Bantam and is fully a week earlier. Although extremely early the ears are of good size 6 to 7 in. long and contain 8 rows of delicious tender kernels. The stalks grow only 2½ to 3 ft. tall and often bear two ears. As the stalks are dwarf it can be planted quite close and a great many ears grown on a small piece of ground. Pkt. 10c.; ½ pt. 25c.; pt. 40c.; qt. 60c.

GOLDEN GEM

CARROT

Coreless or Early Market

A handsome half-long variety the shape of which is well shown in the illustration. They average 6 inches in length by 1½ inches in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.

PRITCHARD TOMATO

CORELESS

Pritchard or Scarlet Top Tomato

RESISTANT TO RUST AND WILT. GLOBE SHAPED. ALWAYS SMOOTH.

This new early tomato is the best of the disease resistant varieties. The vines are of rugged growth, with abundant foliage to protect the fruits, but do not require pruning or staking. The tomatoes are large in size, very smooth, globe shaped, solid and meaty, deep red in color with an elegant flavor. An excellent tomato for the home garden, shipper or canner. We offer extra select seed of our own growing. Pkt. 10c.; ½ oz. 40c.; oz. 75c.; ¼ lb. \$1.75.

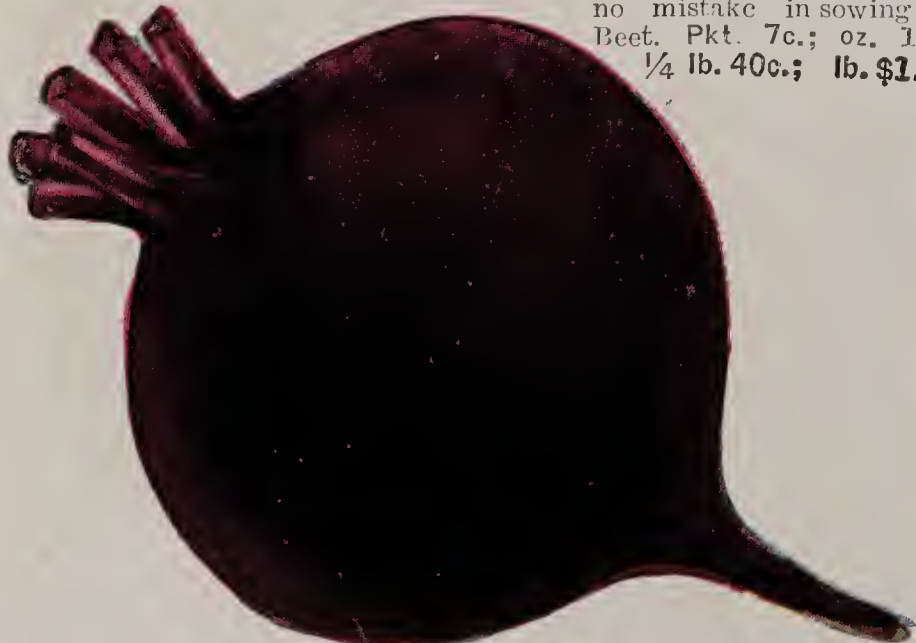

Jung's Super Select Pritchard Tomato

For planters who demand something extra special we offer seed of this tomato that was saved from special plants. This seed is only from the earliest or crown set fruits, nothing better can be had. Pkt. 20c.; ½ oz. \$1.75; oz. \$3.25.

Jung's Special Detroit Dark Red Beet

This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make

no mistake in sowing this Beet. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.; lb. \$1.25.

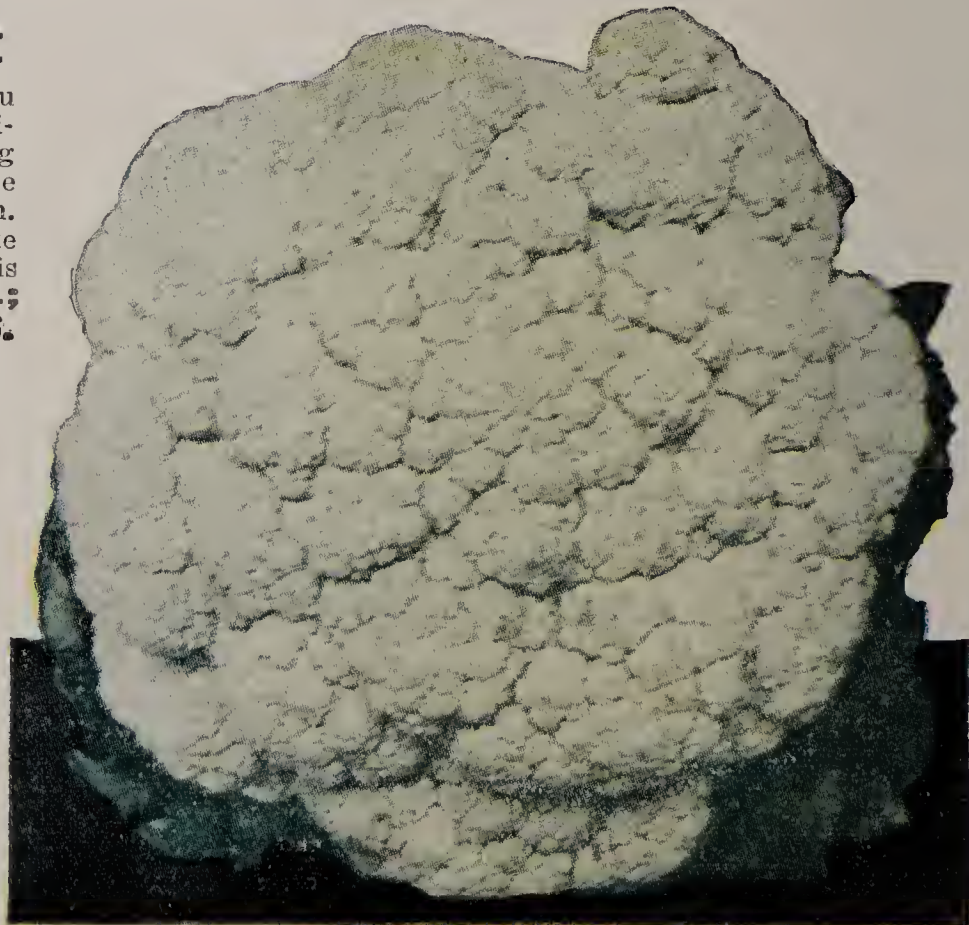

DETROIT DARK RED BEET

Super Snowball Cauliflower

Very Early. Sure to Head.
The Leading Early Cauliflower.

Growers wishing a Cauliflower that is early and sure to produce large white solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy white heads. We offer select seed grown for us by the originator. Pkt. 20c.; ¼ oz. \$1.00; ½ oz. \$1.75; oz. \$3.00 ¼ lb. \$8.00.

SUPER SNOWBALL

EARLY HONEY CREAM

SWEET CORN

Early Honey Cream

After once tasting this splendid sweet corn you will say that it is the most delicious corn you have ever tasted; it is well named for it tastes like "honey and cream". It is very early, stalks are dwarf and may be planted close together. Ears are 5 to 6 inches long and well filled with delicious snowy white kernels. Pkt. 8c.; 1/2 pt. 25c.; pt. 40c.; qt. 65c.

S. M. Gard, Wandling, Ore.—Two years ago I received some of your corn and will say I never ate better corn for sweetness and richness. I also found it very early.

Jung's Earliest Tree Tomato

TOMATO

Jung's Earliest Tree

Enormous Yields. Bright Red. Early and Large Fruits

The best variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about two feet and are stiffly erect until they become overloaded with fruit. The fruit is produced in clusters of three to five and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size and are smooth and solid. Fruits have a solid, meaty center and no hard core and produces but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. Pkt. 8c.; 1/2 oz. 20c.; oz. 35c.; 1/4 lb. \$1.20.

BUSH BEANS

Masterpiece or Sure Crop Wax

ONE OF THE BEST WAX BUSH BEANS

The earliest and heaviest yielding wax bean. Although we are offering a very choice list of beans we believe that Masterpiece beats them all. Bushes grow very vigorous and are free from rust and disease and bear an immense load of the long handsome pods. Pods are bright yellow, 6 to 8 in. long, thick, meaty and absolutely stringless. A very profitable variety for market gardeners. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

Special Offer No. 12

1 Pkt. of each of the six splendid vegetables on this page for only 40c.

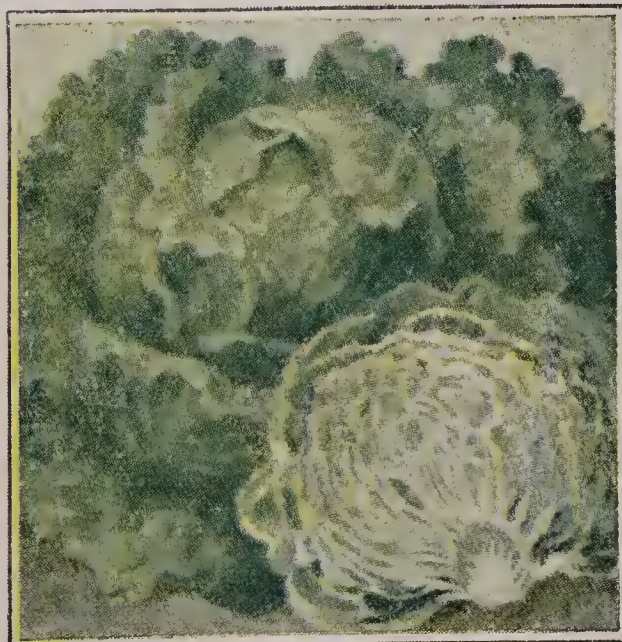

BREAK O'DAY

Break O'Day Tomato

LARGE SIZE. BRILLIANT RED COLOR. SMOOTH FRUITS. HEAVY YIELDER

A new early wilt resistant tomato developed by the U. S. Dept. of Agriculture that ripens almost as early as Earliana. Very much like Marglobe in shape, size and color, in fact the best extra early tomato of deep globe shape and dark red color; fruits are very solid and do not crack. The vines are strong and healthy and bear a heavy crop. Pkt. 8c.; 1/2 oz. 25c.; oz. 40c.

Mrs. Leone Pickup, Randolph, N. Y.—We planted Break O Day tomato last year; find them the nicest we have ever had in size, shape and flavor.

EARLY SUREHEAD

Masterpiece Wax Beans

RADISH

Giant Sweet Summer

The ideal radish for spring and summer planting. The radishes are almost round in shape with small tops and of a beautiful clear white color. It is of remarkably fine quality, always tender and sweet, grows to large size and remains in edible condition for a very long time. Pkt. 7c.; oz. 15c.; 1/4 lb. 35c.

J. Unger, Chambersburg, Pa.—We have been eating Jung's Early Honey Cream Sweet Corn during the past 10 days and it is decidedly the finest quality we have ever tried, and I have been growing sweet corn for over 50 years.

GIANT SUMMER RADISH

LETTUCE

Early Surehead

A specially selected strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and soon as well started thin out plants to stand 4 to 5 in. apart in the rows. Pkt. 7c.; 1/2 oz.: 12c.; oz. 20c.

Mrs. Lula Hallstein, Armington, Ill.—Have tried one pkg. of your Early Surehead Lettuce and think it is wonderful, in fact, it is the only lettuce I ever could get to head.

PERFECTED MASTADON

Gibson This is considered to be one of the best main crop varieties. In the big strawberry sections more Gibsons are planted than any other, it out-yields and out-sells all other berries on the market. The plants are extra strong growers and bear for a long time thus making a heavy yield. The berries are very large, of a beautiful red color and finest quality. We know you will not be disappointed with Gibson. We have some wonderful extra strong plants. Price: 25 for 40c.; 50 for 65c.; 100 for \$1.00.

Jung's Wonderbearing A strawberry that will delight all growers who want a variety which combines fine quality and great productiveness. These plants are very vigorous growers and seem to succeed almost anywhere; they grow upright and carry the fruit well from the soil; it is medium early in ripening. The berries are of large size, some specimens 2 inches in diameter; of extra fine quality and handsome appearance. We offer plants of our own growing: 25 for 40c.; 50 for 65c.; 100 for \$1.00.

New Giant Beaver This new strawberry originated in Wis. and is rapidly replacing many of our other standard varieties. The plants are vigorous growers remarkably free from disease highly productive and bear for a long time. The berries are uniformly large in size, rich red in color to the heart, very firm and of sweet luscious flavor. You will make no mistake when you plant "Beavers", 25 for 45c.; 50 for 75c.; 100 for \$1.25 postpaid.

GIANT BEAVER

Jung's Northern Grown Berry Plants

GUARANTEE—We guarantee all plants and shrubs to reach you in good condition and will replace free of charge any damaged plants but complaints must be filed within 10 days after receipt of plants. A guarantee certificate is sent with each shipment.

Perfected Mastadon

THE GIANT EVERBEARING STRAWBERRY

Produces Large Luscious Berries 90 Days After Planting. Will Produce Three Crops of Berries in 18 Months.

This astonishing new everbearing strawberry is a great advance over all other everbearing varieties. It produces large, deep-rooted plants that bear great quantities of the large luscious berries. Just plant them in any good garden soil this spring, keep the blossoms picked off until early in July. The plants are then well rooted and will soon bear big, red, delicious berries until severe cold weather. Then the next spring Mastadon bears as heavy a crop as any spring variety and after a six weeks' rest, starts in again and bears all summer and fall. We have the genuine true stock but advise early orders. 25 for 65c.; 50 for \$1.25; 100 for \$2.25.

Growing Berries Successfully!

A great part of growing a profitable crop of berries depend on properly setting out and caring for the crop. Unless the right care is given the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete, cultural instructions for small fruits and will send same with every order for plants.

Mrs. Mary Goulds, Odessa, Mo.—Your plants came thru fine and I never bought nicer plants.

LATHAM RASPBERRIES

Latham

THE GIANT RED RASPBERRY

By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily, together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either the home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 6 for 35c.; 12 for 65c.; 25 for \$1.00; 100 for \$3.25.

Mrs. Frank Castner, Stewartville, N. J.—My first order of berries came in fine shape. The plants were the finest I have seen so I am ordering more. Our dealings with you have always been very satisfactory.

Extra Early Premier Strawberry

The Wonderful New Extra Early Strawberry. Finest Quality Heavy Yields. Large Size Berries

Premier is the very best extra early Strawberry. However earliness is not its only good feature as the berries are of the finest quality, color and flavor and every berry is of large size and uniform shape. The plants are strong, vigorous growers and can be depended upon to produce a good crop even under unfavorable conditions. Whether wanted for the home or market garden it is the strawberry you should grow. 25 for 50c.; 50 for 85c.; 100 for \$1.25.

Giant Everbearing Red Raspberry

BEARS FROM JULY TO OCTOBER

A wonderful raspberry that will give you a fine crop of berries from July until hard frosts in the fall; will produce a nice crop the first season if planted in good soil. Berries are bright crimson in color, large size, firm and sweet. Canes are vigorous growers and well covered with heavy green foliage. St. Regis is a heavy bearer in the regular berry season and besides will give you a crop in the fall when fresh berries are always welcome. Price of strong disease-free plants: 6 for 25c.; 12 for 35c.; 25 for 75c.; 100 for \$2.75.

GIANT EVERBEARING

Cumberland

THE LARGEST BLACK RASPBERRY

The largest black raspberry grown. This is offered with the full assurance that it is the most desirable variety, because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor of growth and is as hardy as any variety grown. Fruit is jet black and of extra fine quality. Every garden should have some of these fine berries. Black raspberries can be easily grown and make a profitable crop to grow for market. By far the best results in growing Black Raspberries have been obtained from 2 yr. or transplanted plants. We are now offering only 2 yr. old plants at prices very little more than was formerly charged for inferior 1 yr. plants. Please bear this in mind when comparing prices. Heavy 2 yr. Plants: 6 for 50c.; 12 for 95c.; 25 for \$1.65; 100 for \$6.25, postpaid.

All of our raspberry plants have had double inspection by State Inspectors and are free from Mosaic and all other dangerous plant diseases and insects.

The Great Concord Grape

The best known and most widely grown grape in cultivation. It is hardy and succeeds everywhere. Bunches are large and compact, fruit large and purplish black. It's easy to grow grapes and everyone should set out a few plants. Price of strong, well rooted plants: 3 for 35c.; 12 for \$1.25.

CUMBERLAND

CONCORD GRAPE.

WASHINGTON ASPARAGUS

ASPARAGUS**Giant Washington**

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some very choice strong roots of our own growing but advise early orders. 25 for 40c.; 50 for 75c.; 100 for \$1.25; 1000 for \$10.50.

Rhubarb or Pie Plant

A few Rhubarb plants should be in every garden as it is the first plant in the spring to produce material for pies, sauces and canning. They will be highly appreciated as at this time of the year no other fresh fruit can be had. Will grow in any good garden soil, the more manure it is given the larger and finer the stalks will be. 3 for 30c.; doz. 1.00.

RHUBARB or PIE PLANT

ONION**Giant Sweet Spanish**

Giant in Size. Heavy Yields.
Sweet Mild Flavor.

GIANT SWEET SPANISH ONION

Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions, seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It is globe shaped, has a beautiful straw colored skin; flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special select strain of seed which was grown from only carefully selected bulbs. Pkt. 8c.; oz. 25c.; 1/4 lb. 85c.; lb. \$3.00.

Geo. Fitch, Pottersdale, Pa.—Your seeds are fine. We have planted them for years.

*Calendula***Four Fine Flowers****Fancy Mixed Annual Daisies**

Plants of very neat branching habit, grow about twelve to fifteen inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. Seed may be started under glass or sown in the open ground. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned. Certainly a great acquisition and a magnificent new garden favorite. Pkt 7c.; 2 pkts. 10c.

Orange Ball Calendula

One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. Also makes a fine plant for pot culture blooming freely in winter. The immense double, deep orange flowers are produced on long stems and last for a long time when cut for bouquets. Pkt. 8c.; 2 pkts. 15c.

Carnation Flowered Centaurea

The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 inches across, and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a long time in water. Pkt. 8c.; 2 pkts. 15c.

Giant Mixed Everlasting Flowers

These everlasting flowers should be grown in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 7c.; 2 pkts. 10c.

Special Offer No. 15

1 Pkt. of each of the above 4 fine Flowers for only 20c.

FANCY ANNUAL DAISIES

CENTAUREA

GIANT EVERLASTING FLOWERS

CLARKIA

BRILLIANT BEAUTIES

PORTULACA

Clarkia

Giant Fancy Mixed

For rare gracefulness and beauty few annuals will surpass Clarkias, suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or rosettes. Pkt. 7c.; $\frac{1}{8}$ oz. 25c.

Gaillardia

Finest Annual Mixed

One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 inches across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 5c.; 3 pkts. 10c.

Lester R. Kent, Elsworth, Mich.—You people put up the finest grade of seed I have ever seen, and I have seen a lot.

Love-in-the-Mist

A lovely free flowering annual suitable for either beds, borders or bouquets. It grows to a height of 12 to 15 in., foliage is fine and feathery and blooms very profusely. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed of flowers may be had by sowing these and California Poppies in the same bed. Pkt 5c.; $\frac{1}{4}$ oz. 15c.

7 Beautiful Annuals

EVERBLOOMING ZINNIAS

Special Offer No. 16

One Pkt. of each of the 7 fine Flowers on this page for 35c.

Giant Flowered Portulaca

A great favorite for bedding, edging and rock work; also splendid for window boxes. Will grow and bloom in hot, dry locations where almost any other plant would die. Blooms profusely from early summer until autumn. For brilliant color a bed of these easy growing flowers is a sight to behold. Our mixture includes all the finest colors. Pkt. 7c.; 2 pkts. 10c.

Dwarf Nasturtiums

Brilliant Beauties Mixed

The plants are of vigorous growth, erect habit and beautiful rounded form. They are of quick growth, begin to bloom early in the summer and continue to bloom until killed by frost. So greatly diversified are the colorings that it seems almost impossible to find two plants bearing flowers alike. The flowers are not only wonderfully brilliant but also of large size. Pkt. 5c.; oz. 20c.

Everblooming Zinnias

This is a special strain of these popular annuals that produces masses of brightly colored flowers and the plants remain in full bloom from early summer until frost. Flowers are of good size, very double and all bright colors. Especially fine for a showy bed or border and also for bouquets. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

Giant Fancy California Poppies

Very handsome, quick growing annuals with fine cut foliage and bright poppy-like blossoms. Nothing can excel it for brightness and it blooms continually from June to October. Colors orange, yellow, crimson and maroon. Very easy to grow. Pkt. 5c.; 3 pkts. 10c.

LOVE-IN-THE-MIST

GAILLARDIA

CALIFORNIA POPPY

Mrs. Dean Gleason, Geneva, Ohio.—I cannot begin to tell you how well we like all of your seeds. The Giant Zinnias are wonderful, also the Surehead Lettuce. In fact I do not know which of your seeds to praise the most.

Vita L. Rose, Isabel, Kansas.—I entered some Jung's Aster in our local flower show last fall and won the blue ribbon.

JUNG'S SUPERB ASTERS

JUNG'S SUPERB ASTERS

We make a specialty of Asters and for size and perfection of flowers our strains are unexcelled. No other flower can approach the Aster for beauty, color, form or profusion of bloom. They are hardy and may be had in flower from early summer until in the fall.

JUNG'S AMERICAN BEAUTY—Giant rose-pink flowers produced on long stems. Pkt. 10c.; ¼ oz. 45c.

JUNG'S CHRYSANTHEMUM—Immense shell-pink flowers that rival chrysanthemums in size and beauty. Pkt. 10c.; ¼ oz. 50c.

ROYAL LAVENDER—Large charming soft lavender flowers; come into flower early. Pkt. 8c.; ¼ oz. 40c.

GIANT BRANCHING WHITE—The largest and best pure white. Flowers often 4 in. across and very double. Pkt. 8c.; ¼ oz. 40c.

JUNG'S SCARLET GEM—The most showy Aster. Rich fiery red, splendid for beds or cut flowers. Pkt. 10c.; ¼ oz. 50c.

JUNG'S GIANT PURPLE—Deep purple, extra long stems each carrying one of the giant flowers. The best purple to be had. Pkt. 8c.; ¼ oz. 40c.

JUNG'S EARLY INNOCENCE—The earliest Aster, blossoms in July and produces a large number of fine flowers to each plant. All colors mixed. Pkt. 8c.; ¼ oz. 35c.

YELLOW CHRYSANTHEMUM—The newest Aster. Delicate canary yellow, flowers of good size and bloom profusely. Pkt. 10c.

SPECIAL ASTER OFFER

One Pkt. of each of the above eight Superb Asters for 50c.

From no other seedsmen can such a grand assortment of ASTERS be had for such a small price. These packets are regular full sized and contain only the choicest seed. With each collection we send FREE INSTRUCTIONS on how to grow the large fancy flowers.

Jung's Giant Fancy Mixed Asters

This is the highest grade of mixed Asters it is possible to produce. It contains all of the colors shown above and is made up of only giant flowered varieties. Most seedsmen do not put out such a mixture as the seed costs too much but as we grow our own seed it is possible for us to do this. Many of these flowers will be 5 in. across and are borne on stems 2 to 3 ft. long. Pkt. 10c.; 3 pkts. 20c.; ½ oz. 30c.

Christmas Kochia

A great improvement on the old variety as this new strain retains its beautiful color until late in the winter while the old variety dried up in September. The bushes are a mass of dense live green in summer while after frost it turns to rosy claret red and is highly ornamental after all other shrubs are dead and the effect of this color against the snow is certainly a beautiful sight. The plants grow 3 to 4 feet high and very dense and symmetrical from the start. Pkt. 7c.; 2 pkts. 10c.; ¼ oz. 15c.

CHRISTMAS KOCHIA

A. F. Mohling, Brighton, Colo.—I was delighted with the beautiful Sweet Peas I raised from your seed last summer.

JUNG'S SUPER GIANT ZINNIAS

Jung's Super Giant Zinnias

Our sales on the truly Giant flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD—A lovely shade of primrose or lemon, very large flowers and holds its color for a long time. Pkt. 10c.

DREAM—A very attractive and desirable shade. Light lavender changing to purple. Pkt. 10c.

EXQUISITE—One of the most pleasing as regards form and size. Light rose with deep rose center. Pkt. 10c.

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 10c.

ORIOLE—Well worthy of the beautiful bird for which it was named. Immense, orange and gold bicolor flowers but changing as the flowers grow older. Pkt. 10c.

POLAR BEAR—Decidedly the best pure white Zinnia. For size and color and free blooming it stands supreme. Pkt. 10c.

SPECIAL ZINNIA OFFER

1 Pkt. of each of these 6 Grand Zinnias for 45c.

Jung's Super Giant Mixed Zinnias

This is one of the finest mixtures of Zinnia seed to be had. It contains seed of all of those shown above besides many other colors. If you want glorious color around your house from early summer until frost, plant some of these Zinnias. As they are produced on long stout stems they will make excellent bouquets for livening up any room. Pkt. 10c.; 3 pkts. 25c.; ¼ oz. 40c.

Velvet Flower or Salpiglosis

GIANT FLOWERED MIXED

Undoubtedly one of the most attractive annuals and for richness of colors they are unsurpassed. Splendid for either beds or bouquets, they are as easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. Pkt. 7c.; 2 pkts. 10c.

Snapdragons

MASTADON MIXED

These wonderful Snapdragons are truly giant in size and must be seen to be appreciated. They produce spikes of flowers 2 ft. long and many of the single flowers will be 1 to 1½ in. across. Our mixture is composed of the very best colors and a bed will supply you with cut flowers throughout the summer and fall. Pkt. 10c.; 3 pkts. 20c.

Giant Early Sweet Peas

EARLY SPENCERS MIXED

A new type of Sweet Peas having the large waved flowers of the Giant Spencers but coming into flower fully three weeks earlier and will then continue to blossom for a long period of time. The vines are vigorous growers and produce a mass of flowers on long stems, often 5 to 4 flowers on each stem. Our mixture contains all the finest colors of the large ruffled strains. Pkt. 10c.; ½ oz. 20c.; oz. 35c.

Velvet Flower

Mastodon Snapdragons

Early Spencer Sweet Peas

Chrysanthemums

Tulip Poppy

Giant Annual Larkspur

Brilliant Beauties Petunias

Annual Chrysanthemums

FANCY MIXED

Easily grown annuals that produce some of the finest color combinations known in flowers. They are as easily grown as poppies and remain in flower for a long time. As flowers are produced on long stems they make splendid bouquets and will keep for a long time in water. Pkt. 5c.; ½ oz. 15c.

Tulip Poppy

A very desirable hardy annual, seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. Pkt. 7c.; 2 pkts. 10c.

Larkspur

GIANT ANNUAL MIXED

Few people realize how easy it is to raise these beautiful Larkspurs and how attractive they are in the garden or for cut flowers. Our strain is a special selection of giant size, plants grow 3 to 4 ft. tall and produce spikes of large double flowers over a foot long and in many shades of color. Pkt. 7c.; ½ oz. 20c.

Petunias

BRILLIANT BEAUTIES MIXED

If you wish a bed of flowers of rare beauty try some of these fine petunias. The plants grow quite bushy, they commence to flower when only a few inches tall and are a mass of color until killed by hard frosts. After once started they can stand very much dry weather. Pkt. 8c.; 2 pkts. 15c.; ½ oz. 25c.

Special Flower Offer

10 Pkts. of Select Flowers for 50c.

As a special inducement for you to plant our select Flower Seeds we will send 1 pkt. of each of the following grand flowers for only 50c:

ASTERS—Jung's Giant Fancy Mixed

ANNUAL CHRYSANTHEMUMS

CHRISTMAS KOCHIA

LARKSPUR—Giant Annual

PETUNIAS—Brilliant Beauties

SNAPDRAGON—Mastodon Mixed

SWEET PEAS—Early Spencer Mixed

TULIP POPPY

VELVET FLOWER—Giant Mixed

ZINNIAS—Super Giants Mixed

These will all blossom this summer and supply a wealth of flowers for beds and bouquets. A booklet of culture instruction will be sent free with each collection.

Giant Spencer Sweet Peas

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured $2\frac{1}{2}$ inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

AUSTIN FREDERICK—A magnificent flower of a pleasing shade of bright lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems. Pkt. 8c.; oz. 25c.

ELFRIDA PEARSON—Flowers of extra large size and a deep rich pink color; often four flowers to a stem. Pkt. 8c.; oz. 25c.

KING WHITE—The grandest of all white Sweet Peas, remarkable for its glistening whiteness and large size. Pkt. 8c.; oz. 20c.

MARY PICKFORD—Appropriately named, as it is one of the most beautiful, giant flowered sweet peas. Color is a dainty cream-pink blending towards salmon. Grows vigorous vines and blooms very profusely. Pkt. 8c.; oz. 25c.

ROYAL PURPLE—A beautiful rich deep purple and the best in its class. Flowers of large size borne on long stems and produced in great profusion. Pkt. 8c.; oz. 25c.

ROYAL RED—The flowers of this grand variety are of heavy texture, of grand size and beautifully waved. Flowers are a rich scarlet that glistens in bright sunlight. Produce 3 and 4 flowers on long stems. Pkt. 8c.; oz. 25c.

WARRIOR—Beautiful fluted maroon flowers of large size and true waved or fluted style. Very vigorous growers. Pkt. 8c.; oz. 25c.

Inoculating your Sweet Peas will produce larger and finer flowers. See page 1.

RUFFLED GIANT SWEET PEAS

Jung's Giant Everblooming Sweet Peas

This superb Sweet Pea mixture is made up of both early and late Giant Spencers and will remain in flower for many weeks. It has been made with extra care from the finest large flowering Speneers and will produce a well balanced color effect. All dull and undesirable colors have been omitted making this as fine a mixture of Sweet Peas as it is possible to produce. Pkt. 8c.; $\frac{1}{2}$ oz. 12c.; oz. 20c.; $\frac{1}{4}$ lb. 45c.

Special Sweet Pea Offer

ONE Pkt. of each of the above seven grand Sweet Peas for 35c.

Mrs. Leona Reiter, Denver, Col.—I have used your seeds for the past five years and there are none better, especially the Sweet Peas. Mine are the envy of my neighbors and friends.

UMBELLATUM LILY

The Beautiful Regal Lily

A magnificent new lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. We offer large, 3-year, blooming bulbs which should not be confused with small sizes often offered at low prices. Each 20c.; 3 for 50c.; doz. \$1.50.

J. E. Steffa, Oregon, Ill.—The Regal Lily I got from you last spring was fine.

Hardy Lilies

Special Offer

One strong bulb of each of these three fine Lillies for 45c.; 3 of each for \$1.00.

Umbellatum Lily

This is a very hardy, easily grown Lily. It grows tall and stocky and produces beautiful, bell shaped flowers of orange and red. It is one of the most easily grown lilies producing a wealth of blossoms. Blossoms in June and remains in bloom for 2 to 3 weeks. Each 20c.; 3 for 45c.; doz. \$1.50.

REGAL LILY

YELLOW DAY LILY

Hardy Yellow Day Lily

A perfectly hardy yellow lily that needs no protection and will thrive in any good soil and will succeed in either sunny or shady locations. A clump of these fine lilies make a fine show in any garden or border with their many tall stems of fragrant wax-like, clear yellow blooms. Grows 2 to 3 ft. tall and produces 6 to 10 flowers on a stalk. Each 15c.; 3 for 35c.; doz. \$1.00.

MRS. PENDLETON TRIUMPH LOS ANGELES M. FOCH MRS. F. KING GOLD H. FORD ROSE GLORY

Jung's Gorgeous Gladioli

These are strong bulbs, sure to bloom, each wrapped separately.

There is no bulb of such easy culture, embracing the great range of color with endless combinations and variety, to equal the Gladioli. Our bulbs are of the finest quality and will give bountiful satisfaction the first season. The bloom is continuous from the end of July until frost. Culture instructions will be sent with each order.

ANNA EBERIUS—A beautiful dark velvety purple-rose. Wonderful spikes of large, well arranged flowers. Must be seen to be appreciated. 3 for 20c.; doz. 60c.; 100 for \$4.00.

E. J. SHAYLOR—One of the best frilled or ruffled rose-pink glads. Grows tall and has many of the beautiful ruffled flowers open at the same time. 3 for 15c.; doz. 50c.; 100 for \$3.00.

GOLD—This wonderful yellow Glad is by far the best pure golden yellow. Very large flowers and 18 to 20 on each stalk. 3 for 25c.; doz. 70c.; 100 for \$4.00.

JOE COLEMAN—Rich bright red with beautifully ruffled petals. Flowers are large and produced on long straight spikes. Very satisfactory. 3 for 15c.; doz. 50c.; 100 for \$3.00.

LE MARECHAL FOCH—A superb variety, the best delicate shell pink ever developed. Single flowers 5 in. across and produced on long straight spikes. Very early. 3 for 15c.; doz. 50c.; 100 for \$2.75.

LOS ANGELES—The everblooming "glad" as each spike will produce 2 and 3 spikes of beautiful flowers. Giant flowers of rich salmon-pink produced on long straight spikes. One of the best for cut flowers. 3 for 20c.; doz. 65c.; 100 for \$4.25.

MARY PICKFORD—Sweet and beautiful as "Mary" herself. Soft, creamy white with sulphur yellow throat. Blooms early and many flowers open at same time. 3 for 20c.; doz. 60c.; 100 for \$4.00.

MRS. FRANCIS KING—Bright orange scarlet, flowers often 5 in. in diameter and produced on spikes 4 ft. long, 12 to 18 flowers on each spike. Very showy and fine for cut flowers. 3 for 15c.; doz. 50c.; 100 for \$3.00.

MRS. FRANK PENDLETON—One of the most beautiful glads. Flowers are enormous and their color is a lovely salmon, pink with deep red blotches in the throat. Be sure to order it. 3 for 20c.; doz. 60c.; 100 for \$3.75.

VIRGINIA—One of the best bright red varieties. Flowers of large size, 5 to 6 open at once, well arranged on tall, straight spikes. 3 for 20c.; doz. 60c.; 100 for \$4.25.

Special Gladioli Offer No. 1

The 10 varieties listed above are all fancy large flowering "Glads" and are sure to please.

- 1 Strong Bulb of each (10 in all) for 45c.
- 5 Strong Bulbs of each (50 in all) for \$2.00.

Mrs. I. B. Huffaker, Monticello, Ky.—Ordered some Gladioli bulbs from you which were fine and want some more like them.

The 14 Best Giant Gladioli

ASHES OF ROSES—Soft tones of old rose fading to ashes of roses on the outer petals. Flowers of large size and wonderful in form and color. 3 for 20c.; doz. 50c.; 100 for \$3.90.

COMMANDER—The outstanding brilliant scarlet red. Immense flowers, 6 to 7 open at once, spikes 4 to 5 ft. tall. Very attractive and showy. 3 for 30c.; doz. 85c.

EVELYN KIRTLAND—A glorious "glad", flowers are a beautiful pink overlaid with orange. Brilliant scarlet blotches on lower petals. Flowers very large with ruffled edges. 3 for 20c.; doz. 60c.; 100 for \$4.00.

HENRY FORD—Large, clear, deep purple flowers shading into deeper tones near the center. The best purple. 3 for 25c.; doz. \$1.00; 100 for \$5.50.

LONGFELLOW—Very long showy spikes of immense salmon-pink flowers. Flowers well placed and many open at same time. One of the best. 3 for 25c.; doz. 65c.; 100 for \$4.25.

MAMMOTH WHITE—A pure glistening white. Flowers of giant size 5 to 6 in. across and borne on straight spikes 4 to 5 ft. tall. The best pure white. 3 for 30c.; doz. 85c.

MINUET—The best clear lavender. Six to seven large flowers open at a time. Tall straight spikes, well arranged. 3 for 25c.; doz. 65c.; 100 for \$4.25.

MRS. P. W. SISSON—Immense ruffled blossoms of delicate cream-pink shading to white in the throat. A rare beauty. 3 for 25c.; doz. 75c.; 100 for \$5.25.

PFITZER'S TRIUMPH—A real sensation. Immense flowers 5 to 6 in. across, bright orange-red and produced on stalks often 4 ft. tall. The largest flowered glad. 3 for 25c.; doz. 90c.

PURPLE GLORY—The majestic "glad". Immense ruffled flowers of deepest purple-maroon are produced on straight stems 4 to 5 ft. tall. Very showy. 3 for 25c.; doz. 85c.; 100 for \$6.00.

ROSE GLORY—A magnificent rose-pink with ruffled petals that are edged with white. Large flowers, well arranged and wonderfully showy. The best rose-pink. 3 for 25c.; doz. 75c.

ROYAL ROBE—Large flowers of rich violet-purple. Probably the finest real purple "glad". Spikes tall and straight. 3 for 30c.; doz. 85c.

RUFFLED GOLD—Heavily ruffled clear yellow. Large flowers well arranged, one of the better yellow "glads." 3 for 25c.; doz. 65c.; 100 for \$4.50.

W. H. PHIPPS—The wonder "glad". Mammoth sized flowers, 10 to 12 open at a time. Spikes straight, 4 to 5 ft. tall. Rich coral pink, one of the very best. 3 for 25c.; doz. 65c.

Special Gladioli Offer No. 2

The above 14 varieties represent the best to be had in Gladioli.

- 1 Bulb of each for 95c.
- 5 Bulb of each for \$4.00.

Special Gladioli Offer No. 3

1 Strong Bulb of each "Glad" on this page (24 in all) for only \$1.35. With this assortment we will include free a new type "glad" such as you have never had before.

MORNING SPLENDOR

AMBASSADUER

DREAM

Prize Winning German Iris

Iris undoubtedly are one of the most popular hardy perennials and they well deserve their popularity. They are inexpensive, unusually hardy, may be grown under various conditions with little care. They are easy to grow, not bothered by insects and come in a wide variety of colors.

AMBASSADEUR—The aristocrat of the Iris, considered one of the very best, a variety you will take pleasure in growing if you wish something unusually fine. Grows 3 ft. tall, flowers are giant in size, standards reddish violet, fall velvety purple maroon. Each 20c.; 3 for 50c.

DREAM—A tall grower, 36 in., and the best of its color, both falls and standards a lovely lilac pink. Each 20c.; 3 for 40c.

GOLD IMPERIAL—A new large flowered variety and considered one of the best yellow Iris being a rich canary yellow throughout. Each 15c.; 3 for 35c.

LENT A. WILLIAMSON—A strong grower and free bloomer. Standards erect, soft violet blended yellow towards base; falls rich royal purple. Each 15c.; 3 for 30c.

MOTHER OF PEARL—A wonderful Iris and one of the most popular due to its desirable color which is a lustrous bluish-lavender. A vigorous grower, prolific bloomer and its rare beauty is hard to describe. Each 20c.; 3 for 50c.

MORNING SPLENDOR—The most outstanding of the so-called "reds", one of the most showy varieties for landscape use. It grows tall and flowers very freely. Color is rich violet-rose, the falls a little deeper. Each 20c.; 3 for 40c.

WHITE KNIGHT—Beautiful snow-white throughout without any markings; delicately sweet scented. One of the better whites. Each 15c.; 3 for 35c.

WYOMISSING—A beautiful Iris that must be seen to be appreciated. Standards creamy white, falls deep rose shading to flesh colored border. Each 20c.; 3 for 40c.

Jung's Special Iris Offer

The above 8 Iris are considered among the best varieties and as a Special Offer we will send you one of each postpaid for 75c. Never before have Iris been offered at such a reasonable price.

Improve Your Home Like This By Planting Jung's Shrub Collection

JUNG'S IDEAL SHRUB COLLECTION

Mrs. J. Powrie, Detroit, Mich.—We received our plants from you last week and they looked fine.

This collection of shrubs planted around any home will greatly increase its beauty and value. Never before could you plant shrubs for so small a cost.

Mrs. Roy Fenske, Ferney, S. Dak.—The shrubs reached me in good condition. They surely look nice.

JAPANESE BARBERRY

Notice

At prices quoted on these pages we pay all delivery charges but nursery orders must amount to 50c or more.

FERN LEAVED SPIREA

Fern Leaved Spirea

A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendid. Each 25c.; 3 for 65c.; doz. \$2.50.

New Korean Spirea or Giant Bridal Wreath

The finest of all Spireas. A splendid hardy, rapid growing shrub, 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers. A very hardy attractive shrub that is sure to please. Each 30c.; 3 for 75c.

GIANT BRIDAL WREATH

Japanese Barberry

Perfectly Hardy. Colors Wonderful in the Fall.

One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any desire. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold while during the winter they are covered with bright, red berries. This variety does not spread rust. Strong bushy plants: Each 20c.; 3 for 45c.; 12 for \$1.50; 25 for \$2.95; 100 for \$10.25 postpaid.

GOLDEN WIEGELA

Golden Elder

A valuable plant for producing contrast when planted with other shrubs as it has bright golden yellow foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. Each 25c.; 3 for 65c.

Giants of Gladioli!
See Page 43

ORNAMENTAL SHRUBS

We offer a list of the most popular and highly desirable ornamental shrubs and vines. They are all strong 2 and 3 year old field grown plants and should not be compared to small 1 year plants that are often offered at low prices. We guarantee them to reach you in fresh live condition, entirely different than shrubs or plants that have stood around stores for a long time and dried out.

AMOOR RIVER PRIVET

Hardy Amoor River Privet

This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plants until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation plantings next to buildings, can be pruned or sheared to suit your fancy, the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. We offer strong bushy plants of our own growing. 3 for 40c.; 12 for \$1.00; 100 for \$6.50.

Mrs. Geo. Jamison, Whiteford, Md.—
I was very much pleased with the shrubbery I received from you last year.

Golden Wiegela

A dwarf and very useful shrub which grows 3 to 4 ft. tall. The leaves are margined creamy white and are splendid for planting among shrubs or used as specimen plants around the house or lawn. Flowers rose colored and produced in greatest profusion. A shrub of rare beauty from early spring until late fall; sure to please. Each 25c.; 3 for 65c.; 12 for \$2.25.

GOLDEN ELDER

CHINA ROSE TREE

China Rose Tree

This distinct and handsome little tree is a native of China but perfectly hardy in the U. S. It grows to a height of 5 to 7 ft. and is very well suited for planting on a lawn as a specimen or in the rear of shrub planting. It bears a wealth of large double flowers, very much like a rose and of a delicate pink color. The flowers are thickly set along the branches, commences to bloom very early in spring before even the leaves start. A very unique and beautiful ornament at all times of the year. Strong 2 to 3 ft. trees: Each 45c.; 3 for \$1.25.

FRENCH LILAC

French Lilac

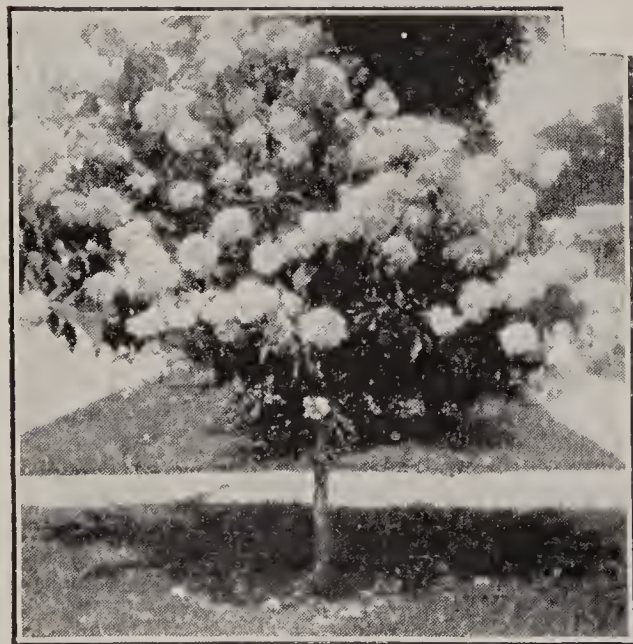

The French Lilaes have larger clusters and are even more fragrant than the common varieties. They make strong sturdy bushes and may be grown in tree form by pruning. You will be delighted with the immense trusses of lilac blue flowers of this fine Lilac. **EXTRA STRONG PLANTS.** Each 35c.; 3 for 85c.

RED LEAVED PLUM

Red Leaved Plum

This may be classed as the best red leaved tree or shrub. Especially fine for planting with other shrubs as the widely colored red foliage shows up unusually fine. The leaves are smooth and richly colored, they come out deep red maturing to a rich bronze as the season advances and maintain the rich color until the leaves drop in the fall. Perfectly hardy and grows 5 to 6 ft. tall. Fine Plants: Each 45c.; 3 for \$1.25.

TREE HYDRANGEA

Tree Hydrangea

We know of no other shrub or tree that will equal the tree Hydrangea for the length of time they are in flower and rare beauty of flowers. It is unsurpassed as a specimen shrub for lawns. We offer the giant flowered type, they will bloom the first year and on rich soil the flower heads will be of immense size. The flowers open up a pure white and later change to pink, commences to blossom in July and remains in flower until winter. Each 50c.; 3 for \$1.25.

Special Offer

One strong plant of each of the following fine tree shrubs for only \$1.50
FRENCH LILAC TREE HYDRANGEA
RED LEAVED PLUM CHINA ROSE TREE

GOLDEN MOCK ORANGE

Beauty Bush

There are few shrubs that can surpass this for beauty of bush and profusion of flowers. It is absolutely hardy, grow to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are deep pink and the flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. Strong 2 yr. field grown plants: Each 30c.; 3 for 75c.

BEAUTY BUSH

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs. It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush perfectly hardy and grows to a height of 4 to 5 ft. Each 30c.; 3 for 75c.

NOTICE

You may select any 3 25c shrubs or vines your choice for 65c.; any 3 30c shrubs or vines your choice for 75c.; any 3 35c shrubs or vines for 90c.

J. E. Paeps, Green Bay, Wis.
 —The plants ordered from you a week ago were received last Friday in good condition. I am so well pleased with the quality of these plants that I am enclosing another order herein.

Golden Bell Forsythia

A handsome hardy shrub that grows 5 to 6 ft. tall. Few, if any of the early flowering shrubs can surpass the splendor and brilliancy of a Forsythia in full bloom. Grace and beauty give them a prominent place in all shrub plantings. Flowers are a bright golden yellow and completely cover the bush. One of the first shrubs to blossom, after the first few warm days of spring they break forth in full flower which remain for weeks. Each 25c.; 3 for 60c.; doz. \$2.25.

Scarlet Flowering Quince

A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. Each 25c.; 3 for 55c.; doz. \$1.90.

Snowball Hydrangea

These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. The flower heads are full and round as a ball, resembling the flowers of the well known Snowball but are much larger. It comes into bloom right after Lilacs and remains in flower until August, does fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. Each 20c.; 3 for 50c.

Special Offer No. 10

**One Strong 2 yr. Field Grown Plant of
these 6 fine Shrubs for \$1.35 Postpaid
Also Free Premiums on 1st Page**

Red Leaved Barberry

A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted with a background of green shrubs; may also be planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. Throughout the season the color will vary from deep red to purplish red. Select 2 yr. plants: Each 30c.; 3 for 75c.; 10 for \$2.25.

Persian Lilac

One of the most beautiful lilaes grown. Of slender, graceful growth, 4 to 6 ft. tall and will not spread over your lawn like common lilaes. Flower heads are very large, bright purple and borne in great profusion. Each 30c.; 3 for 75c.

Snow Garland Duetzia

A valuable and beautiful shrub, it grows 3 to 4 ft. tall and may be used as a single shrub or planted in front of taller shrubs. Flowers are pure white and a bush in full bloom is a mound of glistening whiteness. Each 25c.; 3 for 60c.; doz. \$2.00

Jung's Shrubs are Properly Handled

Shrubs and Plants in order to grow must be properly taken care of from the time they are taken up until they reach the planter. We have spent much money for proper equipment and storage facilities. From the time the plants are taken up in the field the roots are protected from sun and air until they reach you.

Do not compare our shrubs with those offered as bargains, usually they are inferior in size and often stand around stores or counters for many days and the life is gone.

We guarantee all our shrubs and plants to reach you in live growing condition.

Mrs. Jas. Smith, Gallatin, Mont.—The shrubs I ordered from you arrived in six days after I mailed my order. They were in wonderful condition and lovely, live shrubs.

WISTERIA

Wisteria

HARDY PURPLE

A rapid growing vine unsurpassed for beauty. excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age, doing as well in the city under unfavorable conditions as in the country. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. May also be grown as a bush or shrub by pruning. **Strong 2 yr. old plants: Each 30c.; 3 for 65c. 12 for \$2.25.**

SILVER LACE VINE

HARDY CLIMBERS

Silver Lace Vine

This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. Perfectly hardy, very fast growing and will quickly cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during Aug. and Sept. the vines are a fleecy cloud of bloom of ivory white color. Planting one of these fine vines will prove to be a source of joy and pride. **Select 2 yr. plants: Each 45c.; 3 for \$1.25.**

TRUMPET VINE

Trumpet Vine

A vigorous growing, hardy vine that will climb high and twine itself tightly with numerous tendrils along the stems. The vines are well supplied with heavy fern-like foliage and remain in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. Extremely valuable for covering old walls, shading porches or wherever a showy vine is wanted. May also be grown as a handsome bush by keeping trimmed. **Strong plants: Each 30c.; 3 for 75c.**

SCARLET HONEYSUCKLE

Engelman's Ivy

A very desirable variety as it is much hardier than Boston Ivy withstanding heat and severe cold much better. It is a type of Ivy which has been long wanted as it has shorter joints and handsome foliage and is well supplied with tendrils that cling to the wall very tight. If you wish a beautiful rapid growing vine you will not be disappointed with this variety. **Each 25c.; 3 for 65c.; 12 for \$2.25.**

ENGELSMAN'S IVY

Climbing Honeysuckle

SCARLET TRUMPET

One of our finest and most satisfactory climbing plants. The foliage is showy and attractive and the bright red, fragrant, trumpet-shaped flowers are produced in great profusion and over a long period of time. A splendid vine for porches or trellises as it makes a rapid growth and often blooms the same year it is planted. **Each 25c.; 3 for 65c.**

TRITOMA

Tritoma

PFITZERI or RED HOT POKER

Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from Aug. to Oct. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. **Extra strong plants: 3 for 35c.; 6 for 65c.; doz. \$1.25; 100 for \$7.00; 1,000 for \$40.00.**

Mrs. E. M. Hart, Walla Walla, Wash.—Received the plants and am more than pleased with them.

David Pringle, Minneapolis, Minn.—Have been buying your seeds for over 8 years because I know what I get from JUNGs, both seeds and Shrubs are always first class.

REGEL PRIVET

VIBURNUM

ANTHONY WATERER

PHILADELPHUS VIRGINALIS

Privet

REGEL or FERN LEAVED

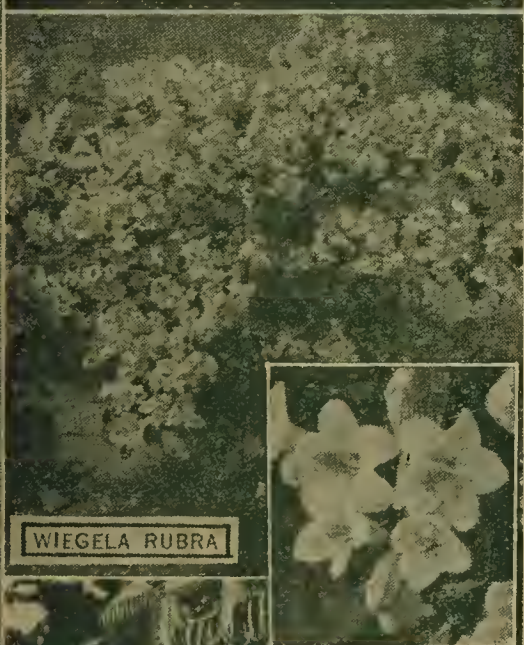

A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, drooping gently at the ends, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations and entrances. Each 20c.; 3 for 50c.; 12 for \$1.75.

BUSH HONEYSUCKLE

HYDRANGEA P. GRAND.

WIEGELA RUBRA

SPIREA VAN HOUTTEI

Bush Honeysuckle

TARTARIAN ROSE

A large handsome bush, especially useful as a background for lower shrubs or for hiding unsightly buildings or fences. Will thrive in partial shade. The bushes are loaded with bright pink flowers in May and June followed by red berries in the summer and fall. It is very hardy and one of the first shrubs to leaf out in the spring. Each 20c.; 3 for 50c.

Hydrangea

PANICULATA GRANDIFLORA

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy and Attractive

If you can have but one shrub let it be one of these Hydrangeas. you will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to blossom the first year planted. The giant flowers appear in July, they open pure white later changing to pink. We offer only strong field grown plants of the true Giant Flowered type. Each 25c.; 3 for 65c.; doz. \$2.50

Viburnum

GIANT RED BERRIED

One of our hardy useful and beautiful shrubs growing to a height of 5 to 6 ft. They have handsome brilliant green foliage which form a rich setting for large broad heads of white flowers in June which are later followed by great clusters of crimson berries that remain on the bushes until late winter. 2 yr. Plants: Each 25c.; 3 for 65c.

Special Shrub Offer

One Strong 2 yr. Field Grown Plant of each of the 8 fine Shrubs shown on this page for \$1.75
2 of each for \$3.25

SEE ALSO FRONT COVER

Mrs. Herman Nitsche, Sheboygan, Wis.—Have been getting my seeds and shrubs from you for several years and everything grows just wonderful.

Spirea

ANTHONY WATERER

THE BEST EVERBLOOMING RED SHRUB

A popular and handsome shrub forming round bushes 2½ to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads or clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. 2 yr. plants: Each 25c.; 3 for 65c.

Philadelphus

VIRGINALIS or DOUBLE FLOWERED

May be ranked as one of the most beautiful shrubs grown. They come into full bloom in June and look like a huge bouquet, being completely covered with clusters of large, double, pure white, sweetly scented flowers and remain in flower 4 to 5 weeks. Throughout the summer single and semi-double flowers are produced on the new growth. Grows to a height of 5 to 6 ft and is very hardy. Strong 2 yr. plants: Each 25c.; 3 for 65c.

Wiegela

RUBRA

A very desirable and easily grown shrub that is gaining in popularity every year. Forms neat heavily leaved shrubs 5 to 6 ft. high and during June the bushes are covered with an abundance of the bright rose colored flowers. May be used with other shrubs or planted alone, will bloom in partial shaded locations. Each 20c.; 3 for 50c.; doz. \$2.00.

Spirea

VAN HOUTTEI or BRIDAL WREATH

One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs, very largely used in all landscape work. It forms a round and graceful bush with drooping or arched branches which in June are completely covered with snow-white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Extra strong plants each 20c.; 3 for 50c.; 6 for 95c.; 12 for \$1.75.

Mrs. C. A. Potter, Selby, So. Dak.—The plants we received from you last year and this year are just wonderful. Will recommend your stock anywhere.

Mrs. Edw. Glymps, Phelps, N. Y.—My shrubs arrived in good condition and I am very much pleased.

Beautify Your Home

A few dollars spent for shrubs, garden or flower seeds, when properly planted and cared for, will bring to you pride in your home, healthful recreations and above all contentment.

DOGWOOD

Variegated Dogwood

A highly valuable shrub that may be kept in any desired shape by pruning. May be used as a specimen shrub or for planting as the beautiful silver variegated foliage offers a fine contrast. Beautiful both in summer and winter as the branches are deep red. **Strong Plants:** Each 25c.; 3 for 55c.

SNOWBERRY

LILY OF THE VALLEY

Butterfly Bush

One of Our Finest Everblooming Shrubs.

Blooms the first year and is in flower from early summer until frost. The plants die down in the winter, in the spring the old tops should be cut off close to the ground. As soon as the weather has warmed they make a rapid growth. 3 to 4 ft. tall and each branch terminates in a beautiful lilac-colored spike, 3 inches in diameter and 8 to 10 inches long. Often single bushes will have from 40 to 60 spikes at one time. Cover the plants with coarse manure or leaves after the ground freezes up. Each 25c.; 3 for 60c.

FIRE BUSH

Fire Bush

(Euonymus Alatus)

An unusually handsome shrub, growing to a height of 5 to 6 ft; most regular in outline and well suited for planting with other shrubs or as specimen plants on the lawn. The bright glossy green leaves change in fall to a deep rose color, particularly handsome in fall with its brilliant foliage and scarlet berries. Each 40c.; 3 for \$1.00.

Snowberry

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grow 2 to 4 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. **Strong bushy plants** each 20c.; 3 for 50c.; 12 for \$1.75.

Lily of the Valley

The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places especially on the north or east side of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. 6 for 30c.; 12 for 50c.; 100 for \$3.25.

YUCCAS

Filamentosa A tropical looking plant with long, narrow leaves which remain green almost the entire year. Grows in close clumps and throws up a flower stalk, 4 to 5 ft. tall from which hang beautiful creamy-white bell-shaped flowers, often 50 to 100 flowers on a spike. It remains in bloom a long time during June and July and may be classed as one of our best hardy ornamental plants. Does well even on poor, dry soil; a very fine plant for cemeteries. Each 20c.; 3 for 50c.

New Variegated Among the hardy foliage and flowering plants for the lawn few are more stately than this splendid yucca. The broad sword-like foliage is deep green and broadly margined creamy white adding much to its beauty. Also produces immense spikes of creamy white flowers. Each 30c.; 3 for 75c.

BUTTERFLY BUSH

SPIREA DOUGLASSI

Spirea Douglassi

A beautiful shrub growing 4 to 6 ft. tall with reddish brown branches and narrow oblong foliage. Produces handsome spikes of deep rose-colored flowers in July and August. Perfectly hardy and very useful in mixing in with other shrubs or specimen plants. Each 20c.; 3 for 50c.; doz. \$1.75.

YUCCA

GIANT FANCY IRIS

Bleeding Heart

GIANT FLOWERED

An improved type of the popular oldfashioned favorite. The beautiful finely cut foliage and long showy branches of graceful heart-shaped pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery, also used quite extensively for cutting or bouquets. Does equally well in sun or shade. Each 25c.; 3 for 60c.

Mrs. Alice Gray Browne, Oldtown, Maine.—Your glads last year were very satisfactory so I am ordering more this year.

Mrs. J. H. Rathmann, Goose Lake, Iowa.—I got a collection of Glads from you last year and they were gorgeous.

RUFFLED GIANT GLADIOLI

IRIS

Giant Fancy

Iris may be classed as one of our most popular hardy flowers. They are easily grown, not bothered by insects and are unusually hardy. As a special offer these plants are offered in mixture which is made up of the best large flowering varieties and does not contain plants of the common varieties. You will be more than pleased with these plants when they come into flower. 6 for 40c.; doz. 75c.

HARDY FERNS

HARDY FERNS

Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown and are especially adapted for shady places where other plants or shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U. S. Full cultural instructions sent with each order. 3 for 40c.; 6 for 75c.; doz. 1.25, postpaid.

Mrs. Chas. Krumm, Manitowoc, Wis.—Must tell you that every one of the shrubs from you last year grew fine and I was so much pleased.

BLEEDING HEART

GLADIOLI Ruffled Giants

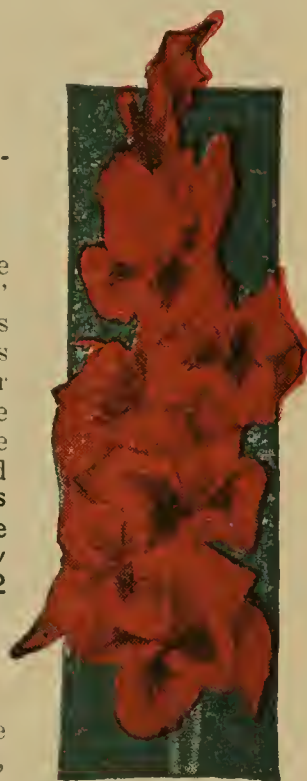

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow.

Sure to Bloom

These bulbs are put out for people who want the very best of the new giant flowered ruffled "glads." Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 inches across. A guarantee is sent with each lot, if any time after blooming you are not satisfied return this certificate and your money will be refunded. Large Select Bulbs: 6 for 35c.; 12 for 60c.; 50 for \$2.00; 100 for \$3.75.

Red Glory

If you wish a bright red "glad" of immense size and rare beauty, plant Red Glory. Giant red flowers, heavily ruffled and well placed on long straight stems. Each 15c.; 3 for 30c.; 6 for 50c.; doz. 95c.

RED GLORY

Supreme Mixed

Many of our customers want a choice assortment of Gladioli at nominal expense and we therefore made up this very choice mixture of different types and colors. This is not made up of odds and ends but is carefully blended for a complete range of colors and all large flowering varieties. Our sales on this mixture are increasing every year and we do not hesitate to recommend it in every way. 6 for 25c.; 12 for 45c.; 50 for 1.25; 100 for \$2.00. Guaranteed to bloom the first season.

SUPREME MIXED GLADIOLI

LAWN GRASS**Jung's Fairfield Special Mixture**

ALWAYS GROWS, ALWAYS THRIVES, HARDY, DEEP VELVETY GREEN, SURE TO PLEASE

Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, which will stand the frosts of winter and the hot sun of summer, showing a deep rich green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. Lb. 40c.; 5 lb. \$1.90, postpaid. Not prepaid: Lb. 40c.; 5 lbs. \$1.80; 25 lbs. \$7.00; 50 lbs. \$13.00; 100 lbs. \$24.00.

Fancy Wisconsin White Clover

For some lawns especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. Fancy Seed: $\frac{1}{4}$ lb. 20c.; $\frac{1}{2}$ lb. 35c.; lb. 60c.; 5 lbs. \$2.75 postpaid.

**Shady Spot Lawn Grass**

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. Lb. 55c.; 5 lbs. \$2.50, postpaid.

FLOWER SEED SPECIALTIES

YELLOW CHRYSANTHEMUM

ASTER**Yellow Chrysanthemum**

The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. The plants are of the branching type, vigorous growers and many will produce from 15 to 24 fancy flowers on long stems suitable for fancy cut flowers. Flowers are produced so numerous that a plant looks like a gold dome. A truly superb Aster. Pkt. 10c.; 3 pkts. 25c.

Double Nasturtium**Golden Gleam**

A new double flowering, sweet-scented Nasturtium of great beauty. Large golden yellow flowers $2\frac{1}{2}$ to 3 inches across are borne on long stems. A marvelous flower for the garden or bouquets. Pkt. 10c.; 3 pkts. 25c.

Butterfly Plant**Giant Flowered Mixed**

Wonderful showy plants having leaves like a fern and blossoms like an orchid. The plants grow $1\frac{1}{2}$ to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color. These flowers are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. Pkt. 10c.; 3 pkts. 20c.

Sweet Peas**Dwarf or Bush**

Many people wish to grow Sweet Peas but do not care to bother with putting up a trellis or support. By planting this new strain you can grow fine large flowers without support as the plants grow but 15 to 18 in. tall and will delight you with their abundance of fine large flowers for a long time. Our strain is made up of fancy large flowering strains and will give splendid results. May also be sown in pots for winter blooming. Pkt. 10c.; $\frac{1}{2}$ oz. 20c.; oz. 35c.

H. S. McCarron, Dubuque, Iowa—We always had just wonderful results from your seeds. also any plants we bought. We are looking forward to a lovely big garden again this year—thanks to JUNGs seeds.

GOLDEN GLEAM

Special Offer

These four splendid Flower Novelties will delight and please you with their unusual beauty and fragrance. 1 Pkt of each for 30c.

Mary E. Auman, Stahlstown, Pa.—I have had fine vegetables and flowers from your seeds. I recommend them to my neighbors every year.

BUTTERFLY PLANT

BUSH SWEET PEAS

Jung' Select Flower Seeds

The same care and time used in growing our garden seeds also enters into the production of our flowers seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 25c or more we send a booklet on growing flowers free.

BETTY JUNG ASTERS

Our Giant Flowered Aster "Betty Jung"

This new Aster outrivals anything we have seen yet in Asters and we have been growing and improving them for 24 years. The plants are very vigorous growers and instead of producing a large number of lateral stems the entire strength seems to go toward producing from 6 to 10 long main stems, each of which is crowned with one of the mammoth flowers. The flowers are giant in size, very full and double and of very lasting quality; the type of flower is well shown in the illustration. White, Bright Rose, Shell-pink, Deep purple and Mixed. Pkt. 15c.; $\frac{1}{4}$ oz. 50c.; Pkt. of each color for 35c.

Grace Shrum, Shoals, Ind.—Both flowers and vegetable seeds ordered from you last year were excellent.

LAVATERA

Cardinal Climber

One of the most beautiful climbing annuals we know of and should be grown by every lover of vines or climbers. The foliage is like a palm leaf, rich glossy green with fringed edges against which the brilliant scarlet flowers, about one inch across show off beautifully. In a warm sunny location and rich soil it grows 20 feet in height. It is of rapid growth, free from insects and a beautiful vine for porches or trellises. Pkt. 10c.; 3 pkts. 20c.

CARDINAL CLIMBER

Carnation

GIANT MARGUERITE

These lovely fragrant Carnations produce fine double flowers. The flowers of this wonderful strain often measure three inches across and have a variety of colors including white, blush, deep pink, salmon, scarlet, maroon and many variegated flowers. Most of them have lovely fringed petals. One great merit of these Carnations is that they begin to flower in about 13 weeks time from seed sown in the spring. Pkt. 10c.; 3 pkts. 20c.

CARNATIONS

LITTLE PRINCE

Candytuft

LITTLE PRINCE

This is a dainty and distinct Candytuft the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance, remaining in perfection longer than any other annual strain. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

FANCY MIXED

These Candytufts are of fine habit and very profuse bloomers. They come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Also very useful for cutting. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

FANCY MIXED CANDYTUFT

Cockscomb

GIANT PRIZE MIXED

Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 8c.; 2 pkts. 15c.; $\frac{1}{8}$ oz. 25c.

Lavatera

ROSY MORN

These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems they are very useful for vases and bouquets. It is easy to grow and sure to please. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 15c.

COCKSCOMB

DAHLIAS

GARDEN PINKS

FAIRFIELD FINEST MIXED

These hardy annuals may be ranked among the fairest gems of our flowers as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. The plants spread rapidly and make ornamental masses of growth. They may be sown in the open ground when danger from frost is over and in a few weeks they are masses of bloom continuing so until frost. Our mixture includes the best single and double sorts. Pkt. 7c.; 2 pkts. 12c.; $\frac{1}{8}$ oz. 20c.

GARDEN PINKS

DAHLIAS

JUNG'S FANCY MIXED

The Dahlia still holds its place as "king" of all outdoor autumn flowers and they may be grown to the greatest perfection from seed, blooming the first summer. As easy to grow from the seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. Pkt. 10c.; 3 pkts. 20c.

Chinese Woolflower

Most Magnificent Garden Annual Ever Introduced. The plants average 2 feet in height, branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom, mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall until severe frosts destroy them. A rare novelty. Fresh cut flowers when dried are very much used for winter decoration. Pkt. 10c.; 3 pkts. 20c.

CHINESE WOOLFLOWER

QUALITY FLOWER SEEDS

Our Flower Seeds are of the highest quality and great care is used in making our mixtures so that colors are properly blended.

MOLTEN FIRE

GROWING FLOWERS

A booklet of valuable instructions on growing vegetables and flowers will be sent free. See inside cover.

SATIN FLOWER

COSMOS

GIANT EARLY FLOWERING MIXED

Grace and brilliancy are the characteristics of this pretty annual. The beautiful flowers with their deep broad petals rise from a cloud of fine feathery foliage. They are of compact, bushy growth about four feet high with flowers fully as large as the old variety. Flowers are of various shades, ranging from pure white to purplish crimson. Pkt. 5c.; 3 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

COSMOS

MOLTEN FIRE

TRICOLOR

A wonderfully fine ornamental plant that is sure to attract attention wherever grown on account of its brilliant color. Plants grow rapidly and have bronze colored foliage until the plants attain a height of about 2 ft. when the tips of the branches open up like gigantic poinsettias taking on a bright scarlet and gold color. Pkt. 10c.; 3 pkts. 20c.

Summer Azalea or Satin Flower

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms shiny like satin, deep rose colored and remain in blossom a long time. Pkt. 7c.; 2 pkts. 10c.

Morning Glories

GIANT JAPANESE MIXED

The robust vines attain a height of from 15 to 20 feet. Their charm lies in the entrancing beauty and large size of the flowers; they measure from 3 to 4 inches across. Some flowers are of deep, rich, velvety colors, others daintily tinted and shaded. There are reds from soft rose to crimson and garnet; daintiest blue to purple; snow-white to silver gray. They are easy to grow and quick to come into bloom. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{4}$ oz. 15c.

JAPANESE MORNING GLORY

GIANT MASTERPIECE

SPECIAL PREMIUMS
SEE PAGE 2

GIANT CLIMBING NASTURTIUMS

NASTURTIUMS

This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or brush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 ft. tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 5c.; oz. 20c.

AMERICAN LEGION POPPY

Mrs. Wm. Henson, Shelbyville, Ill.—We have bought from you for several years and find your seeds of excellent quality. They never fail to grow and produce good vegetables and beautiful flowers.

J. F. Bogner, Steelton, Pa.—I think your seeds are wonderful and have used them 4 or 5 years. finding them just as you say.

PANSIES

GIANT MASTERPIECE

This giant Pansy is remarkable for having its petals waved or folded, giving it the appearance of a double flower. The truly giant sized flowers are of the most striking character, the petals being of a rich velvety substance and heavily ruffled. The colors are mainly dark rich shades, bordered, blotched or marked in ray-like veinings. The mammoth size, richness and beauty of colorings combined with the ruffled character of the petals makes the Masterpiece one of the finest Pansies ever developed. Pkt. 15c.; 2 pkts. 25c.; 1-8 oz. 50c.

JUNG'S GIANT FANCY MIXED

This "Fancy Mixture" contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long, stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, cream, yellow, deep orange, mahogany, claret, reddish bronze, rose. all are distinctly blotched. the compact rounded plants are of sturdy habit and bear gigantic flowers profusely and continuously. Pkt. 20c. ; 1/8 oz. 75c.

PETUNIAS

DEFIANCE MIXED

This strain bears grand, substantial flowers of the largest size in profusion. The flowers frequently measure five inches across; the colors are indescribably rich and varied. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined, especially in the throat portion and in many the throat is darker than the outer portion of the petals, imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. Pkt. 25c.; 3 pkts. 50c.

GERANIUMS

GIANT ZONALE HYBRIDS

It is not generally known that geraniums can be easily grown from seed, in fact some of the finest new varieties are started from seed. Seed sown early will produce flowering plants the first year. Our seed contains a great variety of colors and there is much pleasure in watching them develop from seed to blooming plants. Pkt. 10c.; 3 pkts. 20c.

POPPIES

AMERICAN LEGION

A highly improved Flanders Poppy that will produce a mass of giant brilliant orange-scarlet flowers. A bed or row in your flower garden will produce a sight grand to behold. If cut in the bud and placed in water they will open and last for several days making brilliant bouquets. Pkt. 7c.; 2 pkts. 10c.

GIANT DOUBLE MIXED

These double fringed annual Poppies are very beautiful; they belong to the carnation-flowered type, the large flowers having the same globe formation with gracefully fringed petals. Plants are of branching, stocky growth, 15 to 18 inches high, each plant carrying several of these exquisite flowers. The great variety of fine color ranges from the most gorgeous shades down to pure white. They are of the easiest culture. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 15c.

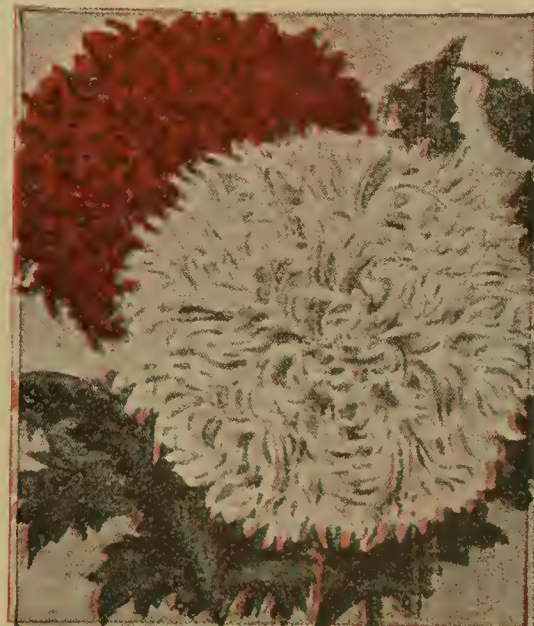

GIANT FANCY PANSIES

DEFIANCE PETUNIAS

GERANIUMS

GIANT DOUBLE POPPIES

PHLOX DRUMMONDI

Phlox Drummondii

GRANDIFLORA MIXED

This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large that they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. For a mass of splendid colors no flower will give a more satisfactory return for so little cost. No garden should be without these most beautiful of all dwarf growing annuals. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

SALVIA

BONFIRE

One of the finest Salvias and the grandest bedding plant known. A bed of them will surpass the finest scarlet geraniums in brilliancy and continuous bloom. The plants grow very bushy attaining a height of about 30 inches and single plants often carry 100 spikes measuring 8 to 12 inches in length. The flowers are of a brilliant, dazzling scarlet and from the time they first begin to flower the plants are a continuous blaze of color until killed by frost. We know of no other flower that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Why pay from 50 to 70 cents per dozen for these plants when you can raise at least 50 plants from a pkt. of our seed. Pkt. 8c.; 3 pkts. 20c.; $\frac{1}{8}$ oz. 35c.

ANNUAL SWEET WILLIAM

SWEET ALYSSUM

Free flowering handsome annuals for beds, edgings, etc. This variety is very dwarf and blooms profusely forming a mass of solid pure snowy whiteness throughout the summer. Excellent for either beds, borders, or edgings; try it once and you will always want it. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{4}$ oz. 25c.

SWEET ALYSSUM

SALVIA

Sweet William

HARDY ANNUAL MIXED

The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rose-pink, etc., many of which are edged with white. Splendid for beds or borders. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 15c.

Verbenas

FAIRFIELD FAMOUS MIXED

We offer you a giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure one inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. Pkt. 8c.; $\frac{1}{8}$ oz. 25c.

DWARF PHLOX

Dwarf Phlox

NANA COMPACTA MIXED

This splendid race of dwarf annual Phloxes cannot be overpraised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. They succeed everywhere and are in universal favor for summer growing flowering purposes. Bushes are dwarf and compact, six to eight inches high, forming dense masses of bloom all summer. The colors include pure white deep and showy red, rose with white eye and many other shades. Pkt. 8c.; 2 pkts. 15c.; $\frac{1}{8}$ oz. 25c.

SPIDER PLANT

Spider Plant

A showy garden annual producing attractive heads of bright rose colored flowers. They grow 4 to 5 ft. tall, come into flower early and remain in bloom until late fall. Pkt. 8c.; 2 pkts. 15c.

Complete Instruction Booklet on growing Vegetables and Flowers is sent free if asked for, with every order of 25c or more.

VERBENA

SWISS CHARD

Swiss Chard

Lucullus

Plants grow two feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 5c.; oz. 10c.; 1/4 lb. 30c.

ENDIVE

Endive

Green Curled

Mostly sown in June or July for fall use; plant in rows about one foot apart, thin out to 8 inches apart and when well along blanch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled; easily blanched and becomes crisp, tender and very fine flavored. Pkt. 5c.; oz. 10c.; 1/4 lb. 35c.

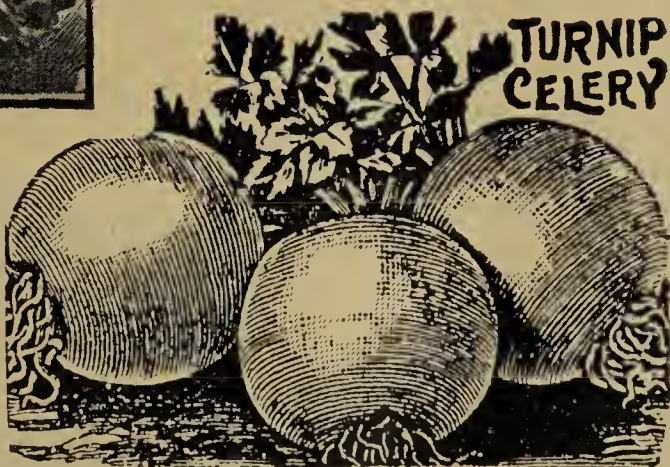

Broccoli

Italian Green Sprouting

One of the newer vegetables that is rapidly gaining in popularity as its excellent qualities are becoming known. It is grown the same as cabbage or cauliflower and is ready for use in about 90 days after sowing. The head is a compact cluster of tightly closed flower buds somewhat like a cauliflower in shape only. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 8c.; 1/2 oz. 20c.; oz. 35c.

Turnip Celery

This is an excellent vegetable. It produces large turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables, for flavoring soups, or sliced and used as a salad. Pkt. 5c.; 1/2 oz. 12c.; oz. 20c.

TURNIP CELERY

Brussels Sprouts

Long Island Improved

The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage. Hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 7c.; oz. 20c.

SPECIAL PREMIUMS
SEE INSIDE FRONT COVER

BORECOLE or KALE

Borecole or Kale

Dwarf Curled

Useful for furnishing greens or boiling during the early fall, winter and spring months. The leaves are very curly bright green, tender and delicate in flavor. The plants are hardy and the quality is improved by freezing. Pkt. 5c.; oz. 10c.

BLACK BEAUTY

Egg Plant

Black Beauty

The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits, which weigh from one to three pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear eight to ten immense fruits before being killed by frost. Pkt. 8c.; 1/2 oz. 25c.; oz. 40c.

BRUSSELS SPROUTS

Celery Cabbage

Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp, celery-like stalks, beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c.; 1/2 oz. 12c.; oz. 20c.

Cress

Fine Curled

An annual, making a good salad. Leaves are finely cut and feathery like a good parsley. It is dwarf and compact in growth. Very ornamental, of quick growth, crisp and refreshing. Pkt. 5c.; oz. 10c.

JUNG'S SELECT ONION SEED

AUSTRALIAN BROWN

We make a specialty of **HIGH GRADE ONION SEED.** It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be by far the cheapest when you compare the resulting crop.

GIANT SWEET SPANISH ONION

Mrs. C. Brehmer, Adams, Wis.—We enclose a snapshot of a field of Prizetaker Onions raised from JUNG'S SEEDS. Many of them weighed a pound and over.

Robert Clark, Janesville, Wis.—Am sending for some of your onion seed for a neighbor who saw the big ones I raised from your seed last year. Last season I had a lot of them that weighed 1 lb. and over.

Mrs. C. E. Wheaton, Springfield, Ore.—The seeds I got last year produced fine plants. The Spanish Sweet Onions were especially fine. I think every seed grew.

Australian Brown

Long Keeping, Fine Quality. This sort is distinct from all other Onions. Is uniform in size and shape, wonderfully hard, solid and heavy and will keep almost indefinitely. Ripens extremely early and never makes scallions. It is of medium size, round, with skin of a deep amber-brown; flesh white, mild and agreeable. A sure cropper. Pkt. 5c.; oz. 15c.; ¼ lb. 50c.; lb. \$1.75.

SILVERSKIN

Silverskin

A leading white, flat onion. The bulbs attain a good size, ripen evenly and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. For a white variety it is not only early but also a good keeper. For slicing and boiling it is one of the best, the flesh being mild and tender. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. For the family garden it is one of the best. Pkt. 8c.; oz. 20c.; ¼ lb. 60c.; lb. \$2.00.

Large Red Wethersfield

The most popular red variety. It is very productive, having yielded over 1,000 bushels per acre. It is an early ripening sort but continues in growth throughout the season and consequently makes a very large onion; the bulbs are large though somewhat flattened as shown in the illustration. The outer skin is a deep purplish red, with white flesh slightly tinged with rose. It is a fine keeper, suitable for later markets. The flavor is good and mild, admirable for boiling. The best variety for poor or dry soil. You will make no mistake by giving this variety a trial. Pkt. 8c.; oz. 15c.; ¼ lb. 50c.; lb. \$1.85.

Select Yellow Globe Danvers

This is a standard yellow Onion and is more largely grown than any other variety. The bulbs grow to about 2½ inches in diameter, are nearly globe shape and of a light yellow color. The flesh is pure white and the bulb is extremely hard and solid, its handsome appearance has placed **YELLOW GLOBE DANVERS** among the leading varieties for the home and market garden. It forms a bulb very early in the season so that it may be used almost all summer and ripens crisp and solid in the fall. It is a very heavy cropper. Our strain of this variety is unsurpassed. Pkt. 8c.; oz. 15c.; ¼ lb. 50c.; lb. \$1.90.

Giant Sweet Spanish

THE GIANT AMONG ONIONS. ALWAYS GETS FIRST PRIZE

We offer a very choice strain of this popular Onion which on account of its large size is in great demand. Specimens have been grown weighing 2 pounds or more. It is globe shaped and has a very small neck, a sure indication of fine quality. The skin is a beautiful straw color; flesh pure white, tender and of mild delicate flavor; for eating raw it has no equal. It is a good keeper for such a large onion. If you want to grow big onions plant Giant Spanish. Pkt. 8c.; oz. 25c.; ¼ lb. 85c.; lb. \$3.00.

SPECIAL ONION PRICES
SEE PAGE 2

Prizetaker

The King of All Yellow Globe Onions

This is one of the largest Onions in cultivation. It is a large beautiful Spanish variety so often seen in the fruit stores and markets of the large cities. Bulbs are nearly globe shaped with bright colored skin growing to an immense size the first season from seed. They ripen up without stiff necks and present a very handsome appearance. The flesh is pure white, fine grained, delicious and mild in flavor; fine for fall and early winter use. Bulbs measure from 12 to 14 inches in circumference and with rich soil and under special cultivation specimens have been raised weighing two pounds each. In markets they sell rapidly at good prices. Pkt. 8c.; oz. 15c.; ¼ lb. 60c.; lb. \$1.95.

LARGE RED WETHERSFIELD

YELLOW GLOBE DANVERS

PRIZETAKER ONION

THREE TRUE GLOBE ONIONS

The Southport Globe Onions have increased wonderfully in public favor during the past few years and they well deserve their popularity. In almost all markets they invariably bring top prices. They are not only of handsome appearance, remarkable solidity and good keepers, but also fully equal in yield to the best strains of any variety.

Select Southport Yellow Globe

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging nine or ten inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. Pkt. 8c.; oz. 20c.; 1/4 lb. 50c.; lb. \$1.90.

Select Southport Red Globe

A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. Pkt. 8c.; oz. 15c.; 1/4 lb. 50c.; lb. \$2.00

LEEK

Large American

Most highly esteemed for flavoring soups, stews, etc. The plants are of strong vigorous growth and have extra long stems which blanch to a snowy whiteness and are of delicious flavor. Cultivate the same as for onions. Pkt. 5c.; oz. 15c.

PARSNIPS

Jung's Private Stock This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded gradually tapering to the base, so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored, cooking tender, sweet and rich. Pkt. 8c.; oz. 15c.; 1/4 lb. 30c.; lb. \$1.00.

Improved Half Long This variety is an improvement on the old Hollow Crown forming roots thicker and shorter than that variety and is also more easily gathered. The flesh is white, of fine texture, free from core and stringiness and of the finest flavor when cooked. This parsnip is one of the heaviest croppers and we recommend it both for garden and field culture. Pkt. 5c.; oz. 12c.; 1/4 lb. 25c.; lb. 80c.

PRIVATE STOCK

Select Southport White Globe

The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference and is solid and heavy; the flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White Portugal or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark or dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 8c.; oz. 25c.; 1/4 lb. 70c.

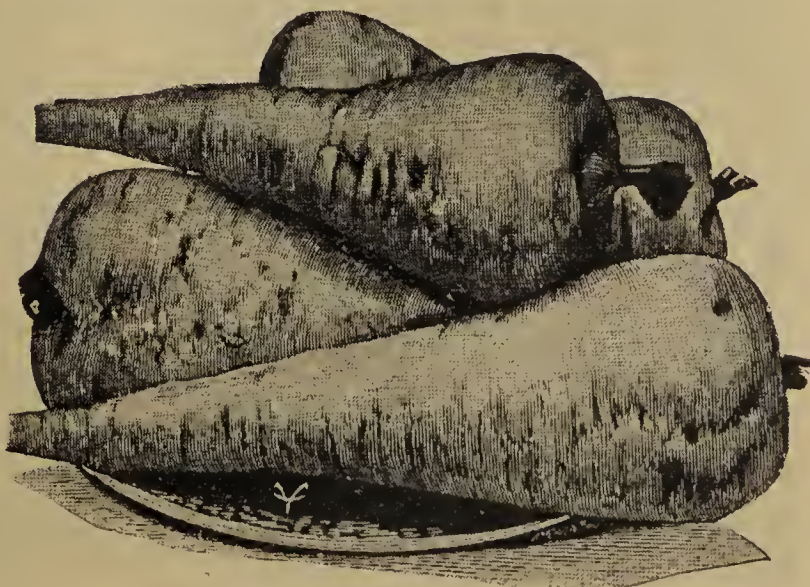

JAPANESE ONION SETS

Japanese Onion Sets

The finest thing ever offered in Onion sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed, these sets instead of running to seed will mature a large and handsome bulb of yellow or golden color, very solid and excellent keeper. Those who have used the sets before are now planting them entirely. We guarantee them to give satisfaction or will refund your money. Pt. 20c.; qt. 35c.; 4 qts. \$1.10.

N. Trahan, Webster City, Iowa.—Using your seed for 2 years and greatly pleased with them. The Japanese onion sets can't be beat.

IMPROVED HALF LONG

GARDEN PEAS

Our PEAS are northern grown and free from bugs. They are the earliest, hardiest and most productive. They were grown from the finest selected stock, are bright, handsome, of perfect growth, were critically rogued and carefully hand picked. We advise our friends and customers to send their orders early so they may be filled before our stocks are exhausted.

Giant Podded Early

An exceptionally early pea, as early as Alaska with pods one-fourth larger. Vines grow medium height, very robust and productive. Pods $3\frac{1}{2}$ to 4 in. long and contain 7 to 8 large peas. A very fine extra early Pea that can be sown as early in the spring as the soil can be worked. Pkt. 7c.; $\frac{1}{2}$ pt. 17c.; pt. 30c.; qt. 50c.

Everbearing

A fine second-early or main crop Pea which combines quality and yield and will continue bearing a long time if the pods are kept picked. It has a remarkable habit, sometimes forming as many as six stalks which accounts for its great yields. The pods are of good size and contain from eight to ten large peas which are of remarkable fine quality. Pkt. 7c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 60c.

Mrs. W. A. Morgart, Jennings, Maryland.—I have been getting seeds from you for four years and am so pleased with all of them, especially the Everbearing Peas.

EVERBEARING

Little Marvel

A New Extra Early Dwarf Pea. The vines are of dwarf even growth, averaging fifteen inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about four inches in length, are square at the bottom and well filled with six to seven large, deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 10c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 60c.

Early Excelsior

The leader of the early dwarf wrinkled Peas. It grows to a height of about twelve inches; of compact growth, being similar to Nott's Excelsior in this respect but superior to it in the following particulars: First: The vines are more dense and sturdy. Second: The peas and pods are decidedly larger measuring from $3\frac{1}{2}$ to 4 inches in length and contain from 6 to 8 peas of delicious quality and is a much surer cropper. It is also very early; the past three seasons it was ready for use in 45 days after sowing. One of the most valuable EARLY PEAS surpassing in earliness, yield and quality. Pkt. 8c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 55c.

Blue Bantam

A splendid new pea of sturdy, dwarf growth, one of the best of the large podded early dwarf pea. The vines grow 14 to 16 inches tall, are dark green in color and wonderfully productive, bearing a profusion of handsome dark green pods which measure 4 to $4\frac{1}{2}$ in. long and contain from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large, they require no brush or support. You will plant this variety every year after once trying them out. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 35c.; qt. 60c.

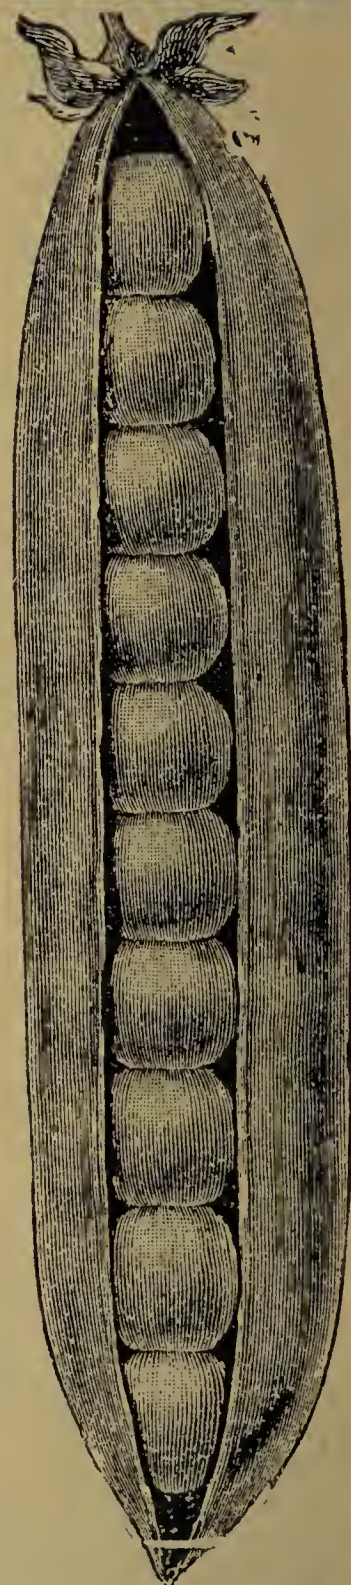

Jung's Select Little Gem

One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. The vines grow 14 to 16 inches tall and require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gems". Pkt. 7c.; $\frac{1}{2}$ pt. 17c.; pt. 30c.; qt. 55c.

C. M. Yoder, Hutchinson, Kans.—Your Blue Bantam Peas sure advertise themselves as we have planted them 4 years now and like them for canning.

LITTLE GEM

BLUE BANTAM

DWARF TELEPHONE

Jung's Dwarf Telephone

Another new pea of superlative merit. The well-known Telephone Pea has a large pod but also a long vine. This Pea has all the excellent qualities of the old Telephone but is dwarf in habit, bears stronger pods, more of them and we believe are far richer in quality. The height under ordinary culture is from 18 to 20 inches, requiring no brush. The pods are giant often containing 10 large peas, thick, meaty and rich and of good lasting quality for market purposes. The pea is of the largest size imaginable and of delicious flavor; when fit for the table it is deep green and presents a rich appetizing appearance. We know that this magnificent Pea will be hailed with delight by all market gardeners and city planters to whom we heartily recommend same. Pkt. 8c.; 1/2 pt. 25c.; pt. 35c.; qt. 60c.

"LORD LEICESTER" The Giant among Peas

This is one of the largest podded varieties in cultivation and also a sure cropper. We have grown it for six years and it has never failed to produce a good crop. The plant is of branching habit, growing about five feet in height with dark foliage. It is of very vigorous and robust constitution which enables it to withstand drought and mildew. The pods are produced in profusion, mostly in pairs, some measuring 6 inches in length and contain 9 to 12 peas. You will be delighted to show your friends such enormous pods which in addition to large size, combine rich and succulent flavor not surpassed by any other variety. For quality it is superb, the peas fairly melt in your mouth. Pkt. 10c.; 1/2 pt. 20c.; pt. 35c.; qt. 60c.

Jung's Honey Sweet

One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stock vine about 18 inches high and require no support. The pods are produced in great profusion; they are 4 to 4 1/2 in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer, never failing to produce a crop of the giant pods. Pkt. 8c.; 1/2 pt. 20c.; pt. 30c.; qt. 55c.

EDIBLE PODDED PEAS

Mammoth Melting Sugar

This variety is far superior to all others of the edible class of garden peas, not only in size of pods but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the ordinary kinds. The pods are used the same as snap or string beans and will also make excellent pickles. The vines grow about four feet tall and are very productive. Full grown pods measure five inches long and are so tender and brittle that they snap like glass; they have no strings. The sweetness and tenderness of this edible podded pea is unsurpassed. Pkt. 10c.; 1/2 pt. 25c.; pt. 35c.; qt. 65c.

Special Offer No. 7

To have a supply of fresh, tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

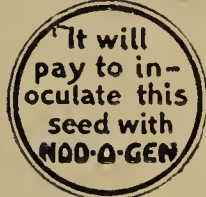

GIANT PODDED EARLY	BLUE BANTAM
LITTLE GEM	LORD LEICESTER
JUNG'S HONEY SWEET	

1 Pkt. of each for 30c.	1/2 Pt. of each for 90c.
1 Pt. of each for \$1.40.	1 Qt. of each for \$2.60

LORD LEICESTER

J. S. Fish, Sherrodsville, Ohio.—Your Blue Bantam Peas are grand. I plant them every year.

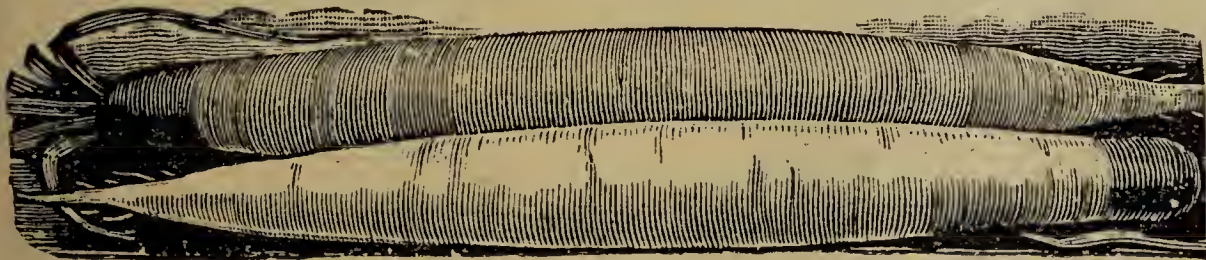

HONEY SWEET

SEE PAGE 1

F. J. Lennard, Snohomish, Wash. —Had fine results with all your seeds but especially Lord Leicester Peas, from 1 packet I kept the whole neighborhood supplied with peas and the more they picked the more there were to pick.

Mrs. John Brown, Eastside, Ore. —The peas we got of you last year were wonderful so we are ordering more.

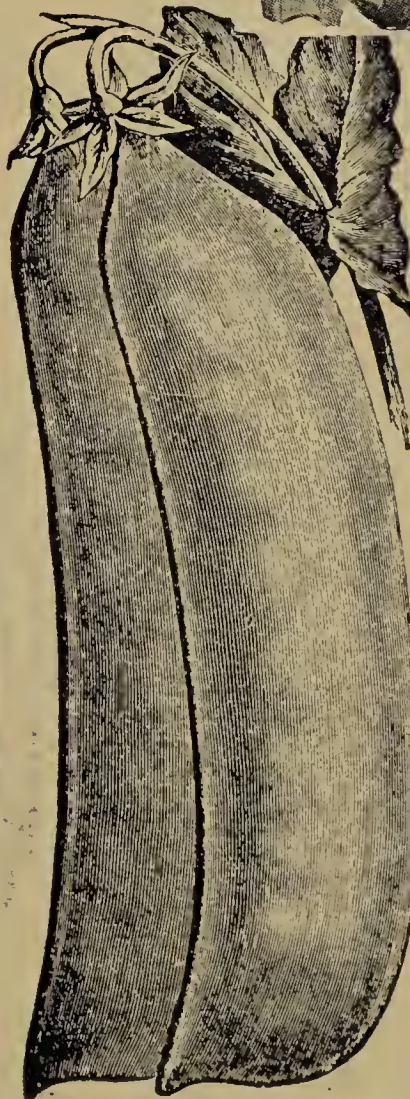

SALSIFY

Mammoth Sandwich Island Salsify

One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried or used in soup. The new variety is superseding the old type as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 5c.; oz. 15c.; 1/4 lb. 50c.; lb. \$1.75.

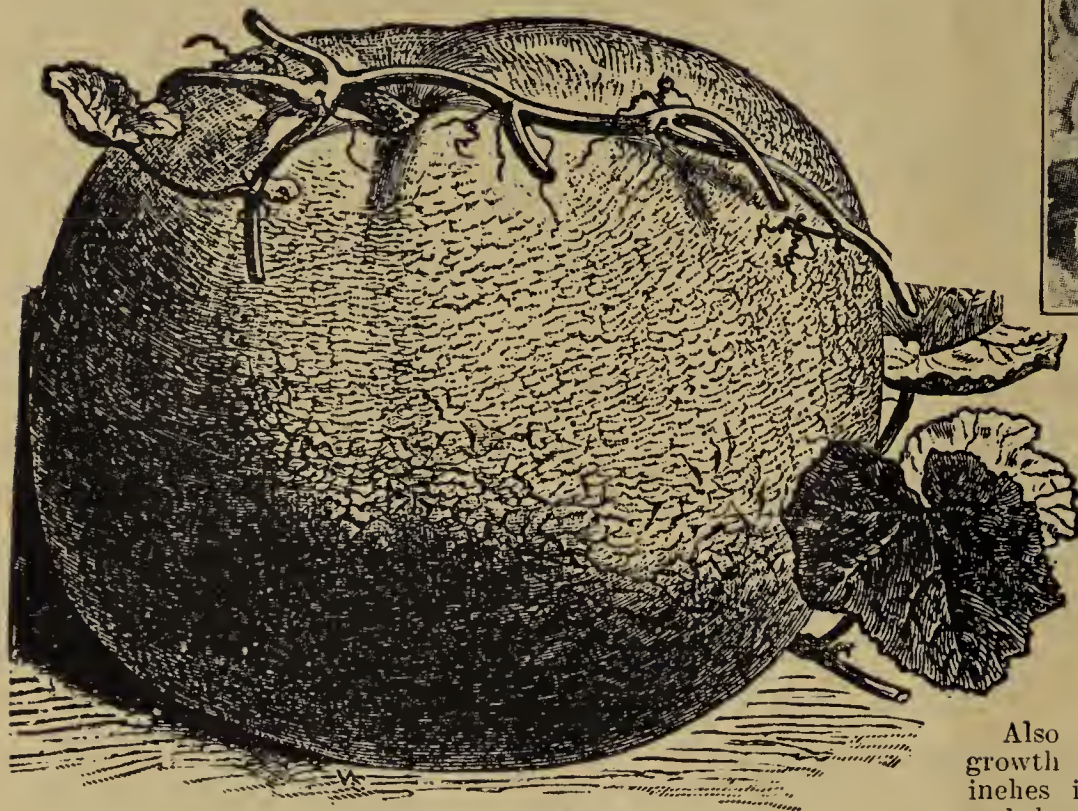

MAM. MELTING SUGAR

PUMPKINS

Luxury Pie

This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size being about ten inches in diameter, almost globe shaped and ripens early. The skin is finely netted and in color a beautiful golden russet, which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving day plant **LUXURY PIE**. Pkt. 5c.; oz. 15c.; ¼lb. 35c.

TRUE MAMMOTH

Mrs. Oscar Peterson, Spirit, Wis.—I used your garden seeds last year and they are the best I have ever used.

Mrs. Grace Morris, Waterloo, Nebr.—We have always found your radish seed excellent.

True Mammoth

The Largest Pumpkin in Cultivation

This is a true Mammoth Pumpkin. Fruits grow to enormous size; specimens have been grown weighing 100 pounds and over. The skin is a light yellow russet color; flesh very thick, bright yellow, fine grained, sweet and tender and of excellent quality for pies. If you wish to see just how large a pumpkin you can raise try this variety. Pkt. 7c.; oz. 15c.; ¼ lb. 40c.; lb. \$1.50.

Big Tom Field Pumpkin

Also known as Connecticut Field. Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 inches in diameter, round or oval in form. The skin is smooth and hard, of a reddish orange color, slightly ribbed with thick, rich orange flesh. It is the hardiest of all pumpkins and is good for pies. This variety is grown extensively for stock feeding and is generally planted with the corn. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 85c.

"The Best is the Cheapest"

Jung's seeds cost more but they are also worth much more. Our seeds are grown either by ourselves or by growers recognized as the best and will produce a crop that will be worth much more than that grown from common or cheap seeds. It is poor economy to use seeds which have only their cheapness to commend them. It always pays big to sow the best seeds.

RUTA BAGAS

Improved Purple Top Yellow

A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth round and solid with a small tap root. Flesh richly colored, fine grained and very sweet. It is justly held in high esteem for both table and stock feeding purposes. The shape is well pictured in the illustration. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; lb. 65c.

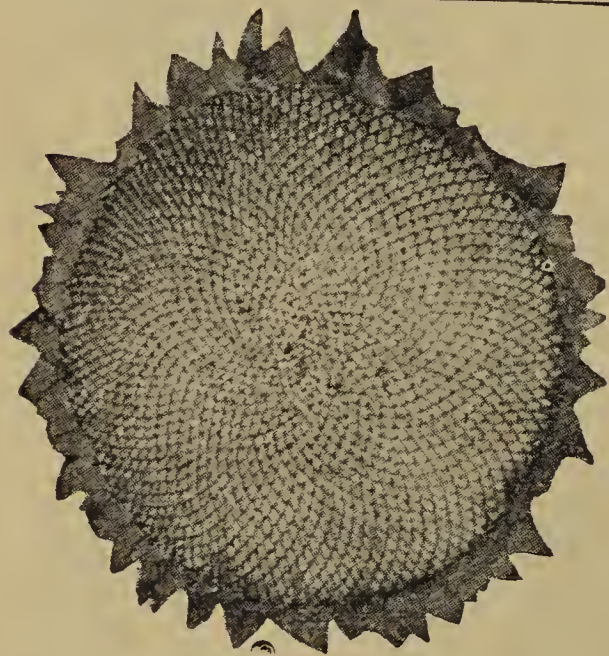

IMP. PURPLE TOP YELLOW

PERFECT MODEL

Perfect Model

This grand variety is a highly improved Ruta Baga and is giving satisfaction wherever grown. It is of fine quality and keeps perfectly all winter. A heavy yielder, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; lb. 70c.

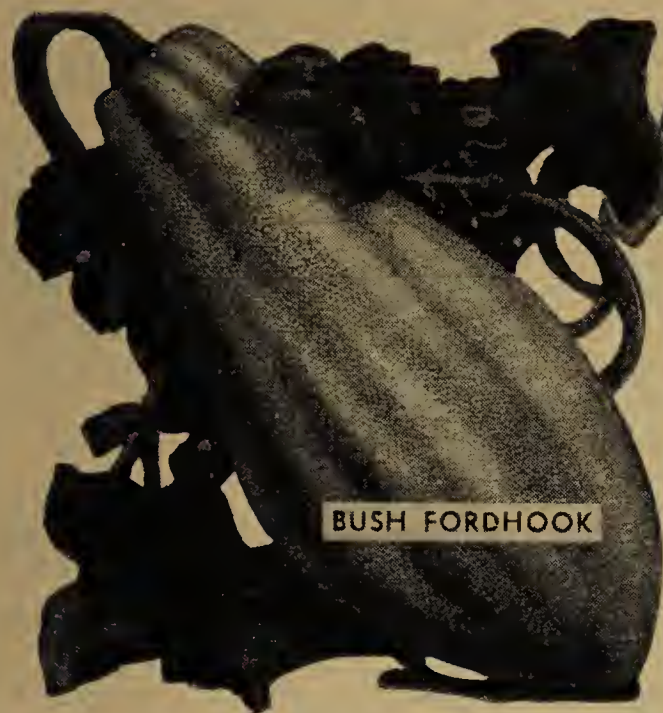

SUNFLOWER

SUNFLOWER

Mammoth Russian

Single heads measure twelve to twenty-two inches in diameter and contain an immense quantity of seed which is highly valued by all farmers and poultry breeders who have tried it as an excellent and cheap food for fowls. They eat it greedily fatten well on it, and attain a bright, lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Every farmer should plant some of the seed in any waste piece of ground, any time from early spring to the middle of July. Oz. 5c.; ½ lb. 20c.; lb. 30c.; 5 lb. \$1.25, postpaid.

BUSH FORDHOOK

GOLDEN HUBBARD

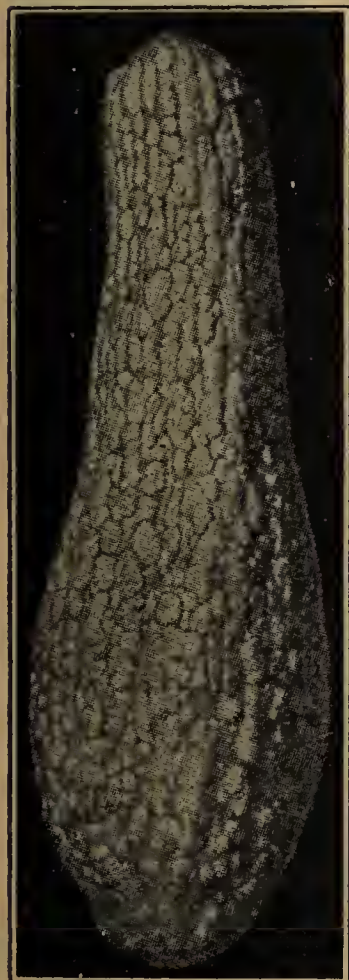

DELICIOUS

SQUASH

Bush Fordhook The most desirable Squash for either summer or winter type. It is of a true bush type and can be grown much closer than the running sorts. The vines are of strong, vigorous growth and wonderfully productive. The fruits are pear-shaped, 7 to 9 inches long, slightly ridged, a smooth, thin yellow skin. Flesh is very thick, and of a light straw yellow color. For frying, baking or making pies they are unsurpassed. Stored in a dry place they will keep until the following spring. It is early and has proved to be one of the hardiest and most dependable squash for all localities. Pkt. 5c.; oz. 15c.; 1/4 lb. 35c.

Mam. Summer Crookneck This magnificent strain is equally as early as the common small-fruited varieties. It is of a bright yellow color and from 18 inches to 2 feet long. Fruits are solid, heavy and freely produced on healthy, vigorous plants of compact bush habit. A most profitable variety to grow for market as it grows rapidly and is of superior quality. Pkt. 5c.; oz. 15c.; 1/4 lb. 35c.

Giant Straightneck A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck, the neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 5c.; oz. 15c.; 1/4 lb. 35c.

STRAIGHTNECK

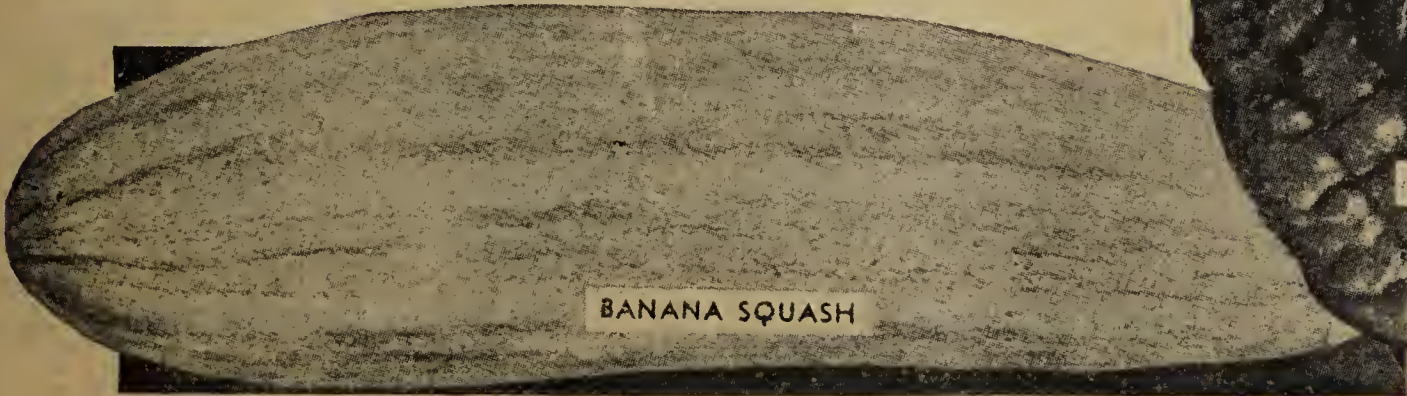

JUNG'S PKTS. ARE LIBERALLY FILLED WITH PURE SEEDS THAT ARE SURE TO GROW.

Improved Hubbard This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow; fine grained, very dry, sweet and rich flavored; keeps perfectly throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartiness of the shell but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be a pure Hubbard. Pkt. 8c.; oz. 15c.; 1/4 lb. 45c.

The Great Banana Squash

Ripens Early. Enormously Productive, Finest Quality.

This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is even better quality, more prolific and earlier in ripening. The color is grayish green, shell soft so that it can be cut with a knife. It grows from 18 to 30 inches long, and 6 to 8 inches in diameter. It is very prolific and a shy seeder which accounts for the high price of seed. Flesh is of deep orange color, entirely free from fibre or stringiness. Cooks up perfectly smooth and of the most delicious flavor. Pkt. 8c.; oz. 20c.; 1/4 lb. 50c.

BANANA SQUASH

New Delicious For table quality there is no other Squash that can be compared with Delicious in sweetness and richness of flavor. Excellent for Fall as well as for Winter use, keeping until late in the Spring. Fruits are of medium size, usually weighing from 5 to 10 pounds. The rind is dark green mottled in lighter shades. The flesh is dark orange, very fine grained and thick. Pkt. 5c.; oz. 12c.; 1/4 lb. 40c.

Rid your squash of bugs with Shep's Plant Spray—see page 1.

Golden Hubbard An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productivity, combined with its sweet rich flavor, attractive color and shape, are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known old Hubbard which it closely resembles in every respect except in color, which is a bright, golden yellow. Pkt. 8c.; oz. 12c.; 1/4 lb. 40c.

Table Queen A squash that will suit the most exacting taste. Unexcelled for either baking or pies. If you want something in extra fine "eats" cut one of the squash in half, put in a lump of butter and bake, this serves one amply. It ripens early, will keep all winter and is so productive that a few hills will produce enough for an average family. Pkt. 8c.; oz. 15c.; 1/4 lb. 35c.

TABLE QUEEN

IMPROVED HUBBARD

TURNIPS

Extra Early White Milan

A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 90c.

Golden Ball

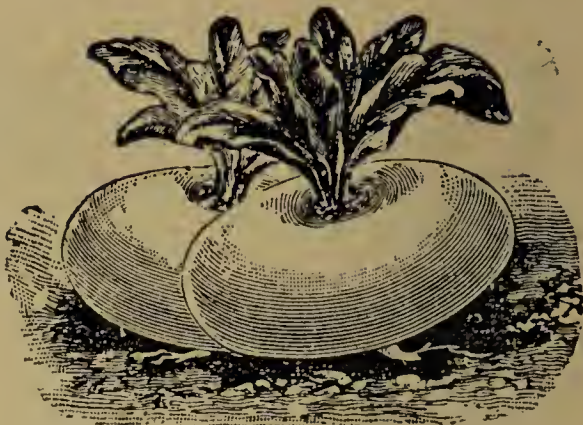

Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact, we consider it the best turnip for table use. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; lb. 55c.

Purple Top White Globe

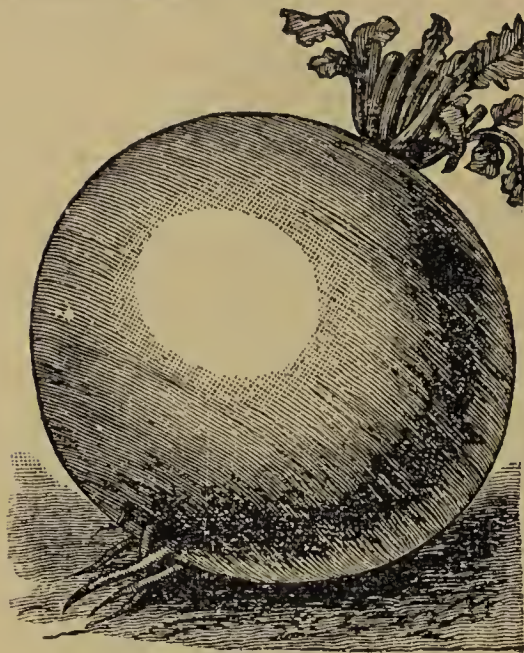

This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure six inches and more in diameter, being of perfect globe form; the upper portion is of rich purplish red and the lower half creamy white. Flesh white, firm and crisp, of mild flavor. It is an excellent keeper and being so productive is one of the best to grow for stock feeding. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; lb. 65c.

Purple Top Strap Leaf

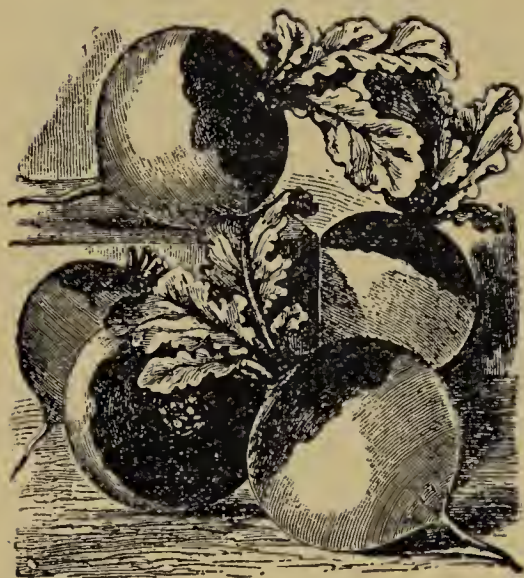

The most popular sort. Rather flat and of medium size. The color is purple above the ground, white below; flesh white, tender and fine grained; leaves short, narrow and erect. A heavy cropper and an excellent keeper. Does well sown either broadcast or in drills and will form good sized bulbs in seven or eight weeks. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; lb. 60c.

EXTRA EARLY WHITE MILAN

GOLDEN BALL

PURPLE TOP WHITE GLOBE

Mrs. Geo. Schilz, Hales Corners, Wis.—I have used your garden seeds for four years and I know they are O. K.

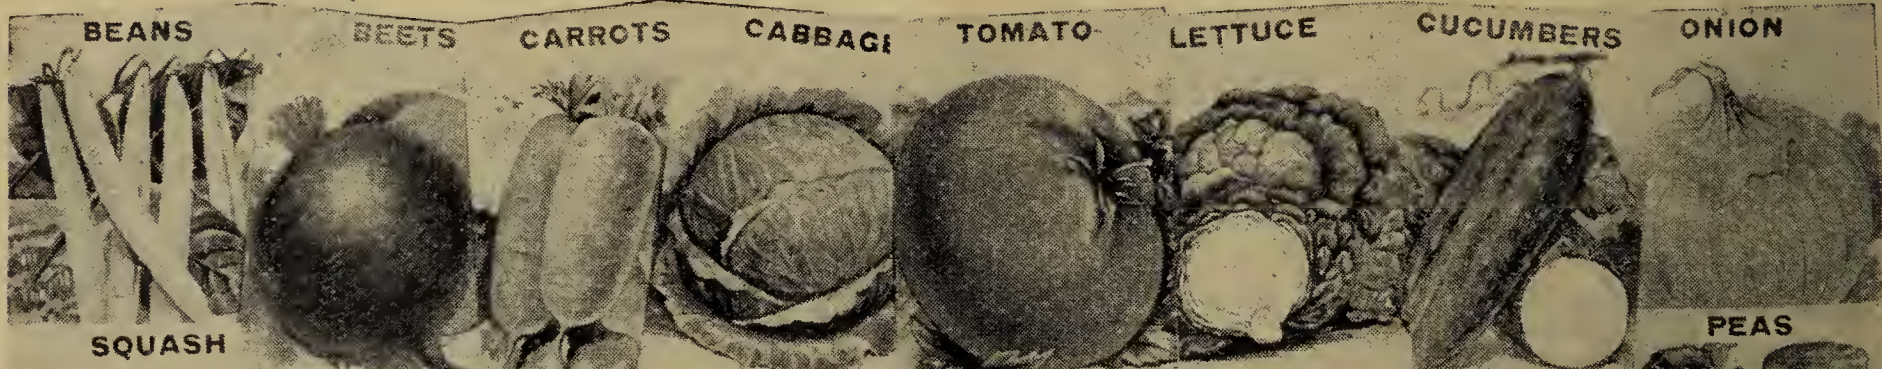

Sugar Beet

Klein Wanzleben

This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analysis showing that the average percentage of sugar obtained from this variety is about eighteen and its average yield may be stated as from 15 to 16 tons per acre but crops of 25 to 40 tons per acre have been obtained off it. Flesh finely grained and very sweet. Pkt. 5c.; oz. 8c.; ¼ lb. 20c.; lb. 60c.

KLEIN WANZLEBEN SUGAR BEET

SQUASH

PARSNIP

RADISH

Jung's Earliest Garden Collection

14 Big Pkts. of the Earliest Vegetables for 85c.

If you wish to have things in your garden very early, far ahead of your neighbors, plant this special collection. It is made up of our very earliest varieties of Northern Grown Seeds which are unexcelled for earliness, hardiness and productiveness. This collection contains 14 full sized packets as follows:

BEANS—Extra Early Wax
BEET—Early Model
CABBAGE—Golden Acre
CARROT—First of All
CUCUMBER—Earliest of All

TOMATO—Jung's Wayahead

If bought at regular catalog prices the above would cost \$1.30 but as a special offer we will send the above 14 full sized packets of Earliest Seeds for 85c and in addition you may select 3 pkts. of the free specialties on inside front cover. Booklet of Culture Instructions free with each collection.

PEAS

SPINACH

SWEET CORN

Bargain Flower Collection

Few things give as much pleasure for the money expended as a home surrounded by flowers. The assortment offered here does not cost much and have been selected to give you a continuous supply of flowers all summer and fall. They are well suited for both beds and bouquets, the packets are liberally filled and contain the best select seeds.

15 Pkts. as follows for 50c.

Asters	Daisy	Nasturtiums
Balsam	Everlasting Flowers	Poppy
Calendula	Four O'Clock	Pansy
Cosmos	Hollyhocks	Sweet Peas
Dianthus	Mignonette	Zinnias

With each collection we will send a booklet of instructions on growing both flowers and vegetables.

For House Plants, Lawn and Garden
FEED-EM
Plant Food

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. FEED-EM is sure to bring forth healthy plants and lots of flowers. 2 oz. pkt. makes 5 gal. 15c.; 8 oz. can makes 20 gal. 40c.; 2 cans 75c.

Jung's Superb Asters

Asters are our great specialty in the flower seed line and the degree of perfection to which we have brought the strains we are offering is unsurpassed. No other flower can approach the Aster in beauty, color, form or profusion of bloom. They are very hardy, easily grown and may be had in bloom from early summer until hard frosts.

Mrs. Nels Hannes, Velva, N. Dak. — I had the finest asters and petunias from your seeds.

JUNG'S SCARLET GEM

Jung's Scarlet Gem

The most attractive of all Asters, being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 8c.; 1/8 oz. 30c.

Jung's Chrysanthemum

This grand Aster is in a class by itself; we consider it the most beautiful of all Asters. Its beautiful form is well shown in the illustration. It is of the most beautiful color known in Asters being a delicate sea-shell pink. Its flowers are truly gigantic in size and closely resemble chrysanthemums, hence name. Well grown flowers measure five inches across and being borne on long stiff stems makes it invaluable for bouquets and cut flowers. Pkt. 8c.; 1/8 oz. 30c.

Jung's Ruffled Giant

Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 2 weeks if given fresh water. White, Rosy Red, Cream, Lavender, Purple and Mixed. Pkt. 10c.; 1 Pkt. of each color for 35c.

Jung's International Mixed

This splendid mixture contains every color known in Asters and includes early, medium and late varieties, thus giving you flowers throughout the season. It is not grown in mixture but carefully made up from the different kinds so as to get the right proportion of each color. If you want a fine lot of Asters at a low price sow this fine mixture. Pkt. 7c.; 1/4 oz. 35c.; oz. \$1.

JUNG'S CHRYSANTHEMUM

Fred Rezek, Manitowoc, Wis.—The seed I ordered of you produced a fine crop, especially the asters were the finest in spite of the dry summer.

INTERNATIONAL MIXED

RUFFLED GIANTS

SPECIAL ASTER OFFER PAGE 32

Ageratum

Dwarf Blue Perfection

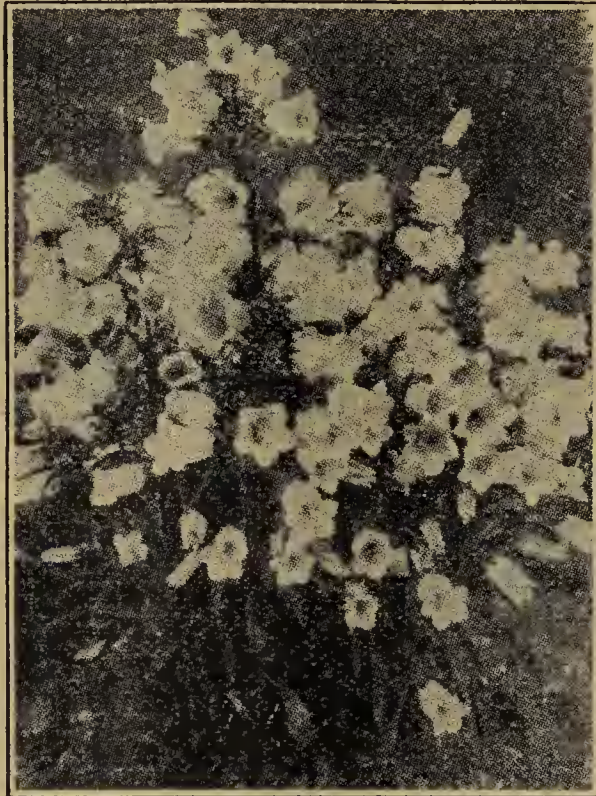

One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful bright flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf, compact growth, 9 to 12 in. tall. Pkt. 8c.; 2 pkts. 15c.; 1/4 oz. 20c.

AGERATUM

Annual Canterbury Bells

You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will blossom from August until October. The plants grow two ft. tall, each plant having 6 to 8 spikes of large cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 12c.; 2 pkts. 20c.

ANNUAL CANTERBURY BELLS

Baby Golden Glow

A most charming annual growing about 15 to 18 inches high, bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground, affording an almost unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 7c.; 2 pkts. 10c.

Canary Bird Vine or Flower

A dainty vine with fine, fern-like foliage that blossoms freely throughout the summer and fall, will also grow in partially shaded places. Flowers are clear canary yellow, very bright and attractive with their fringed petals which resemble a canary with open wings. Pkt. 7c.; 2 pkts. 10c.

Canary Bird Flower

DOLICHOS

Blue Lace Flower

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July till November, plants grow about 18 inches high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 8c.; 2 pkts. 15c.

Bush Dolichos

These beautiful annuals grow a bush much like garden beans and send up flower spikes, 10 to 15 inches long, very profusely. The individual flowers are very large, pure white and resemble sweet peas. They are easy to grow and are sure to please. Plant when danger of freezing is past the same as garden beans. Pkt. 5c.; 3 pkts. 10c.

BALSAM

Balsam

DEFIANCE MIXED

A favorite quick growing annual. The plants form symmetrical, well-branched erect bushes about two feet high. The branches are well covered with beautiful double flowers. The colors include white, rose scarlet, crimson, purple, lilac and violet. This variety is distinctly Camelia flowered. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt. 7c.; 2 pkts. 10c.; 1/8 oz. 15c.

BABY GOLDEN GLOW

Cannas

CROZY'S HYBRIDS

Very showy bedding plants with their tropical foliage and immense flowers borne on stalks three to seven feet high in all brilliant colors. Cannas are easily grown from seed. For best results pierce the seed and soak in warm water, then sow in a warm place or hot bed. Seeds sown in March or April produce a brilliant bed by July. Pkt. 8c.; 3 pkts. 20c.

BLUE LACE FLOWER

CASTOR OIL BEAN

Caster Oil Bean

Our fastest growing ornamental plant, very useful for backgrounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. Pkt. 7c.; oz. 20c.

Mrs. Julia Spinger, Preston, Minn.—Your seeds surely give results, have a wonderful garden and a splendid array of flowers.

BABY'S BREATH

Gypsophila or Baby's Breath

GIANT PARIS MARKET

These hardy annuals produce feathery sprays of tiny, pure white, star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets of Asters, Sweet Peas or other flowers. Successive plantings should be made if you wish a supply throughout the season. Pkt. 7c.; 2 pkts. 10c.; 1/4 oz. 15c.

MARIGOLD

Marigold

LEMON BALL

This extremely showy annual has become a great favorite everywhere on account of its easy culture and most beautiful flowers. The hardy plants of neat branching habit grow from 15 to 20 inches high and are exceedingly profuse in flowering. The extra large, round, double flowers are of a clear, canary yellow. The petals are heavily rolled and are crowded together so as to appear lacinated. Pkt. 7c.; 2 pkts. 10c.

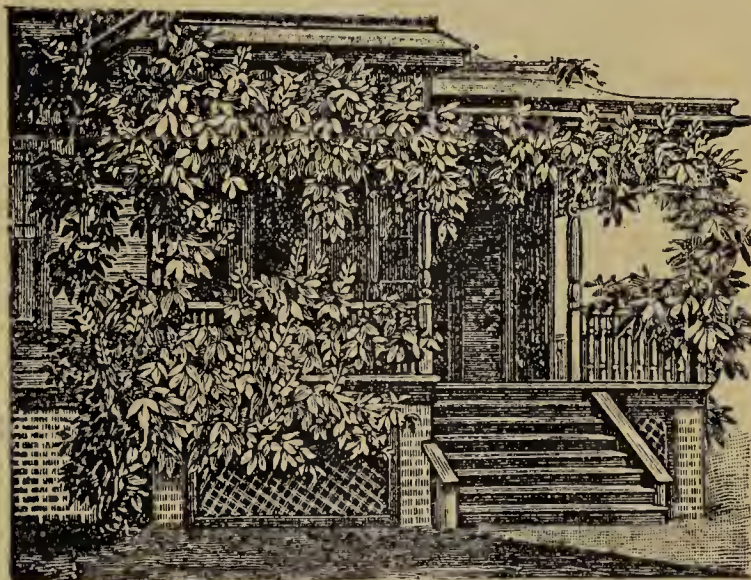

MIGNONETTE

Hollyhocks

EVERBLOOMING ANNUAL MIXED

This old but favorite flower may now be had in flower the first season. The diversity of form and color of our selection will afford you many surprises. Some plants will produce dense, double flowers, others will be semi-double while some are single with double centers. The flowers are unusually large, some measuring 5 inches across. In colors there is also a great variety, some richly brilliant, others dainty and elegant, ranging from black, maroon, crimson, rose, pink to white Pkt. 7c.; 2 pkts. 10c.

JAPANESE KUDZU VINE

Mignonette

Bismark One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 8c.; 2 pkts. 15c.

Finest Mixed A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 5c.; 3 pkts. 10c.; 1/8 oz. 15c.

Nicotiana

Sanderae Hybrids

These flower from early summer until late in autumn. Their beauty is beyond description, flowers being purple, dark red, snowwhite, violet, salmon, pink, crimson and various other shades. It is a very easily cultivated plant, thrives in any soil, either in pots or in the open ground. The cut blooms last well, opening freely in water. All colors mixed. Pkt. 7c.; 2 pkts. 10c.

FOUR O'CLOCK

Four O'Clock

FINEST MIXED

No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to a height of two feet and blooms in early morning and evening and rival the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be grown with little or no trouble. Pkt. 5c.; 1/4 oz. 10c.

HOLLYHOCKS

Japanese Kudzu Vine

One of the fastest climbers having beautiful flowers like a wisteria but larger in size and with better clusters. The foliage is very luxuriant and where quick shade is wanted this plant will prove of great value as it seems to thrive every where. It is perfectly hardy and will increase in size and beauty year after year. Pkt. 8c.; 2 pkts. 15c.

NICOTIANA SANDERAEE HYBRIDS

LARGE FLOWERING MIXED

Pansies

LARGE FLOWERING MIXED

This is a popular large flowering type, just what you want for a pretty bed. The plants make a strong growth and flower freely. This mixture comprises many beautiful varieties and we know you will be delighted with it. Pkt. 8c.; $\frac{1}{8}$ oz. 30c.

SNOW ON THE MOUNTAIN

Iceland Mixed

Hardy perennials that bloom the first season. The fragrant, elegant satin-like flowers are produced from June until October on stems 12 inches long and are excellent for cut flowers as they last fully a week. Our seed includes the most beautiful colors. Pkt. 7c.; 2 pkts. 10c.

Mrs. R. W. Beach, Newberry, Mich.—I am so well pleased with your seed and I always have a beautiful garden.

Snow-on-the Mountain

(Euphorbia Variegata)

An annual growing 2 ft. high with broad green leaves veined and margined with white. Very fine and ornamental for borders and may also be very attractively used in a bouquet with other flowers. Pkt. 5c.; $\frac{1}{4}$ oz. 15c.

ICELAND POPPIES

Flowers

in profusion may be easily grown by using Jung's Flower Seeds and following the simple instructions in our culture booklet which is free with every order of 25c or more.

SUNFLOWER

Scabiosa or Mourning Bride

GIANT FANCY MIXED

A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2 $\frac{1}{2}$ ft. tall and are in flower from early summer until frost. The flowers are borne on long wiry stems, are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. Pkt. 8c.; 2 pkts. 15c.; $\frac{1}{8}$ oz. 20c.

SCABIOSA

Stocks

JUNG'S FANCY DOUBLE MIXED

One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 feet and produce long spikes of double flowers, many of them 2 inches across. Colors include white, rose, blue, crimson and yellow. Our seed is a superb select strain. Pkt. 10c.; 3 pkts. 20c.

THE FINEST GLADIOLI

See Page 43

STOCKS

Sunflower

CHRYSANTHEMUM FLOWERED

Grows seven feet tall. Perfectly double. The color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemum flowered Asters with long stems. This is the very best variety. Pkt. 7c.; 2 pkts. 10c.

Mrs. Leland Page, Cuttingsville, Vermont.—I planted your seed last year and they were lovely. The sweet peas were beautiful.

SNAPDRAGON

Snapdragon

GIANT FLOWERED MIXED

These flowers were great favorites in old gardens but our giant flowered strain is such a great improvement that anyone would hardly recognize them as the same flower. The bushes grow about 18 inches tall and produce splendid spikes of blossoms in all shades of red, rose salmon, yellow and white. Very easy to grow and should be in every garden. If carefully lifted in the fall they will bloom in the house during the winter. Pkt. 7c.; 2 pkts. 10c.; $\frac{1}{8}$ oz. 20c.

Edith Meadows, Veedersburg, Ind.—I raised wonderful Delphinium and Fox Gloves from your seeds, had several dozens of plants from them of all colors and this year they are even taller, some 90 inches.

Mrs. Little Ackerman, Freedom, N. Y.—I have used your garden seeds for three years and have been better satisfied than ever before. I have been raising flowers and vegetables for 45 years.

POMPON ZINNIAS

Zinnias

FANCY POMPON MIXED

The elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact, and bushy and are loaded with the beautiful perfectly double flowers.

The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnias has been greatly improved and is becoming very popular. Pkt. 7c.; 2 pkts. 10c.; 1/4 oz. 30c.

Mrs. J. D. Riggs, Fox Lake, Ill.—The Zinnias I had from you last year were beautiful. My husband thought they looked like rose bushes and they were the longest in flower in our garden.

VINCA

Vinca

GIANT FANCY MIXED

Very lovely and free blooming plants that are suitable for pot plants or blooming outside in the garden. Seed started early will produce blooming plants by early summer and will then remain in flower until frost when plants may be taken up for pot plants. Flowers are produced in great profusion, 1 1/2 in. across, somewhat resemble geraniums. Pkt. 7c.; 3 pkts. 20c.

Mrs. Clair McDonald, Presque Isle, Me.—I just want to let you know how good we think JUNG'S seeds really are. This makes the third year we have bought all of our seed from your catalog and our garden has been better than ever before. We have had so many people praise our Sweet Peas.

SUMMER HYACINTH

Summer Hyacinth

A species of Hyacinth which blossoms for a long period of time during the summer. The bulbs produce stalks 3 to 5 ft. tall, with spikes of pure white flowers 2 ft. in length. The flowers are thimble-shaped and very much resemble Yucca blossoms. Bulbs planted in the spring will be in flower from July to October, many of the bulbs producing 2 and 3 flower stalks. Very useful for cemetery plantings and for centers of flower beds or among low growing flowers and shrubs. Extra large bulbs: 3 for 40c.; doz. \$1.50.

AQUILEGIA

Special Offer

1 Pkt. of each fine Perennial on page 61 and 62. 12 in all for only 65c.

CANTERBURY BELLS

HARDY PERENNIALS

The planting of perennials or flowers that live from year to year is becoming very popular as you plant them once and you will then be assured of having their bright cheerful blossoms from early spring until late fall every year. We are offering a select list of popular hardy varieties that are easy to grow and sure to please. Instructions on growing perennials will be sent free with every order if requested.

Aquilegia or Columbine

GIANT FANCY HYBRIDS

By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations, hardly two plants producing flowers that are exactly alike. Pkt. 10c.; 2 pkts. 15c.

Fancy Blue Hybrid Delphiniums

These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. Well established plants will produce a large number of flower spikes. Invaluable for cutting and very graceful for bouquets. Grows 3 to 5 ft. tall and increases in size from year to year. Pkt. 8c.; 3 pkts. 20c.

Giant Fancy Hardy Gaillardias

A very desirable and showy hardy plant that should have a place in every border or garden. They thrive in almost any place and are a plant of beauty from spring until fall. Our strain will produce giant crimson and gold flowers that make unusual striking bouquets. Pkt. 8c.; 3 pkts. 20c.

Giant Flowered Canterbury Bells

These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bellshaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs. We offer a superb mixture. Pkt. 8c.; 3 pkts. 20c.

CHINESE LANTERN PLANT

Fox Glove

MAMMOTH FLOWERED MIXED

For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes, 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell-pink to deep rose and many are beautifully spotted. Pkt. 7c.; 2 pkts. 10c.

**Platycodon**

GRANDIFLORA MIXED

An extra good, very hardy and free flowering perennial. They form branching plants 1½ to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places. One of the best hardy perennials. Pkt. 8c.; 3 pkts. 20c.

SHASTA DAISY

Chinese Lanter Plant

This is a highly ornamental and interesting plant grown for its bright colored balloon-like fruits or husks that cover the bush in late summer and autumn. The fruits are about 1½ in. in diameter, bright orange red when ripe and on account of their shape and texture are called "Chinese Lanterns". Branches with the fruits may be dried and make splendid material for winter bouquets. Pkt. 8c.; 3 pkts. 20c.

FOX GLOVE

Lupines

HARDY PERENNIAL MIXED

These beautiful hardy plants produce handsome bushes of soft green foliage from which arise in continuous succession the long stately spikes of sweet-pea shaped flowers. Spikes of bloom a foot long are produced on long stiff stems. Colors are both rich and delicate in white, blue and pink but offered only in mixture. Pkt. 8c.; 3 pkts. 20c.

SWEET WILLIAMS

Hardy Blue Stokesia

A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting. Pkt. 8c.; 3 pkts. 20c.

Giant White Shasta Daisy

You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season. Pkt. 7c.; 2 pkts. 10c.

HOLLYHOCKS

Hollyhocks

DOUBLE or ROSE FLOWERED MIXED

These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 7 ft. tall, for planting among shrubbery or backgrounds they are unequaled. We offer a superb mixture of the best double flowering varieties. Pkt. 8c.; 3 pkts. 20c.

LUPINES

Sweet William

GIANT PERFECTION

Popular hardy perennials that are splendid for beds or borders. They produce large heads or clusters of flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time. We offer an extra select strain. Pkt. 8c.; 3 pkts. 20c.

STOKESIA

BEAUTY BUSH

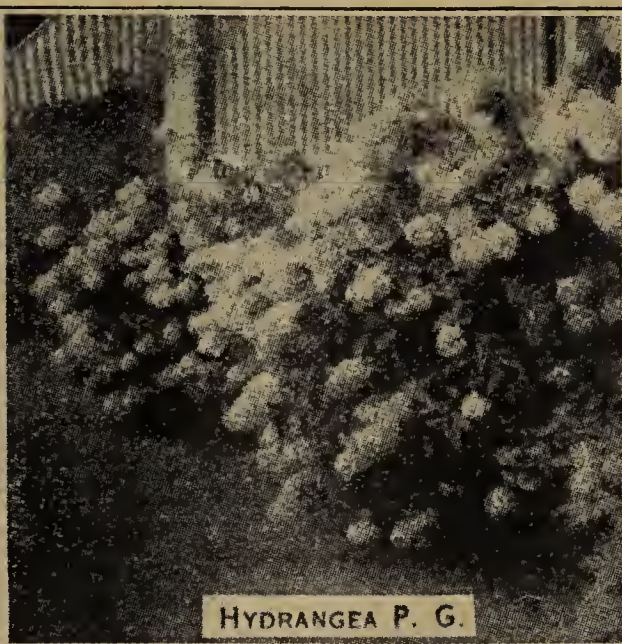

Beauty Bush

A handsome new shrub becoming very popular as its rare beauty is becoming known. Grows 5 to 7 ft. tall, very dense and bushy with long arching branches, very hardy and not attacked by insects. Its trumpet-shaped flowers are deep pink and produced in such profusion that the branches droop gracefully like a Bridal Wreath. Strong 2 yr. field grown plants: Each 35c.; 3 for 90c.

Special Offer No. 20

One Select 2 yr. Plant of each of these 3 fine Shrubs for 70c.

SEE ALSO PAGE 43

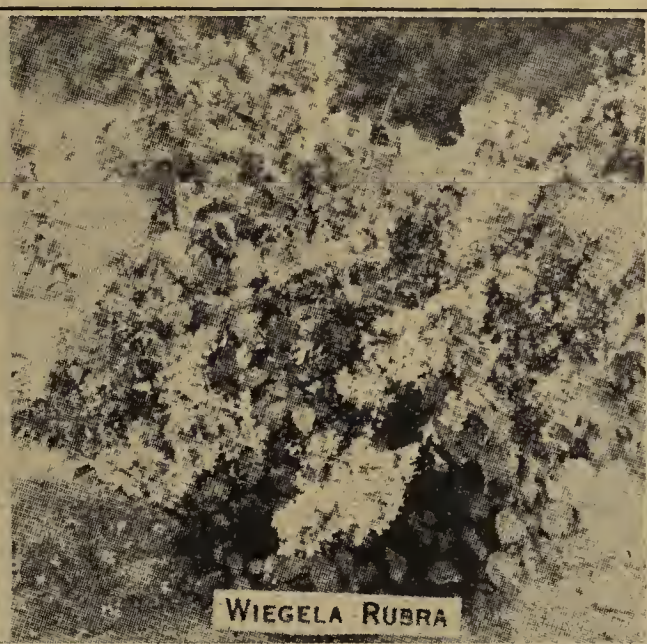

HYDRANGEA P. G.

Hydrangea

Paniculata Grandiflora

One of our most satisfactory shrubs. It is very hardy, easy to grow, sure to bloom and is showy and attractive. The plants grow 4 to 6 ft. tall and each branch will be tipped with one of the immense blooms many being 8 to 10 in. in diameter. The giant white flowers appear in July when few other shrubs are in blossom. Strong 2yr. plants: Each 25c.; 3 for 65c.

Clifford Winters, Gothenburg, Nebr.—My order came in excellent condition, I never saw finer plants, so am ordering another climbing rose.

WIEGELA RUBRA

Wiegela Rubra

This beautiful shrub with its lavish display of deep red trumpet-like blooms deserve a place on every lawn. Rapid growers, 5 to 6 ft. tall with large deep green foliage. The beautiful blooms last for a long time. Either as a specimen on the lawn or in a mass planting it is always charming. Extra strong plants: Each 20c.; 3 for 50c.

Mrs. D. W. Peterson, Bruno, Minn.—I find the shrubs I got from you last year are all alive while all others gotten elsewhere are dead.

Mrs. Gail Botts, Ludden, N. Dak.—The collection of roses I ordered from you this spring is growing beautifully and am more than pleased.

Rugosa Rose

Dr. Hugo Eckener

The newest and most beautiful of the hardy Rugosa Roses, particularly adapted as a specimen bush or in groups. The cup-shaped flowers are of good size, double and a wonderful buff-pink in color, overlaid with a golden sheen. Unusually fine. Each 60c.; 3 for \$1.50.

DR. ECKENER

JAPANESE BARBERRY

Japanese Barberry

Perfectly Hardy. Colors Wonderful in the Fall.

One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any desire. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold while during the winter they are covered with bright, red berries. This variety does not spread rust. Strong bushy plants: Each 20c.; 3 for 45c.; 12 for \$1.50; 25 for \$2.95; 100 for \$10.25 postpaid.

Regal Lily

(In Natural Colors on Page 34)

One of our hardiest and finest outdoor Lilies. The flowers are pure white inside, flushed with yellow in the throat and slightly suffused with pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Large 3 yr. bulbs guaranteed to bloom: 3 for 45c.; doz. \$1.50.

Mrs. Frank P. Birres, Twin Bridges, Mont.—Since receiving the Lily Bulbs and shrubs from you I am so well pleased with them that I am ordering more.

Mrs. M. E. Worrell, Richmond, Va.—I had wonderful luck with the vegetables I bought from you last year and the Regal Lily also was a picture admired by all my neighbors. Was so well pleased that I am sending another order.

REGAL LILY

FARM SEEDS

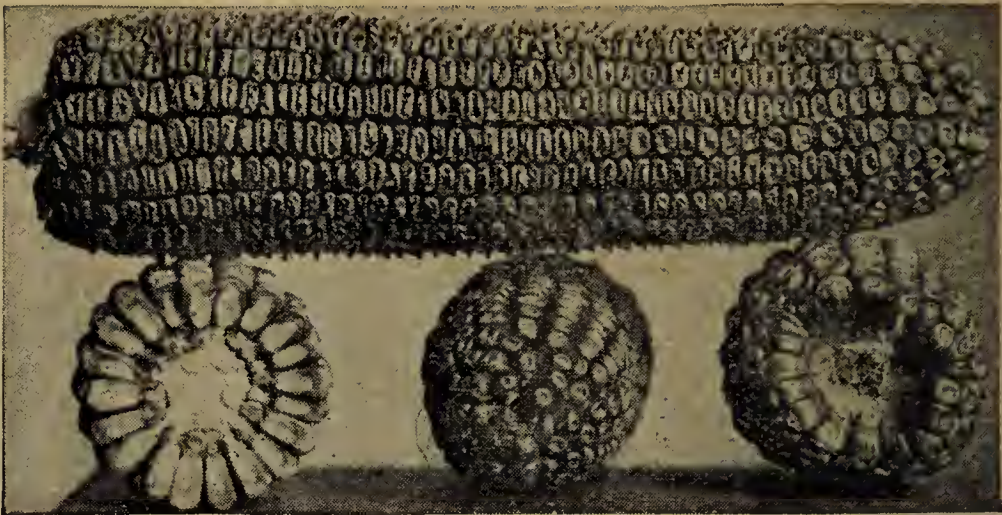

We handle a complete line of Pure Pedigreed Farm Seeds such as the new Wis. Smooth Bearded Barley, Northern Grown Seed Corn, Seed Oats, Alfalfa, Clovers, Timothy and Grass Seed. Quality was never better nor prices as low as they are now, for a great many years. If you wish to purchase farm seeds of the highest quality, pure and free from foul weeds do not fail to write for our special illustrated farm seed list. If a copy has not been included with this catalog we will gladly send you one FREE. See also page 2.

Wis. No. 38-Barbless Barley

The Coming Barley. Smooth Beards, Easy to Handle as Oats. Large, Plump Kernels. Heavy Yielder. Why grow the old bearded Barley any longer? The new barley is pleasant to handle, will also yield more and is a No. 1 brewing barley. The beards are smooth and will not cling or stick like the ordinary barley and for this reason will soon displace the rough bearded varieties. However, the smooth beards are not its only good characteristic; in a test conducted at the Wis. Exp. Station over a period of four years the Wis. No. 38 average yield was 54.6 bu. per acre. We have some very nice seed, clean, plump and free from foul weeds. Lb. 35c.; 3 lbs. 60c., postpaid. Not prepaid: Pk. 35c.; bu. 95c.; 2½ bu. \$2.25; 10 bu. \$8.75.

WIS. NO. 38 BARLEY

WIS. GIANT ENSILAGE

Jung's Wis. Giant Ensilage Corn

WILL FILL YOUR SILO WITH LESS ACRES TALL LEAFY STALKS—GIANT SIZED EARS

Here is the corn for Wis. silos. Why plant southern ensilage corn that only produces stalks and leaves of little feeding value when you might just as well plant a corn that will give you the above and besides a very large developed ear that will make ensilage having real feeding value. This is a yellow dent corn and grows a very strong leafy stalk. 10 to 12 ft. on good soil, and produces ears larger than any Wis. Pedigree variety; it matures as early as Silver King and never fails to make the finest ensilage as the stalk are very leafy and juicy. It not only is the best ensilage for Wis. but is also very good as a general corn crop producing the most bushels per acre; the ears are so large that it does not take many to fill your basket. We have an unusually fine stock of this corn which was all grown in Wis. Lb. 25c.; 3 lbs. 55c., postpaid. Not prepaid: Pk. 85c.; bu. \$1.90; 2½ bu. \$4.50.

Fancy Kentucky Blue Grass

Also known as June Grass. A very valuable grass for sowing down pastures and also the standard grass for lawns. We offer fancy heavy seed and price is very reasonable this year. Lb. 30c.; 3 lbs. 80c.; postpaid. Not prepaid: 10 lbs. \$1.75; 25 lbs. \$3.25; 100 lbs. \$15.00.

HANSA

GROOTENDORST

BELLE POITEVIN

Hardy Everblooming ROSES

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double everblooming varieties producing a new race combining the fine vigorous growth of this hardy race with the size and beauty of the everblooming type. Once planted they are permanent, no suckering, pruning or spraying, all they require is to keep the soil worked around them and occasionally a little rotted manure spaded in. They make dense, heavy bushes, 3 to 5 ft. tall, are well supplied with dense, heavy foliage, which is not bothered by mildew or insects.

Hansa One of the finest of the hardy Rugosa Roses, growing a strong healthy bush that bears the large handsome flowers in great profusion. Flowers are large, very full and double and a rich maroon red in color. A bush of these roses is a grand sight when in bud or bloom. Strong Plants: Each 30c.; 3 for 75c.

Sir Thomas Lipton A pure white Rugosa Rose, flowers are very double and borne in profusion throughout the season. A beautiful fragrant rose. Strong 2 yr. plants: Each 30c.; 3 for 75c.

Dwarf or Bush Rambler Rose "F. J. Grootendorst"

A cross between Rugosa and Baby Rambler that blooms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red and very fragrant. The finest rose for a hedge or massing with other roses or shrubs as it is both hardy and everblooming. Select Plants: Each 35c.; 3 for 95c.; 12 for \$3.50.

CLIMBING ROSE--Red Dorothy Perkins

A splendid new climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms which are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attacks. Select 2 yr. Plants: Each 25c.; 3 for 65c.

GOLDEN ROSE OF CHINA

RED DOROTHY PERKINS

"Hugonis" or Golden Rose of China

A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fernlike, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. Strong 2 yr. plants: Each 35c.; 3 for 90c.

SPECIAL OFFER

One Strong 2 yr. Field Grown Plant of each of these Six Fine Roses for \$1.50 Postpaid.
